#167-1-9

30th December, 1925.

Dear Sir,

*Hand to pay
R.D.*

During the summer of 1922 the Crown, as represented by the Superintendent General of Indian Affairs, acquired a vacant parcel of land in the City of North Vancouver, B.C., the taxes being adjusted to the date of the transfer. Subsequently this Department was billed for taxes on the said parcel by the Municipality for the balance of the year on the ground that the rate for taxes for the year was struck in January of 1922 and that taxes are considered as having been imposed on and from the 1st day of January in each year. The Municipality claimed that in view of these circumstances the taxes should be paid for the balance even though for the last half of the year the property was owned by the Crown. The Department gave favourable consideration to these representations and paid the taxes for the balance of the year.

*Recd
June 6/1927
J.B.H.*

We are now in receipt of a letter from the office of the City Solicitor of North Vancouver making claim for further taxes in respect of local improvements giving particulars of the same. He states that he has ascertained that both in Vancouver and Victoria, the Government has always commuted the local improvements and paid the City. He states further that the Government has some special form which it desires to be completed in such cases, which form he thinks is supplied by the Department of Public Works. I am enclosing a copy of the particulars of four Local Improvement Taxes, which the Department is being asked to pay.

a.s.w.

Would you be good enough to advise me as to whether it is the practice in your Department to continue to pay such taxes to a municipality after the property has been acquired in the name of the Crown.

Yours truly,

J.B.Hunter, Esq., B.A.,
Deputy Minister of Public Works,
Ottawa.

I beg to acknowledge receipt of your letter of the 30th ultimo, in reference to the payment of taxes for local improvements in North Vancouver, B.C. In reply I may say that it is customary for this Department to commute such local improvement taxes and I am enclosing special forms used for that purpose. I may say also that it is the practice of the Department to continue to pay for local improvements (not general taxes, however), which may be carried out by the municipality after the property is acquired by the Crown. I would draw attention to the fact, however, that there is no legal obligation on our part in this connection, the matter is wholly at the discretion of the Government.

MEMO. RE - TAXATION OF CROWN PROPERTY

File 1612-23

The exception from taxation of Crown Property is by virtue of section 125 of The British North America Act. The section is imparative in its terms, not permissive, and is based on the theory that property acquired and used in establishing the necessary Public Services of Canada, should not be liable to assessment. These Public Services are established and maintained at the expense of all the people of Canada; this expense is paid from the Consolidated Revenue Fund made up of taxes, direct and indirect, levied on all the rate payers. Since these services are maintained at the expense of the people of Canada, and are primarily for the benefit of all the people of Canada; and secondarily for the benefit of the people of the especial locality in which they are situated; it is neither reasonable nor right that the people of Canada collectively should be assessed or required to pay taxes to the particular locality, secondarily benefitted, on the value of the works and improvements required for that service.

If it be admitted that the Municipality has the right to so tax the Crown, then the greater the value of Public Works and improvements in any city, town or municipality the larger the tax; the result being that the penalty for providing the city, town or municipality with a competent Public Service increases in direct ratio with the cost of the improvements. In other words the greater the benefit conferred on the City, Town or Municipality in this regard the greater the penalty imposed in return by the City, Town or Municipality on the people of Canada.

Having always in mind that the Public Service is established and maintained at the expense of all the people of Canada, and recognizing that the requirements of the Public Service occasion much larger expenditures in Cities and Towns than in Country Districts; the inevitable result follows that the benefits inure more largely to the urban than the rural ratepayer, while the tax is uniform; what then will be the result if the right of the various Civic Municipal bodies to tax Dominion Buildings and improvements be recognized and established? This discrepancy will be largely increased at the expense of the rural population,

Take for example the case of a municipality having no Dominion Public Buildings, as compared with that of a City having expensive Public Buildings; the ratepayers of the Municipality will be taxed not only for the establishment and maintenance of the Public Service in the City; but they will also be taxed in common with all the other ratepayers of Canada, for the exclusive benefit of the City, on the full value of the Dominion Government Buildings there. A double tax on all the ratepayers of Canada with no corresponding benefit to the Municipality in question.

The illustration is of course an extreme case, but the general result will be largely discriminative against the rural population.

No one has ever disputed the right of the individual property owner to deal with his own property as he wished; thereby doing no injury to his immediate neighbors.

MEMO. RE - TAXATION OF CROWN PROPERTY.

The proposition that a ratepayer should be restrained from an investment which may result in loss and the consequent diminution of his assessable property, or from dealing with his real estate in such a manner as may produce a like result, is a novel one and contrary to the reasonable recognition of private rights; the parallel proposition that the Crown should be prevented from, or taxed for, taking over property and improving it with a view to establishing or improving a Public Service, is equally novel and unreasonable; and the further proposition that the Municipality should in both cases, or either case, be reimbursed for the loss of taxes occasioned by the decrease of assessable valuation within the district, is equally unsound, and directly contrary to the spirit and letter of our constitution as expressed in the B.N.A. Act.

In many Cities and Towns in Canada, the Civic Authorities have adopted the expedient of assessing Crown Property under the guise of charges for water and sewerage services, fire protection, etc., and Civic By-laws have been adopted declaring in effect, that the impost is a fee for the respective services, not a tax; notwithstanding the fact that the amount is based on the assessable valuation of the Crown Property, in the City or Town.

In my opinion this is a direct violation of both the letter and spirit of section 125 of the B.N.A. Act, and as I have already pointed out an unfair discrimination against the rural population of CANADA.

By the same methods, if recognized or approved by the Crown, this doctrine may be applied to every Civic Service, maintained for the benefit of owners of property, within any City or Town; with the result that Section 125 of the B.N.A. Act will become in effect repealed by Civic by-laws.

In my opinion a tax is levied in all cases where the impost is based on the assessable value of the Crown Property instead of the commercial value of the thing supplied, and should be met in cases of water supply to Public Buildings particularly by expropriation proceedings covering the service pipes and casements, required by the Crown, the Exchequer Court being asked to assess damages therefor based on the cost of water per gallon; as established by the cost of constructing and maintaining the water works.

Respectfully submitted,

(Sgd) T.J. Carter,
Departmental Solicitor, P.W.D.

MEMORANDUM FOR FILE:

In case of further investigation into the charges for local improvements in connection with our property in North Vancouver, (Squamish Indian Residential School) it might be advisable to ask the Public Works to have their local district resident engineer prepare a site plan showing the size and area of our property and the municipal improvements adjoining it. We would have to submit with our request the description of the parcel. (In connection with the correspondence with the Corporation of North Vancouver and concerning the completion of the forms provided by the Public Works Department, help can be secured from Mr. D. A. Hewitt, Telephone Hunter 257).

EXD

Ottawa, January 12, 1926.

Dear Mr. Gray:

I have your letter of the 12th ultimo, requesting this Department to commute the costs of local improvements affecting Block 123, District Lot 271, City of North Vancouver. I understand that it is the practice of certain federal government departments to give some consideration in similar cases and I have enclosed forms in triplicate, which should be properly completed by officers of the Corporation. These should be returned, in duplicate, for our further attention.

I should be grateful if you would ask the City Clerk to inform me if sewer connections have been made into our property, and, if so, to indicate the character, size and cost.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Ottawa, June 23, 1926.

Dear Sir:

Paid June 6/27 AM

I have received the enclosed account for taxes, 1922 to 1926 inclusive, on Block 123, District Lot 271, City of North Vancouver. In official letter to you of August first, last, this Department agreed to pay the balance of the taxes for the year 1922, amounting to \$781.01. However, I am not in a position as yet to decide what local improvement taxes will be acknowledged by the Department. It was my intention to commute these and make one payment and I wish to point out that I have been in communication with Mr. A. Aitken Gray, City Solicitor for your corporation, with this end in view. Please get in touch with Mr. Gray and suggest that he reply to my letter of January 12th, last, and return, properly completed in duplicate, the forms which I directed to him. Further, I should like to know what sewer connections, if any, have been made into our property. The character, size and cost of the connections should be indicated.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Ottawa, January 13, 1927.

Sir:

I have your No. 1/101 of the 4th instant, enclosing assessment notice for 1927 in connection with Block 69, District Lot 271, City of North Vancouver, which property is used by the Squamish Indian Residential School. I note that the assessment reads, -

"Total Value of Land, \$26,000"

"Value of Improvements, \$500, \$10,000 and \$2,000".

It appears that the total assessment may be \$38,500.

I should be grateful if you would see the Assessor without delay and ascertain just what the assessment for 1927 is to be. I wish to point out that the property has been assessed at \$26,000, only, for some years, and the taxes paid on that basis. If it is not the intention to assess the Department at the same rate as heretofore, please send me a night letter in explanation, as appeals against assessment must be made in writing ten days before the first sitting of the Court of Revision on the 8th of February.

I am enclosing the assessment notice.

Sir:

I beg to acknowledge receipt of Departmental letter No. 167-1-9, dated Jan. 13th, which was received yesterday, the same having reference to the assessment on the property which was in use by the Squamish Indian Residential School, by the Municipal Corporation of North Vancouver.

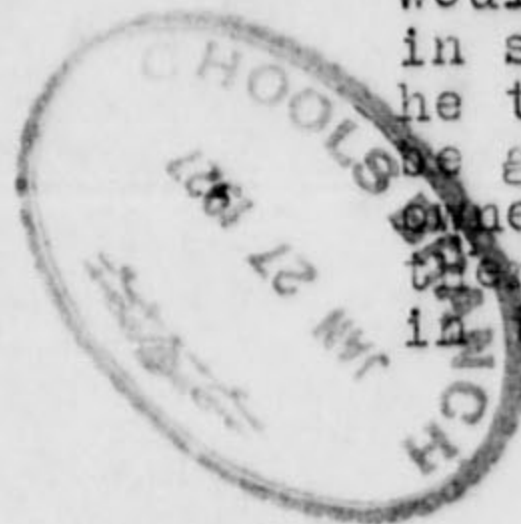

Ack with thanks

I proceeded at once to North Vancouver, and interviewed Mr. Archibald, City Clerk, as the assessor was not personally at his office. I was informed by Mr. Archibald that up to the present moment the Corporation has never put a tax on improvements and that there was no likelihood that such a course would be resorted to this year, and that in such an event happening in the future he thought that sufficient notice would be given by the Corporation to property owners in the Municipality. It was, therefore, not necessary to wire you in this matter.

Dear Sir:-

Re:-Block 123, D. L. 271 - Your file
167-1-9.

You will remember that there was some correspondence between us some time ago on the above matter and finally it was suggested that you might make some arrangement as to payment of local improvement charges and send me the necessary forms for completion.

There has been some delay on this matter owing to the Treasurer and the Auditor being unable to agree with your figures. Our sinking fund is based at a 5% rate and you have computed your figures at a 6% rate. It is true that the bonds bear interest at 6% but as a matter of fact our sinking fund rate as I have stated is 5. In other words you are computing the present value of \$1.00 at 4½% whereas the City officials think this should be at a 5½%.

The difference, however, only amounts to \$500.00 on the whole transaction and I have been successful, at the last Council meeting, in having the forms signed on your basis, so as to get this matter settled.

I have pleasure in enclosing herewith forms, marked by you "A", "B", "C" and "D" each in triplicate and duly authenticated by the proper officers.

There is one other matter, which apparently has never been settled.

The owner, Marie Chaminade only paid a portion of the 1922 taxes; the idea being, I think, that she paid the amount apportioned to the date you took over the property. This, of course, is not in accordance with our act, as used. Taxes are levied and must be paid by the person assessed.

I believe, Mr. J. W. de B. Farris has, from time to

time given the Dominion Government advice. He is recognised as one of the ablest lawyers in B. C. and he agrees with me in my interpretation of our Municipal Act.

This, of course, will not affect you but I wish to make it quite clear that the settlement we now make with regard to local improvement is not to be taken as a ~~relinquishment~~ by the City of its claim against Marie Chaminade for the balance of the 1922 taxes or a ~~relinquishment~~ of its claim against the land.

I shall be glad if you will get the local improvement matter settled as soon as possible and forward a cheque.

Again thanking you for your help in this matter,

I remain,

Yours truly,

Sir:

I am directed to acknowledge your letter of the 21st ultimo, with enclosures, with reference to local improvement charges on Block 123, D. L. 271, City of North Vancouver. Before an adjustment can be made, it will be necessary for me to know what sewer connections, if any, have been made into our property. The character, size and cost of the connections should be indicated. Upon receipt of your reply, immediate consideration will be given.

Dear Mr. Hunter:

For some months I have been in correspondence with the Corporation of the City of North Vancouver, with reference to the commutation of local improvement rates in connection with Block 123, District Lot 271, Registered Plan 750 - which property was acquired by the Department in 1922. All taxes have been paid up to and including December 31, 1922. Your office has already supplied forms, which have been directed to the Corporation for proper completion.

Certain information is still required and I am enclosing four schedules and blue print of the site, with the request that you have your District Resident Architect supply the necessary information and certify to the accuracy of the schedules. It might be well to arrange the commutation of rates as on the first of January, 1928. You will note that the schedules at present are completed for a date approximately two years ago.

I should be grateful if you would have your officer prepare revised schedules, in triplicate, for the attention of this Department. I should like to have your opinion, also, as to whether any of the charges are to be disallowed because of non-permanent nature. When you are directing an answering communication, I should like to have the blue print returned for our files.

Dear Sir,-

RE BLOCK 123, D. L. 271, NORTH VANCOUVER

Referring to my conversation with you yesterday, I append below extract from a letter from the First Lutheran Church and the Norwegian Lutheran Mission Home, Vancouver, from the Rev. Overt Skilbred, who is Pastor and Superintendent:--

" A Society is being formed under the name, the "Norsemen Society of B.C." The object of this Society is to aid the immigrants from Norway to become good citizens of the adopted land.

In order to obtain this end, they must be instructed in the language and customs of the new land. It is also necessary to stimulate their spiritual life, that they must continue in the footsteps of their fathers, who have won respect and honor among all the great nations of the world.

It is the purpose of this Society to establish its headquarters in the Province of B.C., at North Vancouver. There are at present over 60 Norwegian families and between two and three hundred individual Norsemen living there. A suitable building is being planned. This will function as a home for the newcomers and other single men who have no home of their own. The building will be arranged similar to those of the Y.M.C.A. The lecture room, or reading room, will hold about 150 people. There will be lodging rooms for about 50 single men.

These are the high spots in our plan and we hope you find that our intent is strictly within the scope of the most helpful undertakings in the upbuilding of a real Canadian Community."

ADDRESS ALL COMMUNICATIONS TO THE COMPANY NOT TO INDIVIDUALS.

You will see from the above the purpose for which the property is proposed to be acquired.

Mr. Skilbred wishes us to ascertain whether the Department would sell this property for \$5,000.00 and what terms could be given for payment. The Purchasers might wish to take up the land a portion at a time, or say one-third when they commence their first block of buildings, and the balance later.

We assume that the Department will allow the usual agents commission to us of 5% on the purchase price.

Your kind consideration and early reply will be much appreciated.

Yours faithfully,

Ottawa, January 3, 1928.

Sir,-

In reply to your letter of the 23rd ultimo, inclosing one received from the Financiers Trust Company, of Vancouver, with reference to Block 123, D. L. 271, North Vancouver, I have to advise that our plans appear to indicate that this block is not Indian property, and the Department is, therefore, not in a position to give the matter consideration.

Your obedient Servant,

A. F. MacKenzie.
Acting Assistant Deputy & Secretary.

BY-LAW NO. 204.

THE CORPORATION OF THE CITY OF
NORTH VANCOUVER.

A BY-LAW

to provide for borrowing Six
Thousand, Six Hundred and Eighty-
three Dollars (\$6,683.00) to pay
for the construction of the asphalt
Macadam roadway on MAHON AVENUE
from the North side of Third Street
to the South side of Thirteenth
Street.

WHEREAS pursuant to Construction By-law number 526, passed
on the 28th day of August, 1922, an Asphalt Macadam Roadway has
been constructed on Mahon Avenue from the North side of Third
Street to the South side of Thirteenth Street as a local improve-
ment, under the provisions of the "Local Improvement Act:"

AND WHEREAS the total cost of the work is Six Thousand,
Six Hundred and Eighty-three (\$6,683.00) Dollars, of which Two
Thousand and Eighty-three (\$2,083.00) Dollars is the Corporation's
portion of the cost and Four Thousand, Six Hundred (\$4,600.00)
Dollars is the Owners' portion of the cost, for which a special
assessment roll has been duly made and certified:

AND WHEREAS the estimated lifetime of the work is eleven
years:

AND WHEREAS it is necessary to borrow the said sum of Six
Thousand, Six Hundred and Eighty-three (\$6,683.00) Dollars on the
credit of the Corporation and to issue Debentures therefor, pay-
able within Ten (10) years from the date of the issue thereof,
and bearing interest at the rate of Six per cent (6%) per annum,
which is the amount of the debt intended to be created by this
By-law;

AND WHEREAS it will be necessary to raise annually Five
Hundred and Seventy Dollars and Forty-four cents (\$570.44) for
the payment of the debt, and Four Hundred Dollars and Ninety-
eight cents (\$400.98) for the payment of the interest thereon,

making in all Nine Hundred and Seventy-one Dollars and Forty-two cents (\$971.42) to be raised annually for the payment of the debt and interest, of which Three Hundred and Two Dollars and Fifty-five cents (\$302.55) is required to pay the Corporation's portion of the cost and interest thereon, and Six Hundred and Sixty-eight Dollars and Eighty-seven cents (\$668.87) is required to pay the Owners' portion of the cost and the interest thereon;

AND WHEREAS the whole rateable land and improvements in the said City according to the last revised assessment roll is Twelve Million, Four Hundred and Thirty-nine Thousand, Two Hundred and Eighty-five (\$12,439,285.00) Dollars;

AND WHEREAS the aggregate of the debenture debt of the Municipality (except for works of local improvement and school purposes), including the loan hereby authorized, amounts to Two Million, Three Hundred and Forty-one Thousand, Three Hundred and Ninety-one (\$2,341,391.00) Dollars, and the assessed value of the land and improvements within the Municipality, according to the last revised assessment roll, is Fourteen Million, Seven Hundred and Fifty-nine Thousand, Six Hundred and Fifty-five (\$14,759,655.00) Dollars and the value of the water and transportation systems owned by and constructed or purchased at the expense of the Municipality as a whole, such value being determined by the cost of such systems, less such amounts as are allowed by the Auditor from time to time, for depreciation, is Eight Hundred and Thirty-four Thousand and Eight (\$834,008.00) Dollars;

THEREFORE the Municipal Council of the Corporation of the City of North Vancouver enacts as follows:-

1. It shall be lawful for the Mayor and City Clerk of the City of North Vancouver for the purpose aforesaid to borrow or raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the said Corporation, a sum of money not exceeding in the whole Six Thousand, Six Hundred and Eighty-three (\$6,683.00) Dollars;

2. Debentures of said City to the amount of Six Thousand, Six Hundred and Eighty-three (\$6,683.00) Dollars in the whole may be issued by the Mayor and City Clerk of the said City of North Vancouver in such sums as may be desired, and the City Clerk shall attach thereto the Corporate Seal of the said Corporation.

3. The said debentures shall all bear the same date and shall be issued within Six (6) months after the date on which this By-law is passed and may bear any date within such Six (6) months and shall be repayable within Ten (10) years after the date thereof.

4. The said debentures shall bear interest at the rate of Six (6%) per cent per annum, payable half-yearly in each and every year during the currency of the said debentures or any of them. There shall be attached to each of the said debentures, coupons signed by the Mayor of the City only, for each and every payment of interest which may become due, and such signature may be written, stamped, printed or lithographed.

5. The said debentures shall as to principal and interest be payable in the currency of the Dominion of Canada and shall be payable as to both principal and interest at the principal office of The Royal Bank of Canada in the City of North Vancouver, the City of Montreal, or the City of Toronto, Canada.

6. During ten years - the currency of the Debentures - Five Hundred and Seventy Dollars and Forty-four cents (\$570.44) shall be raised annually to form a sinking fund for the payment of the debt, and Four Hundred Dollars and Ninety-eight cents (\$400.98) shall be raised annually for the payment of the interest thereon, making in all Nine Hundred and Seventy-one Dollars and Forty-two cents (\$971.42) to be raised annually for payment of the debt and interest as follows:- The sum of Three Hundred and Two Dollars and Fifty-five cents (\$302.55) shall be raised annually for the payment of the Corporation's portion of the cost and the interest thereon, and shall be levied and raised annually by special rate sufficient therefor over and above all other rates on all the rateable property in the Municipality, at the

Local Improvement Debenture By-Law

BY-LAW NO. 171

CITY OF NORTH VANCOUVER LOCAL IMPROVEMENT DEBENTURE BY-LAW

A BY-LAW to provide for borrowing \$17,470 upon the Debentures to pay for the construction of an 8-inch Sanitary Sewer with private drain connections on Fourth Street from the Sewer in the lane 135 feet West of Lonsdale Avenue to the main Sewer on Forbes Avenue.

WHEREAS pursuant to Construction By-law No. 151, passed on the 14th day of April, 1914, an 8-inch Sanitary Sewer with private drain connections has been constructed on Fourth Street from the Sewer in the lane 135 feet West of Lonsdale Avenue to the main Sewer on Forbes Avenue as a local improvement under the provisions of the Local Improvement Act.

AND WHEREAS the total cost of the work is \$17,470, of which \$1,651.42 is the Corporation's portion of the cost and \$15,818.58 is the owner's portion of the cost for which a Special Assessment Roll has been duly made and certified.

AND WHEREAS the estimated life-time of the work is thirty-two years.

AND WHEREAS it is necessary to borrow the said sum of \$17,470 on the credit of the Corporation and to issue Debentures therefor, payable within thirty years from the time of the issue thereof and bearing interest at the rate of six per cent. (6%) per annum, which is the amount of the debt intended to be created by this By-law.

AND WHEREAS it will be necessary to raise annually \$338.41 for the payment of the debt and \$1,048.19 for the payment of the interest thereon, making in all \$1,386.60 to be raised annually for the payment of the debt and interest, of which \$131.06 is required to pay the Corporation's portion of the cost and the interest thereon, and \$1,255.54 is required to pay the owner's portion of the cost and the interest thereon.

AND WHEREAS the amount of the whole ratable property of the Municipality according to the last revised Assessment Roll is \$15,686,850.

AND WHEREAS the amount of the existing Debenture debt of the Corporation, exclusive of local improvement debts secured by special rates or assessments, is \$1,823,079.

THEREFORE the Municipal Council of the Corporation of the City of North Vancouver enacts as follows:

1. That for the purpose aforesaid there shall be borrowed on the credit of the Corporation at large, the sum of Seventeen thousand four hundred and seventy (\$17,470.00) Dollars, and Debentures shall be issued therefore in sums of not less than One hundred (\$100.00) Dollars each, which shall have Coupons attached thereto for the payment of the interest.

2. The Debentures shall all bear the same date and shall be issued within two years after the day on which this By-law is passed, and may bear any date within such two years and shall be payable within thirty (30) years after the time when the same are issued.

3. The Debentures shall bear interest at the rate of six per cent. (6%) per annum, payable half yearly and as to both principal and interest may be expressed in Canadian currency or sterling money of Great Britain at the rate of £1 sterling for each \$4.86 2-3 and may be payable at any place or places in Canada, Great Britain or the United States of America.

4. The Mayor of the Corporation

shall sign and issue the Debentures and interest Coupons, and the same shall also be signed by the Treasurer of the Corporation, but the signatures on the Coupons may be lithographed and the Debentures shall be sealed with the Seal of the Corporation.

5. During thirty years, the currency of the Debentures, \$338.41 shall be raised annually to form a sinking fund for the payment of the debt and \$1,048.19 shall be raised annually for the payment of the interest thereon, making in all \$1,386.60 to be raised annually for the payment of the debt and interest as follows:

The sum of \$131.06 shall be raised annually for the payment of the Corporation's portion of the cost and the interest thereon, and shall be levied and raised annually by a special rate sufficient therefor, over and above all other rates, on all the ratable property in the Municipality at the same time and in the same manner as other rates.

For the payment of the owner's portion of the cost and the interest thereon the special assessment set forth in the said Special Assessment Roll is hereby imposed upon the lands liable therefor as therein set forth: which said Special Assessment, with a sum sufficient to cover interest thereon at the rate aforesaid, shall be payable in thirty equal annual instalments of \$1,255.54 each, and for that purpose the special annual rates per foot frontage set forth in Schedule 1 hereto attached are hereby imposed upon the lots entered in the said special assessment roll, according to the assessed frontage thereof over and above all other rates and taxes, and the said special rates shall be collected annually by the Collector of taxes for the Corporation at the same time and in the same manner as other rates.

6. All money arising from the said special rates or from the commutation thereof not immediately required for the payment of interest shall be invested as required by law.

7. The Debentures may contain any clause providing for the registration thereof authorized by any Statute relating to Municipal Debentures in force at the time of the issue thereof.

8. The amount of the loan authorized by this By-law may be consolidated with the amount of any loans authorized by other local improvement By-laws, by including the same with such other loans in a Consolidating By-law authorizing the borrowing of the aggregate thereof as one loan, and the issue of Debentures for such loan in one consecutive issue, pursuant to the provisions of the Statute in that behalf.

9. This By-law shall take effect on the day of the final passing thereof.

Passed by the Council on the 8th day of March, 1915.

Reconsidered, finally adopted, signed by the Mayor and Clerk, sealed with the Corporate Seal on the 10th day of March, 1915.

Sgt. *Henry B. Hanes*
Mayor.

DEPARTMENT OF PUBLIC WORKS,
CANADA.
DISTRICT RESIDENT ARCHITECT'S OFFICE.

Victoria, B.C., February 8th, 1928.

Mr. T. W. Fuller,
Chief Architect,
Dept. Public Works,
Ottawa.

Dear Sir:-

Re:- North Vancouver, B.C.
Site, Dept. of Indian Affairs,
Local Improvement Rates.

I beg to acknowledge the receipt of your letter of the 2nd instant, informing me of an alternative way of obtaining particulars regarding local assessment rates when there is any difficulty in obtaining them from the Municipal Officer.

In the present case the difficulty was on account of the change of officials, the City Clerk of North Vancouver having been relieved of his position and a new Clerk appointed, the latter no doubt found difficulty in straightening matters out in his office.

I am pleased to be able to report that I have now received the schedules of assessments and local improvement rates for the various works as under.

Sanitary Sewer.....	\$2,628.97
Sanitary Sewers.....	459.35
Permanent Grading.....	316.11
Asphalt Macadam Pavement.....	300.87

Attached to each schedule you will find a copy of the By-law under which the local improvement was constructed, either typewritten or printed, three copies of an account for each improvement, the schedules have been duly signed and the accounts certified, and a blue print of Block 123 bounded by Fourth, Fifth, Sixth and Mahon Streets.

Please note that in the case of the Forbes Street grading there is the letter of the City Engineer, stating that such is a permanent improvement work.

Yours faithfully,

In reply to your letter of the 21st October, 1927, in which you forwarded particulars of the claim from the Corporation of the City of North Vancouver, B.C., for permanent local improvement works, that they might be properly rendered and certified, I desire to say that the Chief Architect reports that he received from the District Resident Architect at Victoria, B.C., a full report, as well as:-

Copies of each by-law.
Municipal Accounts, in triplicate, for each local improvement.
Detailed schedules of rates on Departmental forms.

These are fully certified by Mr. J. G. Brown, District Resident Architect for British Columbia, and have been examined and certified by Mr. D. A. Hewitt, Appraisal Architect.

The following is a list of the various works.

Ottawa, August 26, 1924.

Reverend and dear Sister:

(See file 153-1-1)

Sister Theresine, the Superior General of the Sisters of Child Jesus, has asked me to write to you with reference to Block 123, District Lot 271, in the City of North Vancouver, which property was acquired by the Crown in 1922. If you refer to your letter to Commissioner Ditchburn of May 8, 1922, you will understand that the Department feels free to dispose of the property in the open market when it is no longer required by the Squamish Indian Residential School. In the correspondence with Rev. Father Guy, of Ottawa, and Very Rev. Father Welch, of New Westminster, there is no suggestion that the land be eventually returned to the Sisters.

167-1-9
Apr 5/23

The City Solicitor for North Vancouver communicated with the Minister of Justice, concerning the transfer of this particular block. He asked that the Department of Justice enquire if the transaction was for the express intention of evading payment of the taxes and, if so, to have the land returned to the actual owners. I assured the Department of Justice at that time that the title for Block 123 was in the Crown and when the property was no longer necessary for our educational work, it would be publicly sold and the proceeds considered as public moneys.

Yours very truly,

Duncan C. Scott

Squamish Indian reserve, No. I.
North Vancouver, B.C. Mar. 21-28

Dr. Duncan C. Scott.
Deputy Superintendent General.
Ottawa, Canada.

Dear Dr. Scott;

I take the liberty to make application on behalf of the boys of the Squamish residential school at the solicitation of their teacher, for a grant of \$90.00, for grading their proposed play ground situate on that parcel of land close to the school property which your department a few years ago purchased, in order that it may not be sold for taxes.

As you know the school property proper is small, and there is no place in it big enough for the boys attending the school to use for baseball, football and other athletic endeavor. In years gone by they used to use a field on this reserve, but a good portion of that is now occupied by the combined auditorium and manual training building which is now completed, the natural result is that the boys, (especially) and the girls have not a big enough place for muscular relaxation, which is a necessity in connection with any institution of learning. The boys of their own volition with their teacher have slashed a big enough place on the Indian Department property, for them to play on, but it requires grading, the stumps, although small would have to be pulled, the ground plowed, and then scooped so as to be made level as their a small ravine to be filled, which is now partly filled with the limbs of the trees now slashed.

Recently I asked a white man who owns a team of horses and who does that work, as what it would cost, to grade it, and he said it would cost \$90.00. The sisters evidently are afraid to ask for this grant since it is hardly connected with matters of study, then the boys teacher and the boys, with the desire of having a playing field tried to get one, by slashing the property but they later found out that the task was too great for them in that they could not do work, that only a team of horses with the necessary implements can do. So the asked me to make an appeal to you, to come to their assistance and I hope you will agree with me that a playing field is a necessity to the good conduct of the boys of a school of learning.

2.

I brought this matter to the attention of our Indian Agent Mr.C.C.Perry and asked him to ask the Department to make this grant, but his reply was that while he was not opposed to the boys having a playing field, he was reluctant to make the application as he knew that the Department had been asked to sell the property in question, and he did not know of the present position of that land. I told him that before the Department sold that land the Squamish Indians should have an opportunity to also acquire it.

The real position at present is that there not a place big enough adjoining the school for the children to play on, and for \$90.00 spent in grading they could have a playing field, at the same time the Department would add to the value of the land by having it cleared and graded, the boys have already done very valuable work in slashing it.

Not being so old, and still have recollections of the time when I used to enjoy to play like those boys at present attending the school, I am in sympathy with them, in their need for a playing field, and I heartily endorse their request, if you will be good enough to have some regard for my recommendation, I trust that you will grant this prayer of boys who do not know how or who to ask, but who dearly love to have a playing field, so much so, that they have spent their recreation hours, clearing this land, instead of playing at their games,. Spring is here now, and summer will soon be at hand and the grading of this property can not be too soon in the opinion of the boys, of the Squamish residential school and fully endorsed by,

Very respectfully yours

Andrew Paull

P.S.I am not asking that this be charged to Squamish funds, but from departmental funds. A.P.

Sir:

I am directed to acknowledge your letter of the 21st ultimo, addressed to Dr. Scott, who is at present on holiday.

I am writing to Mr. Indian Agent Perry, authorizing him to arrange for the grading of the lot which the Department holds for the use of the Squamish Indian Residential School. It is possible that Mr. Perry will get in touch with you in connection with the offer you have received for the work.

Mr. Andrew Paull has urged the Department to level Block No. 123, District Lot 271, which is held by the Department for the use of the Squamish Indian Residential School. It is proposed to make a playground for the use of the pupils. Mr. Paull, I understand, has been in touch with a contractor who would do the work for \$90. You might see him and make the best arrangements possible. I believe it advisable for the children at this school to have a suitable playground. The cost will be met from Parliamentary Appropriation for Indian Education.

Dear Dr. Scott:

Acting on your instructions I visited the Capilano district in company with Mr. Inspector Cairns for the purpose of examining the area of land owned by the Reverend Sisters at North Vancouver and offered by them for sale to the Department as a suitable site for a proposed new boarding school. Mr. Cairns and I were accompanied by Mr. Germain, who is attached to the boarding school, and we made an inspection of the property together. We were all of the opinion that the site would not be at all suitable for the purpose mentioned. The land is poor, gravelly, covered with stones and badly broken up. The clearing of deadfall and other thick growth would also be very expensive. After looking over the land we returned to the school where we discussed the situation with Rev. Sister Alix and Rev. Sister Aronome, the former appearing to know nothing about the condition of the land and the latter stating that the primary object in asking the Department to purchase the area was to get rid of the land and obtain if possible a return to them of an investment on the same of approximately \$16,000.00. These Sisters have carried this land since about 1911, paying taxes thereon, and it is our opinion that they were badly misled as to the quality and fitness of the land for their purposes at the time it was sold to them. We advised the Sisters that the best test of the value of this land would be to advertise the same for sale and see what offers they would get for it in that way.

It occurred to us whilst discussing the situation that a possible solution of the school problem at North Vancouver might be:-

1. The acquirement by the Department of the present site of the Squamish Residential School with its orchard, garden and other improvements.
2. The creation of a block of land for school purposes of approximately twenty acres by adding to the existing school property the block which the Department purchased some years ago from the Sisters to relieve them from the burden of taxation and the acquirement of an additional strip of land by purchase from the Squamish Indians in the Mission Reserve No.1. adjoining the present school site.

Were it not for the fact that the Department

If, however, the Department would care to reconsider this phase of the matter, I shall be glad to ascertain all the details necessary in this connection and submit the same to you.

We informed the Reverend Sisters that we could not recommend the purchase of their land and although they seemed somewhat disappointed they stated that they thought our observations quite fair and reasonable.

Sir:

I have the honour to transmit herewith Voucher No. 3497, attached to which is an account of Mr. Ben Kay, 800 - 1st. Street, West, at North Vancouver, B.C., dated November 23rd. for the sum of \$90.00 for work done as arranged by Mr. Andrew Paull, Secretary of the Squamish Council, and myself on block No. 123 D.L. 271, City of North Vancouver, which is the property of the Department and has been partially levelled in order to make a school playground for the pupils of Squamish Indian Residential School. The work charged for in this voucher was authorized by Departmental letter No. 167-1-9, dated April 3rd. 1928.

I would inform the Department that in the course of levelling a spring was encountered which gave Mr. McKay considerable trouble and occasioned difficulty with respect to draining, etc. The appropriation set aside by the Department will be scarcely sufficient to make a good job and it is estimated that additional work can be done advantageously at a further cost of approximately \$35.00 and it is recommended by Mr. Paull and myself that this additional expenditure be authorized.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 23rd instant enclosing a notice to the Department from the City Clerk, North Vancouver, B. In reply I beg to say that as this property is registered in the name of His Majesty the King, as represented by the Superintendent General of Indian Affairs, I am of the opinion that the Department is not liable for the proposed assessment unless it feels favorably inclined to pay the same.

I am attaching hereto for your information copy of a letter I have addressed to Geo. A. Shepherd, Esq., City Clerk, North Vancouver, dealing with this point.

In connection with the above subject I beg to say that the same question arose in 1924 when the Municipal Council of North Vancouver sent taxation notices to this office on account of local improvement work to be done adjacent to the above mentioned property, but I contested the point of the Crown being assessed and the matter was dropped.

I beg to refer to your letter of the 23rd ultimo referring to proposed improvements under the Local Assessment Act, North Vancouver, in connection with Block 123, D.L. 271, Municipality of North Vancouver.

In this connection I beg to say that when writing you on the 29th ultimo I was absolutely correct when I stated this property was not subject to taxation, it being registered in the name of His Majesty the King, but I have learned from the City Solicitor at North Vancouver that our Department has already paid assessments on local improvements surrounding the same Block and, therefore, I am of the opinion that if it has been done in one case it should be done in another. The usual procedure is for the City to file with the District Resident Architect of Victoria, certain prescribed forms duly certified and the Dominion Government, through which ever Department is affected, then commutes the local improvement charges and pays the City.

In view of this I have obtained the necessary forms from the District Resident Architect and I have forwarded the same over to the City Solicitor at North Vancouver in order that they may be properly filled out.

I understand also from the office of the District Resident Architect that the policy of the Dominion Government is that as a matter of grace it will pay all local improvement assessments on property held by the Crown.

Dear Madam:-

Re School Project

In furtherance of our several conversations and visits to the properties in question, and your desire for my views in writing, I herewith give you same.

Re School adjacent to Indian Reserve.

I understand the Indian Department desires to build to give more and better accommodation to the Indian children of school age, having in view the acquiring of land adjacent to the present school. Personally, I do not think that this would be advisable, for the following reasons:

1. That although the Inlet separates the City of Vancouver from North Vancouver, yet from a commercial and shipping standpoint they are one. As Vancouver advances, so will the North side advance. All foreshore from the First Narrows - both sides of Burrard Inlet - to Port Moody will be utilized before long, and come under the control of the Harbour Commissioners.
2. As regards a school of this nature, you ought to have a large area of ground for playgrounds and for general farm use and the Indian Reserve is not suitable. This site will most certainly be purchased for industrial purposes very soon.

Re Acreage at Capilano

In company with Mr. Astbury we made two trips and viewed the ground, and whilst we did not cover all of it we got a fair idea of its layout.

Whilst there are stones of various size upon it, still they are loose. The ground is of a black sandy loam nature and is sloping more or less from the North to the South. I am informed that there are about fourteen acres

in the two pieces, and this I think should be enough to place a school upon, such as the one you now have at North Vancouver.

Whilst the clearing might cost two or three hundred dollars per acre, still as you stated that you would give the land free to the Department of Indian Affairs to build a school upon, it would in my opinion be a good move for the Department to seriously consider this proposition towards taking up your offer.

Yours truly,

Duncan Campbell Scott, Esq.
Deputy Superintendent General of Indian Affairs,
Ottawa.

Dear Mr. Scott,

I know you will not mind my taking the liberty of calling to your attention the plight of the good Sisters of the Child Jesus, at North Vancouver, B. C., in the hope that you may see fit to investigate the problems now confronting them, and ask you for them, what Government assistance may be possible, to which they may appear to be entitled.

Rev. Mother Theresine, who is now the Superior General of the Order in France, has spent many years working for the Indian children in the various schools in British Columbia. Rev. Mother Aimee, as Provincial head of the Order, as you are well aware, Mr. Scott, has spent the last thirty years of her life in the service of educating and rearing Indian children at the excellent school maintained by the Sisters at North Vancouver.

The work which has been carried on during that time, is, as you know, invaluable, and I am sure that the Indian Department wishes it to be continued. At the present time the Sisters find it necessary to provide new living quarters for themselves, as the old building is in a state of total dis-repair, and in any event has been far too small for the past few years.

I do hope, dear Mr. Scott, that some assistance will be given these good Sisters, and I am glad to make use of this opportunity to thank you again for all your kind favors of the past, to me in the work of Indian Education in which I took so much interest.

Should this request be given any consideration, I shall as well as these good Sisters, feel deeply grateful for your kind interest.

Most respectfully yours,

Sister Justina

Dear Sister Justinian:

I have your letter of the 23rd ultimo, with reference to a new main building for the Squamish Indian Residential School. There are many pressing claims on the Appropriation for Indian Education and, at the present time, I do not know when it will be possible to give assistance. In fact, the Department has not learned what the future holds for this institution. It is very doubtful if it should remain where it is, as there is not sufficient land for gardening and a milch herd. I feel that, if the Squamish Boarding School is to be continued, a new site should be found.

Yours very truly,

 Duncan C. Scott

MEMO FOR FILE:

Reverend Mother Theresine, Superior General of the Sisters of the Child Jesus, from France, visited the Department today, with reference to the future of the Squamish Indian Boarding School. The Order would be very grateful if the Department could investigate conditions, not only on the present site, but the Capilano property, and endeavour to decide what site should be used when the proposed new school is constructed. It was represented that the present site would be retained by the Order for a Provincial House. They would like to see the school built as close as possible to their property.

I promised to write to Sister Mary Amy, the Provincial at North Vancouver and let her know what the Department is doing to arrive at a conclusion. I propose to write to Commissioner Ditchburn, with a view to having him give us a full report after seeing the Sisters.

Dear Sister Mary Amy:

The Very Reverend Mother Theresine, Superior General of the Sisters of the Child Jesus, visited Ottawa recently and asked that we come to a decision, if possible, concerning a site for the future Squamish Indian Residential School. Of course, I do not know when the Department will be in a position to build a new residential school, but there is no reason why we cannot make an effort to determine what site might be used. I understand that your Order would like to know our wishes before deciding the location for your new Provincial Headquarters. I have today written to Mr. Commissioner Ditchburn, asking him to have Mr. Perry make a full report and recommendation in this connection, and I hope to write to you again in the matter in a few weeks.

Yours very truly,

September 23, 1930.

Dear Mr. Ditchburn:

The Superior General of the Sisters of the Child Jesus recently visited the Department and discussed the future of the Squamish Indian Residential School. The Order would be very grateful if the Department could indicate what site they would like to use for the continuance of this work. They are not pressing for immediate reconstruction of the school, but they wish to know our plans, so that they can fix a site for their own Provincial Headquarters. Of course, they would like to have the school as near as possible to their Provincial House.

I have to request that you will have Mr. Perry make a full report and recommendation in this connection. On August 28, 1928, he examined a property in the Capilano district and thought it hardly suitable for residential school purposes. At that time, Mr. Perry recommended using the present site and adding to it from the reserve. It occurs to me that the present property might some day come under the control of a harbour commission, as, no doubt, the north shore will some day be required by shipping interests. It has been hinted that even the Squamish Indian Reserve will be needed for industrial purposes in the not distant future. Please have Mr. Perry give this his attention at his convenience. Of course, he should have a full and frank discussion with Sister Mary Amy, Mother Provincial of the Order in British Columbia.

Yours very truly,

Dear Mr. Hunter:

I am enclosing a voucher, in duplicate, with supporting papers, which refer to the claim of the Corporation of the City of North Vancouver, B. C., for permanent local improvement works in connection with Block 123, District Lot 271, which is owned by this Department. Would you be good enough to have your District Resident Architect certify to this, if correct, and have it examined and certified also by your Appraisal Architect. When you return the voucher to me, I will then consider payment.

Yours very truly,

Encl.

TO WIT:

THE CORPORATION OF THE CITY OF NORTH VANCOUVER

In the matter of By-law No. 1259 of The Corporation of the City of North Vancouver.

I, GEORGE SIMMERS SHEPHERD, of the City of North Vancouver in the Province of British Columbia, do solemnly declare as follows:-

1. That I am the duly appointed Clerk of The Corporation of the City of North Vancouver, and as such have personal knowledge of the matters hereinafter deposed to.

2. That pursuant to Section 29 of the "Health Act" the necessary information regarding said proposed works has been duly filed with the Provincial Board of Health and a provisional certificate regarding the same has been obtained, as required, from the Secretary of the said Board of Health.

3. That the Council of the said Corporation at a meeting thereof regularly called and held on the 5th day of May 1930 decided to undertake as a Local Improvement, the work hereinafter referred to.

4. Now produced and marked as Exhibit "A" and attached hereto is a true and correct copy of By-law No. 1230 including the signatures and Corporate Seal, the said copy having been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 16th day of June 1930.

5. That the said By-law No. 1230 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 7th day of July 1930, and was there and then signed by the Acting Mayor and Clerk and sealed with the Corporate Seal.

6. That on the 10th day of July 1930, the said By-law No. 1230 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing

with the Registrar a true written copy of the said By-law certified by me as Clerk and under the Seal of the City.

7. That the said Council, before passing a By-law for undertaking the work, procured to be made the reports, estimates and statements required to be made under Section 30 of the "Local Improvement Act."

8. That one month's notice of the sittings of the Court of Revision upon the proposed assessment roll, was given by publication of the last mentioned notice in the "North Shore Press" and "The Review" being newspapers circulating within the said City of North Vancouver.

9. That at least one month before the day appointed for the sittings of the said Court of Revision a copy of the last mentioned notice was mailed to the owner of every lot shown in the said Assessment Roll to be specially assessed in respect of the said work of Local Improvement.

10. That the said Special Assessment Roll was kept open for inspection at my office for at least ten days before the day appointed for the sittings of the Court of Revision in respect thereof.

11. That the Court of Revision was duly held on the 23rd day of March 1931, at 10 a.m. at the City Hall, in the said City, for the purpose of hearing complaints against the proposed assessment or the accuracy of frontage measurements and any other complaints which persons interested might desire to make and which were by law cognizable by the Court, and such Court was constituted in the same manner as is provided by Sections 224 to 230 inclusive of the "Municipal Act."

12. Now produced and marked as Exhibit "B" and attached hereto is a true and correct copy of the Certificate attached to the said Assessment Roll by me as Clerk of the said City upon the correction of the said Roll by the Court of Revision.

13. That there were no appeals to a Judge of the Supreme Court or to a County Court Judge having jurisdiction within the Municipality or to a Judge of a County Court, from any decision of the

Court of Revision.

14. Now produced and marked as Exhibit "C" and attached hereto is a true and correct copy of By-law No. 1259 of the said Corporation including the signatures and Corporate Seal, the said copy having been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 20th day of April 1931.

15. That the said By-law No. 1259 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 4th day of May 1931 and was there and then signed by the Acting Mayor and Clerk and sealed with the Corporate Seal.

16. That on the 7th day of May 1931 the said By-law No. 1259 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing with the Registrar a true written copy of the said By-law certified by me as City Clerk and under the Seal of the City.

17. That the amount shown by the said By-law No. 1259 as the Corporation's portion of the cost of the said work of Local Improvement is the true and correct portion of the cost assumed by the said Corporation under Section 21 of the "Local Improvement Act."

18. That the said By-laws numbered 1230 and 1259 have not been repealed or amended, and are now in full force and effect.

19. That no application has been made, action brought or proceeding had, to quash or set aside the said By-law No. 1259 or any part thereof or the assessment imposed thereunder, and I have no reason to expect that any such application will be made and I know of no objection to the validity of the said By-law.

AND I MAKE THIS SOLEMN DECLARATION conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the "Canada Evidence Act."

7. That the said Council, before passing a By-law for undertaking the work, procured to be made the reports, estimates and statements required to be made under Section 30 of the "Local Improvement Act."

8. That one month's notice of the sittings of the Court of Revision upon the proposed assessment roll, was given by publication of the last mentioned notice in the "North Shore Press" and "The Review" being newspapers circulating within the said City of North Vancouver.

9. That at least one month before the day appointed for the sittings of the said Court of Revision a copy of the last mentioned notice was mailed to the owner of every lot shown in the said Assessment Roll to be specially assessed in respect of the said work of Local Improvement.

10. That the said Special Assessment Roll was kept open for inspection at my office for at least ten days before the day appointed for the sittings of the Court of Revision in respect thereof.

11. That the Court of Revision was duly held on the 23rd day of March 1931, at 10 a.m. at the City Hall, in the said City, for the purpose of hearing complaints against the proposed assessment or the accuracy of frontage measurements and any other complaints which persons interested might desire to make and which were by law cognizable by the Court, and such Court was constituted in the same manner as is provided by Sections 224 to 230 inclusive of the "Municipal Act."

12. Now produced and marked as Exhibit "B" and attached hereto is a true and correct copy of the Certificate attached to the said Assessment Roll by me as Clerk of the said City upon the correction of the said Roll by the Court of Revision.

13. That there were no appeals to a Judge of the Supreme Court or to a County Court Judge having jurisdiction within the Municipality or to a Judge of a County Court, from any decision of the

Court of Revision.

14. Now produced and marked as Exhibit "C" and attached hereto is a true and correct copy of By-law No. 1259 of the said Corporation including the signatures and Corporate Seal, the said copy having been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 20th day of April 1931.

15. That the said By-law No. 1259 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 4th day of May 1931 and was there and then signed by the Acting Mayor and Clerk and sealed with the Corporate Seal.

16. That on the 7th day of May 1931 the said By-law No. 1259 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing with the Registrar a true written copy of the said By-law certified by me as City Clerk and under the Seal of the City.

17. That the amount shown by the said By-law No. 1259 as the Corporation's portion of the cost of the said work of Local Improvement is the true and correct portion of the cost assumed by the said Corporation under Section 21 of the "Local Improvement Act."

18. That the said By-laws numbered 1230 and 1259 have not been repealed or amended, and are now in full force and effect.

19. That no application has been made, action brought or proceeding had, to quash or set aside the said By-law No. 1259 or any part thereof or the assessment imposed thereunder, and I have no reason to expect that any such application will be made and I know of no objection to the validity of the said By-law.

AND I MAKE THIS SOLEMN DECLARATION conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the "Canada Evidence Act."

PROVINCE OF BRITISH COLUMBIA

TO WIT:

THE CORPORATION OF THE CITY OF NORTH VANCOUVER

In the matter of By-law No. 1259 of The Corporation of the City of North Vancouver.

I, GEORGE SIMMERS SHEPHERD, of the City of North Vancouver in the Province of British Columbia, do solemnly declare as follows:-

1. That I am the duly appointed Clerk of The Corporation of the City of North Vancouver, and as such have personal knowledge of the matters hereinafter deposed to.

2. That pursuant to Section 29 of the "Health Act" the necessary information regarding said proposed works has been duly filed with the Provincial Board of Health and a provisional certificate regarding the same has been obtained, as required, from the Secretary of the said Board of Health.

3. That the Council of the said Corporation at a meeting thereof regularly called and held on the 5th day of May 1930 decided to undertake as a Local Improvement, the work hereinafter referred to.

4. Now produced and marked as Exhibit "A" and attached hereto is a true and correct copy of By-law No. 1230 including the signatures and Corporate Seal, the said copy having been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 16th day of June 1930.

5. That the said By-law No. 1230 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 7th day of July 1930, and was there and then signed by the Acting Mayor and Clerk and sealed with the Corporate Seal.

6. That on the 10th day of July 1930 the said By-law No. 1230 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing with the Registrar a true written copy of the said By-law certified by me as Clerk and under the seal of the City.

7. That the said Council, before passing a By-law for undertaking the work, procured to be made the reports, estimates, and statements required to be made under Section 30 of the "Local Improvement Act."

8. That one month's notice of the sittings of the Court of Revision upon the proposed Assessment Roll, was given by publication of the last mentioned notice in the "North Shore Press" and "The Review" being newspapers circulating within the said City of North Vancouver.

9. That at least one month before the day appointed for the sittings of the said Court of Revision a copy of the last mentioned notice was mailed to the owner of every lot shown in the said Assessment Roll to be specially assessed in respect of the said work of local improvement.

10. That the said Special Assessment Roll was kept open for inspection at my office for at least ten days before the day appointed for the sittings of the Court of Revision in respect thereof.

11. That the Court of Revision was duly held on the 23rd day of March 1931 at 10 a.m. at the City Hall, in the said City, for the purpose of hearing complaints against the proposed assessment or the accuracy of frontage measurements and any other complaints which persons interested might desire to make and which were by law cognizable by the Court, and such Court was constituted in the same manner as is provided by Sections 224 to 230 inclusive of the "Municipal Act."

12. Now produced and marked as Exhibit "B" and attached hereto is a true and correct copy of the Certificate attached to the said Assessment Roll by me as Clerk of the said City upon the correction of the said Roll by the Court of Revision.

13. That there were no appeals to a Judge of the Supreme Court, or to a County Court Judge having jurisdiction within the Municipality or to a Judge of a County Court, from any decision of the Court of Revision.

14. Now produced and marked as Exhibit "C" and attached hereto is a true and correct copy of By-law No. 1259 of the said Corporation

TO WIT:

THE CORPORATION OF THE CITY OF NORTH VANCOUVER

In the matter of By-law No. 1262 of The Corporation of the City of North Vancouver.

I, GEORGE SIMMERS SHEPHERD, of the City of North Vancouver in the Province of British Columbia, do solemnly declare as follows:-

1. That I am the duly appointed Clerk of The Corporation of the City of North Vancouver, and as such have personal knowledge of the matters hereinafter deposed to.

2. That pursuant to Section 29 of the "Health Act" the Necessary information regarding said proposed works has been duly filed with the Provincial Board of Health and a provisional certificate regarding the same has been obtained, from the Secretary of the said Board of Health, as required.

3. That the Council of the said Corporation at a meeting thereof regularly called and held on the 15th day of April 1929, decided to undertake as a Local Improvement, the work hereinafter referred to.

4. Now produced and marked as Exhibit "A" and attached hereto is a true and correct copy of By-law No. 1114 including the signatures and Corporate Seal, the said copy having been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 6th day of May 1929.

5. That the said By-law No. 1114 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 20th day of May 1929, and was there and then signed by the Mayor and Clerk and sealed with the Corporate Seal.

6. That on the 27th day of May 1929 the said By-law No. 1114 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing with the Registrar a true written copy of the said By-law certified by me as Clerk and under the Seal of the City.

7. That the said Council, before passing a By-law for under-

taking the work, procured to be made the reports, estimates, and statements required to be made under Section 30 of the "Local Improvement Act."

8. That one month's notice of the sittings of the Court of Revision upon the proposed Assessment Roll, was given by publication of the last mentioned notice in the "North Shore Press" and "The Review", being newspapers circulating within the said City of North Vancouver.

9. That at least one month before the day appointed for the sittings of the said Court of Revision a copy of the last mentioned notice was mailed to the owner of every lot shown in the said Assessment Roll to be specially assessed in respect of the said work of local improvement.

10. That the said Special Assessment Roll was kept open for inspection at my office for at least ten days before the day appointed for the sittings of the Court of Revision in respect thereof.

11. That the Court of Revision was duly held on the 23rd day of March 1931 at 10 a.m. at the City Hall, in the said City, for the purpose of hearing complaints against the proposed assessment or the accuracy of frontage measurements and any other complaints which persons interested might desire to make and which were by law cognizable by the Court, and such Court was constituted in the same manner as is provided by Sections 224 to 230 inclusive of the "Municipal Act."

12. Now produced and marked as Exhibit "B" and attached hereto is a true and correct copy of the Certificate attached to the said Assessment Roll by me as Clerk of the said City upon the correction of the said Roll by the Court of Revision.

13. That there were no appeals to a Judge of the Supreme Court, or to a County Court Judge having jurisdiction within the Municipality or to a Judge of a County Court, from any decision of the Court of Revision.

14. Now produced and marked as Exhibit "C" and attached hereto is a true and correct copy of By-law No. 1262 of the said Corporation including the signatures and Corporate Seal, the said copy having

been carefully compared by me with the original By-law, which said By-law was duly passed by the Council of the said Corporation at a meeting thereof regularly called and held on the 20th day of April 1931.

15. That the said By-law No. 1262 was duly reconsidered and finally adopted by the said Council at a meeting thereof regularly called and held on the 4th day of May 1931 and was there and then signed by the Acting Mayor and Clerk and sealed with the Corporate Seal.

16. That on the 7th day of May 1931 the said By-law No. 1262 as reconsidered and finally adopted, was registered in the office of the County Court for the District in which The Corporation of the City of North Vancouver is situate, by depositing with the Registrar a true written copy of the said By-law certified by me as City Clerk and under the Seal of the City.

17. That the amount shown by the said By-law No. 1262 as the Corporation's portion of the cost of the said work of Local Improvement is the true and correct portion of the cost assumed by the said Corporation under Section 21 of the "Local Improvement Act."

18. That the said By-laws numbered 1114 and 1262 have not been repealed or amended, and are now in full force and effect.

19. That no application has been made, action brought or proceeding had, to quash or set aside the said By-law No. 1262 or any part thereof or the assessment imposed thereunder, and I have no reason to expect that any such application will be made and I know of no objection to the validity of the said By-law.

AND I MAKE THIS SOLEMN DECLARATION conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the "Canada Evidence Act."

DECLARED before me at the
City of North Vancouver,

OFFICE OF THE DEPUTY MINISTER
OTTAWA

15th October, 1931.

From:-
The Deputy Minister,
Department of Public Works.

To:-
The Acting Deputy Superintendent General,
Department of Indian Affairs.

With further reference to your letter of the 11th September, 1931 (167-1-9), in regard to the claim of the Corporation of the City of North Vancouver, B.C., for sanitary sewers adjoining Block 123, District Lot #271, the Chief Architect of this Department has sent to the Acting District Resident Architect for British Columbia, for a report upon this subject.

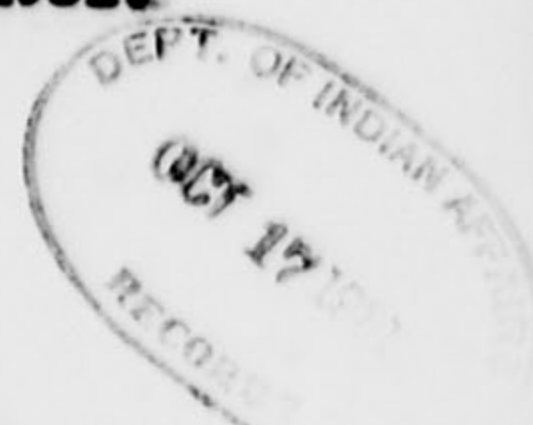

Enclosed are certified accounts, copies of notices and by-laws, and the Acting District Resident Architect, in his letter of the 10th October, states:-

"This property is vacant, and has no sewer connections."

When Crown property is not connected with a sanitary sewer, it is a matter of grace with the Crown whether a claim is paid to the municipality.

The schedules have been examined, and are certified, in a similar manner to claims which have been submitted by cities or towns to this Department, and are forwarded to your Department for such action as you may deem necessary.

October 26, 1931.

Dear Mr. Ball:

I wish to refer to your 2620 of August 14th, last, in connection with local improvements near the vacant property which is used by the Squamish Indian Residential School. The Acting District Resident Architect for the Department of Public Works, who made a report in this matter, states that the property is vacant and has no sewer connections. When Crown property is not connected with a sanitary sewer, it is a matter of grace with the Crown whether a claim is paid to the municipality. The funds at our disposal are so limited, that I regret the Department cannot contribute towards the cost of the recent improvements. You will please so inform the Corporation of the City of North Vancouver.

It may be argued by the Corporation that, in the spring of 1928, the Department commuted the local improvement rates for sanitary sewers, permanent grading and pavement in connection with this same block - 123 D. L. 271. It is true that at that time we paid the City of North Vancouver \$3,705.30. Funds could be found then for the purpose and consequently the claim was dealt with favourably. The Corporation, when considering our present refusal, should remember that, in the past, we have dealt generously with them.

Yours very truly,

Duncan C. Scott

Memorandum:

Honourable Thomas G. Murphy,

Referring to your memorandum of the 16th instant with attached correspondence, I have to say that the lot in question was acquired by His Majesty as represented by the Superintendent General from the Sisters in charge of the Squamish Indian Boarding School, Vancouver, B.C., by instrument dated the 27th day of July, 1922, the consideration being the sum of \$2000, plus arrears of taxes and taxes for the current year to the 1st of August amounting in all to the sum of \$6919.97. The Sisters were unable to meet the increasing burden of taxes and the lot would eventually have been sold for taxes had not the Department taken the action it did to preserve this lot which was considered necessary for proper conduct of the said school. The fee of this lot having passed to the Crown, the lot ceased to be assessable for taxes by the municipality. It was, however, contended by the municipality that while this was the case, taxes are considered to have been imposed on and from the 1st day of January in each year and that the municipality should accordingly receive taxes in respect of this lot for the full year of 1922. After taking the matter up with the Department of Justice, it was decided to pay the taxes for the remainder of the year, which was done.

ASL
In December 1925 the Solicitor of Vancouver wrote the Superintendent General pointing out that upon inquiry he had ascertained that in both Vancouver and Victoria the Dominion

Government had always commuted the local improvements in respect of property held by the Crown and paid the City and the Solicitor at the same time enclosed particulars of local improvements charged against the property in question and asked that the charges for these improvements be commuted. The matter was referred to the Department of Public Works and we were advised by the Acting Deputy Minister that there was no legal obligation, the matter being wholly at the discretion of the Government but that it was not unusual for the Government to pay for local improvements. The improvements in question were subsequently commuted at the sum of \$3705.30 and paid, the amount being available from funds voted by Parliament.

The Department is now being asked to commute the payment for sewers recently constructed which commutation amounts to the sum of \$963.70. The property in question is vacant and has no sewer connections and we are advised by the Deputy Minister of Public Works that under such circumstances it is a matter of grace with the Crown as to whether this is paid to the municipality. Owing to the fact that our estimates are reduced to a minimum no funds are available for the payment of the requested commutation even if we were favorably disposed towards such payment, and as the municipality has no legal claim for such payment I do not see that it has any real grievance. If it is proposed to pay this claim funds will have to be provided by Parliament.

Dear Sir,

The Honourable Dr. MacLaren,
Minister of Pensions and National Health,
referred to me some time ago, your letter of
December 1st with reference to the payment
of some local improvement rates on property
in North Vancouver, used for Indian Residential
School purposes.

I have had an opportunity of
going into this subject very fully with the
Deputy Superintendent General of Indian Affairs,
and regret that I cannot see my way clear to
authorize the payment of \$963.70 claimed by the
municipality in connection with the construction
of a sewer.

Yours very truly,

Sir:-

With reference to Voucher No.5819 for \$1,497.00 in favour of the Corporation of the City of North Vancouver covering taxes for 1932 on District Lot 271, Squamish Indian Residential School, I beg to advise that I have received a statement, which is enclosed herewith, showing a balance still due of \$7.48, the Collector of the City of North Vancouver stating that the cheque received from the Department was for \$1,489.52.

No doubt the amount of \$7.48 is intended to cover the rebate of six per cent. allowed on taxes paid before July 3rd figured from date of payment to July 31st. The Collector states, however, that as the cheque was not received by him until July 18, 1932, no rebate can be allowed.

Ottawa, August 2, 1932.

Sir:

I have your letter of the 22nd ultimo, with reference to the voucher which you submitted in favour of the Corporation of the City of North Vancouver covering taxes for 1932 on District Lot 271, Squamish Indian Residential School, and enclosing a statement for a further payment of \$7.48.

In reply I have to say that on the 1932 Tax Notice which you forwarded with your voucher No. 5819 it was stated that a deduction of 6 percent would be allowed for pre-payment to July 31st, last, and a deduction was made for one month's period to the amount of \$7.48. It is noted that the Collector received our cheque in payment on the 18th ultimo. The Tax Notice stated that if payment was made before July 31st a deduction would be allowed.

On the 12th ultimo, we visited the reserve at Kitsumkalum, situated about three miles from the village. Agent Perry had held a meeting with the Indians about a week previous, at which five Indians were present, and although there are very few Indians living on this reserve, they had several minor matters requiring settlement, which, no doubt, should have been attended to some time ago. The question of the children attending school was discussed, as it would be impossible for the Department to provide a school for the few pupils who might attend, arrangements might be made for the children to attend the public school at Kitsumkalum village.

Sir,-

Mr. Inspector Tyson has written the Department in reference to the attendance at the white school of the Indian children in the Kitsunkalum Village.

I have to ask you to be good enough to take this matter up with the authorities. I may say that the Department is prepared to supply school material for these children and also to pay a reasonable tuition fee. You will be good enough to report upon what terms the white trustees will allow them to attend.

SCHOOL
 APR 18 1899

I beg to inform the Department that the Indians of Afton Reserve are anxious to get a School House build on there Reserve. and are in hopes that the Government will give them one, There is about forty children at present on that Reserve who would attend School if there was one.

There Spiritual adviser are also very anxious that they would get a School, and he would with myself do all he could to see that the School would be properly conducted. There is an Indian a young man attending the high School in Sydney C. B. which I am told would be competent enough to take charge of their School for a few years, and could be got for a reasonable figure, in my opinion he would suit them well as he can talk good English and there own language also.

There is a few children at Pomquette Forks Reserve and at Summer Side Reserve that could attend our School here providing that the Government would give a little extra pay to our Teacher for attending to them, the pay would be according to the number that would attend; also that they would be furnished with a few books. There is one Indian boy coming to School here all winter from Pomquette Forks Reserve. he is getting his School free from us, so far he is doing very well, even

Sir,

I have to acknowledge the receipt of a letter from you of the 15th instant stating that the Indians of Afton Reserve are anxious to have a school house built, and in reply I beg to say that the Department regrets that no funds are available for the purpose of erecting a school house or paying a teacher's salary even if it were thought advisable to comply with their request. The Department sees no reason why the Indian children should not attend the white schools in the neighborhood, upon payment of the usual tuition fee, which the Department would be willing to provide upon receipt of quarterly returns showing the number in attendance at each school. The number of children of school age shown in your Census return for the whole Agency is much less than the number that you claim could attend from three Reserves. The usual tuition grant paid is 50 cents a month per pupil.

SCHOOLS,

JUL 7 1899

Sir

Replying to your favour of the 24th April
No 183163 I beg to state that when taking the
census, I did not go from house to house, but
accepted the information which I received from
Indians whom I casually met and upon this
information, I based my report. at the time I
thought the figures correct, but now after having
made more diligent inquiry and visited the
Reserve for myself I find I was in error,
The number of children who I am assured by many
of them as well as by their parents would take
advantage of the school proposed to be established,
as I stated in my letter of the 14th of April to you
The parents as well as the children seem
very anxious to have the school and surly
the school will be attended.

There is a vacant
house in the Reserve which at a cost of
about \$30.00 could be converted into a
suitable school room. The rental would be but
a trifle, and the expenditure of a school in the
district should be justified by the results expected.
The Indians will not send their children to the white
school because of the distance of the school from them
to begin with, and because of the timidity and shyness of
The Indian child in the presence of the whites.

Afton, Antigonish Co. N. Scotia. March 3^d 1904.

His Excellency, The Governor General in Council.

The memorial of the undersigned, the Afton and Heatherton Band of Mi-Mac Indians, and also of the white residents ratepayers of the adjoining districts, respectfully sheweth:

That the population of the said Indian Band is about 140, and the number of children of school age, that is from 5 to 15 years, is 39.

That these young people are growing up without any schooling, because the Band never had a school of their own, the need of which is felt more and more every year, in view of the progress in that respect made by the white people amongst whom they live.

That your memorialists observe with satisfaction the care and liberality with which the Govt. provide schools for other Bands of Indians in the Counties of Halifax, Pictou, on the Island of Cape Breton and elsewhere.

The undersigned earnestly call your attention to the facts of this case, and bespeak your favorable consideration of the situation and circumstances of this Band, and also hope that you can see your way towards providing a school for them at Afton, the most central and populous of the three Indian Reserves and thus placing them on an equal footing with their brethren elsewhere by having the great benefits of education at the young within their reach.

The Deputy Superintendent General:-

With further reference to the application for the establishment of an Indian school at Afton I beg to say that I consider that it would be a mistake to grant the prayer of the petitioners for the following reasons:-

1. The three small reserves which it is proposed to benefit by opening a school there are so far apart from each other that the same objection of distance would hold good against either locality, while Heatherton, where there is a white school, is between Pomquette and Afton, and Summerside (the other reserve) is only a short distance north of it. The Census gives the population of these reserves as 149. Summerside, containing 100 acres, , , , , , 22 Indians Afton, 2 reserves, 160 acres and 245 acres, , , , 78 " Pomquette, 120 acres, , , , , , 49 "

The number of school children stated in the petition is correct, -about 39.

2. You will see from the foregoing that although the Indians live in separate communities on their reserves, their livelihood is not dependant on the soil. They have to gain their living with or for the whites, and the sooner their children are brought up amongst them and learn the English language the better for their future prospects. As I said

Indian Affairs. (RG 10, Volume 6043, file 250-1, part 1)

before, there is a white school at Heatherton, which is centrally located and I am sure some suitable arrangement could be made with the Trustees, as is done in other places, for the admission of Indian children.

3. With regard to the prejudice of the Indians against sending their children to white schools, the sooner the Department, the sooner they are helped to overcome this bias the better. That all the Indians are not so prejudiced so will see from Mr Agent McDonald's letter of 18th April 1899, where he recommends the appointment of a young Indian to take charge of a school then proposed who had received his education at the white public school.

4. The only teacher we could get for such a school as is proposed would be an Indian, and our experience of Indian teachers in Nova Scotia has been anything but satisfactory.

5. I consider that the results likely to be obtained from the establishment of such a school would never justify the outlay and if the Indians wish to have their children educated they should have taken advantage of the offer made them some time and sent their children to the white schools.

Ottawa, April 2nd, 1904.

Dear Mr. McIsaac,

Referring to your favour of the 22nd ultimo, forwarding a petition for the establishment of a school for the children of the Mic-mac Indians of the Afton and Heatherton Bands, I beg to say that a similar request was received some years ago but the Department was of opinion that if the Indians were as anxious to have their children educated as they appeared to be they might make an effort to send them to neighboring white schools where their tuition would be paid.

The position of affairs in that district is that we have three reserves, Summerside, containing 100 acres, 22 Indians,

Afton, 2 reserves, 160 and 345 acres, 78 Indians

Ponquette, 120 acres, 49 Indians.

The number of school children is, as stated in the petition, 39. At Heatherton, which is between Ponquette and Afton, there is a white school, while Summerside is only a short distance north of it.

with enclosure duly received.

As I say I may say that the application for the Indian School originated this time with John Stephen Hardy appointed Chief. I may say further that were I very competent that the Indian children would avail themselves of the school when established. It would be more urgent in pressing for it. The fact is, that the material which the Indians use in their work - and which is their chief means of support, is so scarce for miles around here that they have to pass the greater part of the year unemployed with their families miles inland in various directions and the question is, what efforts would they put forth to enable their children to attend school.

In order to be quite candid, I refer to this difficulty as I would not care to be the means of inducing any Govt. to incur hundreds of dollars of expense that might possibly be found to be of no good to any one. In any case, it is certain that the Indian children can not be persuaded to attend the actual schools. Even were the whites disposed to welcome them there, I think the Indian children are of a timid diffident disposition. In competition with the whites, even in the matter of outfit and clothing, they feel their inferiority. In the past years, I have tried again and again to get them to come to school, but without success except two for a few months. It is pretty certain therefore that a school of their own is the only means of preventing the Indian children from growing up in ignorance in the future as in the past.

257603

Were the Govt. at all disposed to consider their case, I would make this suggestion: On the Reserves there are some nice dwelling houses. One of these could be got for a nominal rent, could be fitted up for a school at little expense. The salary of the teacher would be the only considerable item. As an experiment perhaps the thing would be worth trying.

I return herewith the Supl. letter as requested.

Yours Sincerely,
D. Christie, J. P.

Mr. Pedley, -

Mr. McIsaac, M.P., called this morning and left the accompanying letter from the Rev. Father Chisholm, the Parish Priest at Heatherton, N.S., in which he strongly sets forth the necessity for a school being established on the reserve. Mr. McIsaac endorses what Father Chisholm states and asks that, if the Department is not prepared to erect a building, the experiment be made, as suggested by Father Chisholm, of renting one of the Indian houses on the reserve and fitting it up, although Mr. McIsaac would prefer that the Department agree at once to establish the school in the regular way.

OTTAWA, 26th April, 1904:-

The Deputy Superintendent General:-

In connection with the application of Mr McIsaac, M.P. with further reference to the establishment of a school at Heatherton, N.S. I beg to say that I consider that Father Chisholm's letter to Mr McIsaac only strengthens the hand of the Department in the stand it has taken in this matter. The occupations followed by the Indians necessitate their leaving the reserve for long periods, and as they take their children with them, no regular attendance could be had if a school were established. There certainly would be no justification for the Department's going to the expense of erecting a building and if a house were rented and a teacher engaged, his salary would have to be paid yearly whether the pupils were present or not. It would be better to afford a little assistance in the way of clothing for the Indian children to enable them to attend the white school. If the Indians are so anxious to have their children educated, their timidity might be overcome.

I am inclined to agree with him better accordingly

Sir,

In further reference to the application for the establishment of an Indian school at Heatherton, N.S. I beg to say that the Department considers that Rev. Father Chisholm's letter, which you left on the 22nd instant, only strengthens the stand it has taken in this matter. As the occupations of the Indians necessitate their leaving their reserves with their children for long periods, no regular attendance could be obtained if a school were established. The Department would not, therefore, be justified in going to the expense of erecting a building, or even renting one, and paying the salary of a teacher who would have no children under charge for the greater portion of the year.

The memorial of the undersigned, the Chief and Indian Band of Heatherton, Antigonish Co. N.S. and other ratepayers of the surrounding districts, respectfully sheweth:

1st. That this Band consists of about 22 families, located on three Reserves, not quite three miles apart, including about 35 school age children, but that this Band never had a school of their own, and they cannot induce their children to attend the school of the whites.

2nd. That in former years, and up to the present time in other localities, the Gov. occasionally distributed blankets one or two to each family, according to the number of members, but that since 25 years no such distribution has been made to this Band.

3rd. That in this Band there are usually, old, sick and dying people, who are absolutely unable to do anything for their own support.

4th. That the Chief in pursuance of his duties as such has to devote a good part of his time to looking after the business of the Band, such as seeing to the necessities of the sick and dying and burials, repairs to the Church etc. etc. whilst at the same time, being a poor man like the rest, the support of himself and family depends on his time and industry.

Therefore the undersigned submit to your favorable consideration the situation of this Indian Band the facts and circumstances of which can be verified, with a view of obtaining

Mar. 8th, 1911

Sir:-

Referring to your letter of the 13th ultimo No- 377002 enclosing the copy of a memorial to His Excellency, the Governor General in Council, in the interests of the Indian population of Antigonish Co. N.S. signed by Chief Francis Paul of Heatherton in that County and other Indians as well as by a large number of their White neighbours, I beg to make the following observations regarding the essential contents of the memorial:-

1 The question of the establishing a school for the benefit of the Indians of Heatherton, Bayfield and Pompquet, as requested, is one to which I have given considerable thought, not as to the necessity for the school, which I have recognized from the beginning but as to its proper location - a point that I think could be dealt with best at a meeting attended by the Indians of the three communities interested. Wherever located, its distance from the most remote parts of the Indian settlements will be considerable, and consequently a matter of inconvenience to some. Therefore in order to make the school a success, my opinion is that it would be necessary to make provision for the conveyance of the pupils to and from school, who would not otherwise attend it.

These are matters which it will be necessary for me to look into carefully, before I can recommend to the Department a definite course of action with regard to this subject.

I have to acknowledge the receipt of your letter of the 8th instant, and in reply to that portion in which you deal with the establishment of a school for the Heather-ton, Bayfield and Pompquet Indians I beg to say that the Department will be pleased to have you, as suggested, look very carefully into the question of the best way of meeting the needs of these Indians. When reporting at a later date on this matter you will be careful to deal with all phases of the question. I may say that the suggestion of the Department in the past was that these Indians should attend the white schools in the neighborhood, which it is understood are available; however, if a school so situated that all the Indians would be able to take advantage can be provided the Department is prepared to consider the question of the erection of a building.

To The Hon. Robert Rogers.
Minister of the Interior,
Ottawa.

The Memorial of the undersigned, the chief and heads of families of the Heatherston Band of Indians, in the County of Antigonish N. Scotia, and also the ratepayers of the white population of the surrounding districts respectfully sheweth:

That there are 40 families in this Band and about 52 children of school age, from 5 to 16 years.

That this Band never had a school of their own, although this is the fourth application they have made for such a school within the past 14 years. It is true they were promised 50¢ a month for each Indian pupil at the school of the whites. But this offer would never do. As a matter of fact and experience the Indian children are too timid to mingle with and compete with white children. Within the specified time, 14 years, not more than 3 Indian pupils could be induced to attend the school of the whites. The result is that the youth continue, as in the past, to grow up illiterate, and it is unnecessary to point out the grievous disadvantage under which they suffer in the struggle for subsistence amid an intelligent white population. They feel their grievance the more when they see the Indians of other Counties well provided for in the matter of schools.

Your memorialists therefore, relying on the facts and merits of their case, and on the favorable consideration thereof by the Minister and the Govt., confidently trust that they will grant with as little delay as practicable the comparatively small outlay necessary to provide a school for their children.

Signed in behalf of the Indians and at their request.

Dear Sir:

I enclose herewith petition of the Indians of Heatherton reserve, in this county, in which they ask for the establishment of a school at that place. The petition is signed by three of the parish priests of the surrounding parishes, one of whom, Reverend D. Chisholm, administers to the Indians. The names of the Indians are written down by the parish priest, they being unable to write. I trust that you will be able to grant their request as I believe they are entitled to this school and would send their children to get at least the rudiments of an education.

Sir, -

The subject of your letter of the 22nd. inst., No. 183163, is ^{one} to which I have given much thought and attention, without being able to arrive at any satisfactory conclusion, having in view efficiency with reasonable economy. In fact it impresses me ^{with} the characteristics usually representative of the proverbial Chinese puzzle.

I am already pretty well acquainted with the situation at Heatherton, Bayfield and Pompquet; but, as you suggest, I shall visit these places again in the near future and afterwards report to the Department, placing before it all the information possible bearing on the establishment of a school for the Indians of that locality. It was my intention to refer to this matter in my school report.

I may here mention that the recent very stormy, cold, weather has greatly retarded my tour of school inspection; and I cannot hope to finish the discharge of my duties in that respect, including a visit to the Indians of Antigonish Co., before the 12 th. of March. I shall forward my school report as soon afterwards as possible.

Sir,-

I beg leave to make the following report on the subject of your letter dated February 22nd. last:-

I visited two Micmac settlements in Antigonish Co. on the 26th. and 27th. ultimo, and inquired fully into conditions and circumstances affecting the establishment of a school for the benefit of the Indians in that county. As the Department is aware, there are three settlements, one of which - that at Pompquet or Summerside - need not be taken into consideration in connection with this matter; because its educational requirements are already well provided for by the public school at Heatherton, which is within convenient distance of the Pompquet Indians, whose children - only three in number - attend that school regularly, and that fact narrows the interests remaining to be dealt with to those of the Indians at Heatherton and Bayfield.

These places are rather over than under four miles apart. Bayfield is by far the more important, both in point of population and otherwise. It has 27 children of school age, that is, between 5 and 15 years; while Heatherton has only 10 such children. All parties interested are most anxious for the establishment of a school, and the Heatherton Indians are quite agreed that it should

be located at Bayfield for the good of the larger number.

But the fact appears to be that most of the Heatherton Indians intend moving to Bayfield in the near future, as their supply of wood for fuel and for other purposes is exhausted; whereas there is a good supply of wood for all purposes at Bayfield, whose soil also is more fertile, and much of it being intervale, is better adapted for farming operations, than is the case at Heatherton. I think this fact accounts for their willingness to see the school located at Bayfield, and explains their statement to me that they were looking forward to making such arrangements as would enable their children to attend school at Bayfield as soon as one would be established there.

Until I discovered by actual count how many children of school age are at Bayfield, I had no idea the number was so large; otherwise, I would have brought to your notice, on my own initiative, the absolute propriety and necessity of providing school accommodation for their benefit, even should the children at Heatherton not be able to share its advantages; but seeing the attitude of the Heatherton Indians in the matter, I unhesitatingly recommend the establishment of a school at Bayfield with the least possible delay.

I have to acknowledge the receipt of your letter of the 3rd instant with reference to the furnishing of supplies for a mid-day meal for the children of the Afton Day School.

In reply I beg to say that it is not the intention to discontinue the furnishing of these supplies, but, as Mr. Agent Cameron has been informed, before making a purchase of the biscuits and cheese required for this purpose he should first obtain the sanction of the Department for doing so. You should make out a requisition for say three months supplies for this purpose and submit it to the Agent, who should then forward it to the Department for approval. You should not purchase any supplies for this school without first having obtained the sanction of the Department through the Indian Agent. This mid-day meal is to be supplied to the children only and you should take every care to see that the supplies furnished are not wasted. It is, however, considered that during the warm weather the giving of this lunch might be discontinued and when the cold weather starts next fall it can again be supplied.

Dear Mr. McIsaac:-

I have to acknowledge yours of the 31st ultimo, with reference to the position of teacher at the Afton Indian Day School. I have noted that Mr. Agent Cameron, of Heatherton, is more impressed with Mr. Rogers' success than is our Mr. Boyd.

I am of the opinion that the public school inspector of the Provincial Department of Education is better qualified than either of our officers to inspect a day school and comment on the teacher's success. Mr. A. G. McDonald, Separate School Inspector, of Antigonish, has reported from time to time on Mr. Wm. J. Rogers as follows:-

- June 1914. "Teacher's success - satisfactory."
- May 1915. "The teacher is patient and painstaking and in my opinion is well qualified for the position."
- May 1916. "I consider him suitable for the school. He is patient, painstaking and knows considerable about child psychology. The children made good progress."
- Nov. 1916. "Teacher's success - satisfactory".
- May 1917. "Taking Mr. Rogers' work all in all, I would find it difficult to name a teacher who would do better. He is kind and patient with the children - essential qualities in dealing with his school. The children are fond of him."
- May 1918. "He has done well in the school."
- April 1919. "Teacher's success - satisfactory."
- Dec. 1919. "Teacher's success - satisfactory."
- Feb. 1921. "Teacher's success - satisfactory."
- June 1922. "On the whole I am satisfied that the management of the school is about as good as one should expect."

In view of Mr. Rogers' long and faithful service, and in the light of the public school inspector's reports from year to year, I am disposed to allow him to continue his work among the Indian children. What is your opinion, now that all the facts have been reviewed?

"Chief Thomas Francis" of this Agency has asked if the Indians could have the use of the "Indian Day School" on the Afton Reserve three times a week, on Tuesday & Thursday after school hours to teach the children their catechism and religious instruction, and on Sunday afternoon to have a prayer meeting of the Band. The Chief said he would be responsible for school that everything would be left as they found it. I told him I could not give it without first getting Authority from the Department, and did not know if the Department would give the use of the School. kindly advise me if the Department will give the Band the use of the School for the purpose mentioned. awaiting a reply I remain your obedient servant

Sir:

I have to acknowledge receipt of your letter of the 17th instant, regarding the request of Chief Thomas Francis for permission to use the Indian day school building on the Afton Reserve three times each week in order to teach the children their catechism and to hold prayer meetings of the Band.

Regarding this request, please state if there is not a Roman Catholic Church at which these Indians could attend, and who will teach the children their catechism and conduct the prayer meetings on Sunday afternoon. You should also state what arrangement was carried out in the past to provide religious instruction and church services for these Indians, as it is considered that a request of the nature made by the Chief is unusual, and, unless there are sufficient reasons advanced, the Department would not be prepared to authorize the use of the school. When this was done in other places, there were continual complaints as to the condition in which the buildings were left after each service. However, when we have full particulars, we will be in a position to decide whether the Chief's request can be granted or not. Please also state whether the teaching of the catechism and the holding of prayer meetings would be carried on with the approval of the local Parish Priest.

 children used to meet in certain houses to be
 instructed in their Catechism. The Chief says that
 an Indian named "Frank Williams" is to teach the

 think would be capable of teaching the children.
 The local Parish Priest thinks it would be better

 themselves. I don't think it advisable to give them
 the school. as they would likely make it a place
 for the young people to gather and have a good time.
 I think the custom they had in the past was all
 right. The children on the Heatherton still do that.
 gather at a certain one of the houses. and one of the
 older Indian teaches them their Catechism on Sunday
 afternoon. and the children on the Afton could do the
 same if they desire to do so. as Chief Thomas Francis
 is a new Chief he is only trying to start something
 new. there is no doubt they would leave the
 school in a dirty condition after those meetings.
 I would advise the Department not to grant
 the Chief's request and give them the school.

Dear Mr. McIsaac:

With further reference to the services of Mr. W. J. Rogers, teacher of the Afton Indian Day School, I have to inform you that reports from both the Public School Inspector and the local Indian Agent have been received. The Public School Inspector states that he does not hesitate to suggest that Mr. Rogers' services be continued. I wish to quote in part from the special report: "Mr. Rogers seems to understand the peculiar mentality of the scholars coming to him for instruction and hence is making a success of his work where perhaps others would meet with failure. Moreover, the children seem to like him and hence attend very well. This is important, as, from my observations, it takes very little to antagonize the Indian children, and, if this is done, they will not attend school."

Mr. Indian Agent Cameron also recommends that this teacher's services be continued.

I may say a few years ago I took this matter up with Mr. Rogers. as when I visited the School I thought the children did not keep very good order at times altho they were not bad. he told me that when he used discipline that he found that the child would remain away for a few days from School, and the late Public School Inspector Prof A. G. MacDonald told him not to be too strict on Indian children. I know he gave the same instruction to the Teacher in the Heatherton White School. in which Indian children are attending telling her not to be as strict with Indian children as White children that is why Mr. W. J. Rogers has been easy on them. but if instructed he says he will use discipline and it might affect the attendance for a time but I think that would be only for a day or so regarding the service of the present Teacher

Sir:

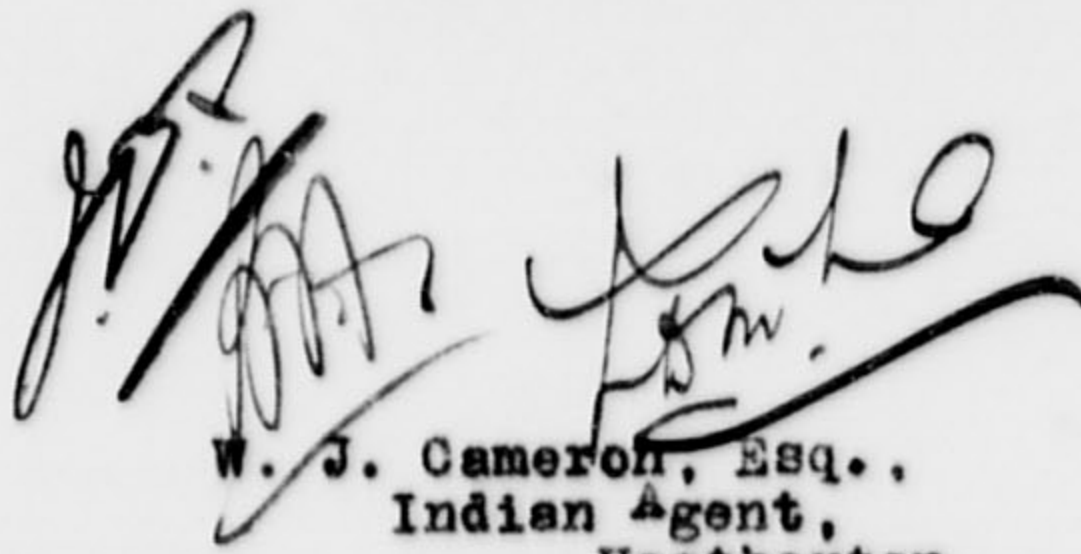

I have your letter of the 7th instant, with reference to the report of the Public School Inspector on the discipline maintained in the classroom by the teacher of the Afton Indian Day School.

In reply I beg to say you should instruct Mr. Rogers, the teacher, that he should endeavour to enforce a more strict order of discipline among the pupils during the regular class periods. It is felt that more effective work could be accomplished by him. It is expected that the teacher will use tact in the maintaining of proper order in the classroom. It may be that the attendance will decrease at first; but we believe that, when the Indian children and their parents see that proper order is to be maintained, the pupils will resume a regular attendance.

The Department will approve of the re-engagement of Mr. Rogers for the next school year, beginning September first. Please inform him and arrange with him to resume duties on the date mentioned.

Dear Mr. Duff:

I have your letter of the 31st ultimo, with reference to the Afton Indian Day School, at Bayfield, Antigonish County. Mr. W. J. Rogers, the present incumbent, receives a salary of \$650 for the ten teaching months. I have not heard anything whatsoever concerning his leaving the work, but I have noted the name of Mr. A. J. MacGillivray, of Danmaglass, who will be asked to forward an application in the event of a vacancy at this school.

Yours very truly,

Gentlemen,

W. J. Rogers, our Indian
Teacher has been teaching in our school
for the last thirteen years and has made
no apparent progress during these long
years. His scholars are making no
progress either mentally or morally.
The children are out all hours of the
night and he seems to have no
control over them. The Indian Band
here want a change. A change for the
better. It cannot be for worse.

Mr. Michael Propper one of our own
Band has been attending school
for considerable time, but cannot
attend ~~no~~ longer for want of
financial means. He is one of our

Sir:

A communication has been received from Thomas Julian, of the Afton Indian Reserve, relative to the services being performed by W. J. Rogers, teacher of the Indian Day School on that Reserve. He states that the pupils are making no progress and that the Indian Band want a change in teacher. He has recommended the appointment of Michael Prosper, who has been attending school in Antigonish for sometime.

I have to request that you will state whether, in the interests of the pupils of this school, you would recommend that the services of Mr. Rogers be dispensed with and a new teacher engaged. Sometime ago the Department received a request that, in the event of Mr. Rogers' services being dispensed with, Mr. A. J. MacGillivray, of Danmaglass, be asked to forward an application. If you would advise that a change be made in the teacher at this school for the next school year, you should forward your recommendation, and if you have any particulars as to the qualifications and experience of Mr. MacGillivray I shall be pleased to have same. It is considered doubtful whether the services of Michael Prosper would be satisfactory.

Your early reply giving as full information as you can regarding the question of securing a new teacher or the continuing of the present arrangement should be forwarded.

the letter from Thomas Julian stating that the

occasions in the past as to the service Mr Rogers
has been given, and I am of the same opinion
yet that he has been given fairly good service,
and I would not recommend a change in

themselves are very good to judge if the Teacher
is qualified or not, as they are very careless in
sending their children to school, and the Truant
Officer has to be continually after them, but
I would refer you to the local school Inspector

Dear Sir:-

I am acquainted with John L. MacDonald,
of Taylor's Road, Antigonish County, who is applying for
the position of Teacher in the Indian School at Afton.

This young man is of a good family and
bears an excellent character and is above the average in
ability. His disposition is quiet and he has good judgment
and tact. He attended College in this town for 2 years
finishing the Sophomore year in the Spring of 1925. Mr.
MacDonald has had some experience teaching and the school
authorities where he substituted during the illness of the
regular teacher were highly pleased with his work. I have
every confidence in recommending this young man for the
position for which he is applying.

Yours faithfully,

Dear Dr. Scott,-

I beg to acknowledge the receipt of your letter of the 26th. instant, and to advise you that I reported to the Department on the 23rd., as follows:-

"Referring to your letter of the 20th. ultimo, I beg to advise you that I visited Afton and vicinity on the 19th. instant, but failed to get in touch with Mr. Joseph Bonvie, whom you mention. I intend to revisit that locality early next month on my return from Annapolis, when I expect to succeed in interviewing Mr. Bonvie."

I may say now that I could get no information, when I visited Afton on the 19th. instant, to show that Mr. Rogers had taken an active part in any election, and unless the charge that he gave a bottle of liquor to Joseph Bonvie, as alleged, presumably to influence the latter's vote, can be substantiated, I do not think any evidence can be found to indicate that he acted improperly in the election of 1925.

But apart from whatever his activities may have been in election contests, I consider it my duty to inform you that he has outlived his usefulness as a teacher of the Afton Indian Day School. I visited this school on the 19th. inst., and found only four pupils present, exactly the same number that was in attendance when I inspected it last March. There has been absolutely no progress among the pupils during the past three years, and I advise that his services be dispensed with after the present school term.

As stated in my report quoted above, I expect to visit Afton again next week, when I hope to interview Joseph Bonvie, and I shall communicate with you again at an early date regarding this matter.

Dear Sir:

On several occasions the following resolution was passed by our committee: That Mm. Rogers teacher at the indian school at Afton be dismissed and replaced by Dan Mac Donnell of Bayfield." Copies of this resolution were forwarded to the committee at Antigonish and also to yourself. We are surprised that our wish was not complied with.

There are several and very good reasons why this change should be effected and we are going to mention some of them.

It is generally known that Mm. Rogers is an aggressive conservative. In the election of Hon. E. M. MacDonald he is known to have used him in an attempt to influence liberal voters. We may add that

this was mentioned to Hon. Mr. Chisholm
last July by one of our committee
members.

This school was built in 1912
and Mr. Rogers was teacher since that
date. To date he has sent one pupil
to high school at Antigonish. This
pupil went to Antigonish in the fall of
1924 and was found to start the
grade eight common school work. He
is now in grade ten. It is interesting
to note that this work is being done
in our common schools up to and
including grade ten and even grade
eleven by the common school teachers
of whom MacDonell was one.

This student was in Antigonish
three years. The government is paying
\$6. per week for his board in addition
to a tuition fee (\$80 per year we are
told) on a total of \$430 a year for work
that could and should be done by
their teacher at Afton. Of course this
may be a boost for Antigonish and
perhaps it is one reason why the
committee in Antigonish did not take

action. I believe however you will agree with us; that this is an unnecessary expenditure of public money and in itself sufficient cause for dismissal.

We have tried to place the facts of this case fairly before you and if necessary can prove our statements. In conclusion we appeal to you as our representative to remedy this state of affairs which is unfair to the public and still more unfair to your supporters.

Indian Affairs:

Ottawa. — Dear Sir:— I have been advised by
W. J. Cameron, Indian Agent here, that my services as teacher
of this school will not be required after Nov. 11 next.

Inasmuch as my services were engaged for the present
school year, I cannot understand the action of the Dept. in
thus terminating my services.

The public schools term in this province opened the
last week of August last, and teachers are now engaged
in all schools. It is therefore impossible for me to
secure a position in any of our schools for the remainder
of the school year. Thus the action of the department is a
very serious matter for me. If the department insists on
releasing me on Nov. 11th, I feel sure you see I am justified
in asking for a generous gratuity in lieu of ^{my} yearly
salary. I feel confident the department intends doing
this and I shall be glad to have your early confirmation
of the same.

Dear Sir;

I am at present taking the Summer School at Truro. In this course we are taking handicrafts - Basketry, Manual training & Mechanics.

The basketry course, which I consider the best for our purpose, consists of making fancy reed baskets for window display and work purposes. They are disposable and I believe would bring financial returns after a short period of training.

I beg to ask of you to allow me material to teach the Indian pupils the work. I can arrange for material at cost or at least at wholesale price here and believe total will not exceed eight dollars. Awaiting your advice on the matter,

Miss MacDonald, travelling nurse for the province of Nova Scotia, in a report on her visit to the Afton Indian Day School, states that a number of Indian women on the reserve at that point are anxious to take lessons in basketry and reed work from Mr. J. The nurse states that Mr. MacDonald will teach a class of adults after school hours if the Department will furnish material and allow him some extra salary for the work.

If you recommend that the teacher be authorized to carry on this work after regular school hours, you should give the approximate cost of the material required, and state what extra remuneration you would advise be paid Mr. MacDonald for his services. Sir - Replying to your letter No 46-1-1

dated Feb 12th 1929. I took the matter up with Mr Mr. Donald. he said that the young women did not seem anxious to take up the work. but that a number of young Indians wanted to learn it.

Mr Mr. Donald said that the cost of the material tools & set would cost about Fifty Dollars at first, and as the young Indian do not want to come during the evening hours. that it would be necessary to learn them after night, which would require some lamps. Mr Mr. Donald says he will teach them from six to ten hours a week after night. for Five dollars a week. I am inclined to think that the cost of this work would be too expensive, as they would not likely attend regularly, and than it would be at night. and the School would not be in good condition in the morning for school. as Mr Mr. Donald is Teaching the ^{girls} every evening and as some of the younger Indians attend at times. that any young Indian. boy or girl who are anxious to learn the read work. could attend than and learn, and save the extra expense.

I do not feel like recommending the work at present, but that he continue with the school children, and any adult may attend and learn with them.

In this connection I beg to say that the Department, after considering your report on this activity, is not prepared to authorize the expense in providing the material and equipment required and in the payment of the teacher's services in conducting these classes during the present school year. Dear Sir;

Without wishing to trespass upon your valuable time, permit me to ask your consideration of a subject which to me is of urgent necessity, namely the question of an increase of salary.

The reasons for asking an increase are twofold: First the work of teaching the Indian people is a difficult, tiresome, and never ceasing task so that the remuneration should be sufficient to provide a reasonable living wage.

Second I wish to render a better and more beneficial service to the Indian and people. If the Department will allow me twelve hundred dollars for the term I shall be willing to do all I can to aid the adult Indians as well as the people and I will spend my vacation taking up some lines of vocational work which is greatly needed in this reserve.

If you are willing to risk this increase, in hopes that it will not be money spent in vain, I shall endeavor to work honestly and faithfully for the good of all concerned.

Respectfully Yours, John L. McDonald

Sir:

I have your letter of the 29th ultimo, applying for an increase in salary as teacher of the Afton Indian Day School, and stating that you would be prepared to render more service, not only to the Indian children but to the adult Indians as well.

In reply I beg to say that there are many demands on our appropriation. The Department will, in view of the services which you are performing, allow you an increase of \$5 per teaching month in your salary, to date from the beginning of the present fiscal year, viz., April 1st, last, this being the full amount that can be allowed. This will make your salary from that date at the rate of \$70 per teaching month. We are informing Mr. Agent Cameron accordingly.

Sir,— In reply to your letter No 46-1-1 dated June 26th 1929. regarding the report of the School Inspector of the Afton Indian Day School, I may say that I was always of the opinion that a Lady Teacher would be better in the Indian School than a man. but when the change was made two years ago, I was not consulted about the appointment made at that time, but I think the present Teacher is doing very good. on my monthly visits there I found that the children were making fairly good progress. and he also teaches them read work. which I think they will find very useful later on in life, the discipline perhaps might be a little better. and I spoke to him about it. he admitted that it was very hard to have the discipline as good in an Indian School as in a white school. and I believe he is right; due to their mode of living, there are naturally more virtues than white children, and again when he is teaching them the read work they get into the habit of being more noisy. on one of my recent visits to the School. I took along with me Rev Father Mr. Donald. who is their Spiritual adviser. and he made the remark to me after. that he thought they were making very good progress. and complimented the Teacher on his work in teaching the children. and the Adults in the read work they were doing.

Dear Sir:-

I resign my position as teacher in
the Afton Indian Day School forthwith from January
3rd, 1930.

I am sorry I cannot such an unfavorable
recommendation as was necessitated thru Inspector
Macdonald's report. Without doubt my services
were not up to the highest standard as you
likely knew before you received the worthy
inspector's report. However it may not
be useless to remark that if I haven't given
my time entirely to school work I believe
it was not all spent in vain. I've
devoted about an hour to read work
nearly everyday; in such time pupils
were given extra freedom, in that they
were permitted to talk and walk about.
This manual training and read work.

all the of some immediate financial value should
be considered primarily for this purpose.

Vocational training of any kind would I
believe be of great use to the Indian pupils.

The practice of using the hands to advantage
in moulding, weaving, working etc. is necessary
when the pupils are young as without
doubt 95 per cent of them a few years later
shall be trying to earn a living for themselves
by the skilled use of their hands even if
they should break away from their Indian
trades.

It is interesting to note the work the
blind men in Halifax can do towards earning
a living. They are trained and have the
necessary ambition. The Indian can
be trained and gradually a desire for
work and to mount above the level
at which they ordinarily stand could
be instilled into their minds thru
work.

People are not naturally lazy or
it is not an instinct to be indifferent
about work. Environment plays the greatest
part in the child's welfare and this is

the biggest obstacle in Indian education. But this can be conquered by gradually having them work in our different lines of livelihood or trades.

And again they are not a stupid people. An example may be noted.

A little boy seven years old who started going to school recently without a word of English, was looking at the pictures in an older man's Geography. He noticed a man calling moose with a horn and said "Teacher look" I did so and inquired what the man in the picture was doing. He replied "He is telling moose come here."

It is not that they cannot do work that they are below average, but that they are well contented and satisfied with their lot and do not want to advance. An Indian does not worry if he gets a bite to eat at present, supposing there is nothing in view for the future.

I understand you are making very satisfactory progress in your residential schools and no doubt you will continue the work in extending

Ottawa, January 13, 1933.

Sir:

I have your letter of the 7th instant, informing the Department that, on account of the epidemic of 'flu, you authorized the closing of the Afton Indian Day School until the 16th instant. Your action under the circumstances is approved.

It is hoped that the health conditions on the reserve will have improved by the time the school reopens and that there will be no need of further postponing the classroom work.

When preparing her return for the quarter ending March 31st, next, the teacher should state thereon the dates between which the school was closed for the above mentioned reason.

A. F. MacKenzie,
Secretary.

Replying to your memorandum of the 5th instant, in which you state the Minister has been advised that Mr. A. M. Kennely, teacher of the Bayfield Road (Antigonish County) Day School, is to resign at the end of the present school year, I would say that the name of the teacher at this school is Miss Christina M. Kennedy. No intimation has been received from her of her intention to resign. However, I am requesting the local Indian Agent to ascertain if Miss Kennedy is giving up duties, and, if so, to obtain her resignation and forward same to the Department. In the event of her resignation, the Minister's instructions, that Mr. John A. MacRae, of Antigonish, be appointed, will be carried out.

Memorandum:

MR. BUSKARD,-

I have your memorandum of the 18th instant, instructing that, in the event of a vacancy occurring in the position of teacher at the Bayfield Road (Antigonish County) Day School, no action with regard to the appointment of a successor be taken without referring the matter to your office.

In this connection I would refer you to your memorandum of the 5th instant, stating the Minister had advised that the teacher is to resign at the end of the present school year - in which event Mr. John A. MacRae, of Antigonish, was to receive the appointment.

On the 13th instant, the Department received a communication from W. J. Cameron, Indian Agent, Heatherton, N. S., forwarding the resignation of Miss Christina M. Kennedy. The Department replied on the 15th, informing the Agent that the resignation of Miss Kennedy was accepted and also that Mr. John A. MacRae, of Antigonish, was to be appointed to succeed Miss Kennedy, to begin duties when the school re-opens after the summer holidays, on September third, next.

Your further memorandum of the 14th instant advised that, in the event of a vacancy, Miss Alice McKeough, Afton Station, was an applicant for the position. Your memorandum of the 18th instant instructed that, in the event of a vacancy, no action be taken with regard to the appointment of a successor, without referring the matter to your office.

ph

As the local Indian Agent was advised, by our letter above referred to, that Mr. John A. MacRae was to receive the appointment, he was wired yesterday afternoon to cancel the appointment of Mr. MacRae and to await further instructions. We will therefore await your further direction.

Dear Mr. Duff:

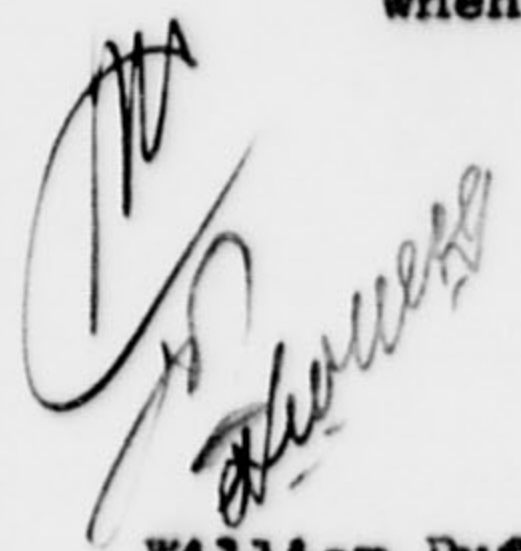

In the absence of The Honourable the Minister, I desire to acknowledge receipt of your letter of the 31st ultimo with reference to the teacher of the Afton Indian Day School.

Miss Alice McKeough was appointed teacher of this school for the academic year 1935-36, and she began duties on September 1st, last. It has not been the practice of the Department to change teachers in the middle of the academic year unless their services are unsatisfactory. No reports have been received showing that Miss McKeough is not capable of handling this school, and departmental officials feel it would be in the best interests of the children to have her continue in charge of the school until the end of the academic year, viz., June 30th, next.

I have directed the attention of our officials to your recommendation that Mr. Daniel McDonnell, Bayfield, N.S., receive consideration when a teacher is required for this school.

MEMORANDUM:

The Honourable the Superintendent General,-

I have your memorandum of the 14th instant, with attached communication from Mr. William Duff, M. P., recommending the appointment of Daniel McDonnell, of Bayfield, as teacher of the Afton Indian Day School for the school year beginning September first, next.

In this connection I would point out that the present teacher, Miss Alice McKeough, who was departmentally appointed, began duties as from September first, 1935. She possesses a Class "C" Nova Scotia Teacher's Certificate. In a recent report from H. M. MacDonald, Provincial Inspector of Schools, on his inspection of this school, he states as follows regarding Miss McKeough's services:-

"Miss McKeough, the present teacher, is much above the average teacher. She has lived all her life within five miles of the Indian Reservation and I believe she knows how to deal with these children better than any teacher serving in my area. Her services should be retained as long as possible."

"Miss McKeough is a superior type of teacher and in a few short weeks she has furnished evident indications of progress. The conduct of the pupils is certainly better and the cleanliness and neatness of the children is apparent."

If Miss McKeough's services are terminated

at the Afton School at the end of the present academic year - June 30th, next - would it be in order, in view of her services, to transfer her, should there be a vacancy in another school in Nova Scotia?

Dear Sir,-

With reference to your letter of the 6th instant, please communicate, at once, with Mr. Daniel McDonnell and obtain from him the information requested in official letter of the first instant. You should, also, ascertain whether he wishes to be appointed teacher of an Indian day school or if he intends to remain in his present position.

Yours truly,
A. F. MacKenzie

EX'D.

May 21, 1936.

MEMORANDUM:

The Honourable the Superintendent General,-

With reference to Mr. Pratt's memorandum of the 20th instant, with attached communication from Rev. H. J. MacDonald, Heatherton, N. S., I feel it inadvisable to reply to him at the present time.

In connection with Miss Alice McKeough's employment as teacher of the Afton Indian Day School, I would refer you to my memorandum of January 22nd, last, and your memorandum of April 30th.

Following the instructions contained in your memorandum, the Indian Agent was written, with a view to obtaining the qualifications possessed by Mr. Daniel MacDonnell, of Heatherton. The Agent replied as follows: "Daniel MacDonnell's home is at Bayfield, but he is not home now. He is employed with some Co-operative Society in South Ingonish, Victoria County, C. B. If the Department wishes me to correspond with him and get this information, please advise me."

The Agent was again instructed, in a letter dated the 8th instant, to communicate at once with Mr. MacDonnell and obtain from him full particulars regarding his qualifications. No reply has yet been received. When the Agent replies, you will be advised.

I am returning herewith the letter of Rev. H. J. MacDonald.

Ottawa, January 20, 1914.

Sir,-

I have to acknowledge the receipt of your letter of the 10th instant with reference to the amount of salary received by you as teacher of the Afton Day School for the quarter ending December 31st, last.

In reply I beg to say that the quarterly return received showed that you taught this school for fourteen days, for which you were paid 14/200 of your yearly salary of \$400.00. If you complete a full year at this school and teach the required number of days you will receive therefor the full amount of the yearly salary.

Sir:

I have to request that you will inform Mr. W. J. Rogers, teacher of the Afton Indian Day School, that his services will not be required after November 11th, next. He should prepare and forward, through your office, a return showing the attendance and days taught by him up to the date his services terminate, when the amount of salary due him will be paid.

I have to request that you will immediately communicate with John L. McDonald, Taylor's Road, Antigonish Co., N.S., offering him the position as from November 14th, next. The salary allowed him will be at the same rate as paid Mr. Rogers, viz. \$65 per teaching month. You should request Mr. McDonald to state definitely whether he will accept the position as teacher of the Afton School or not, and if he accepts, whether he will be prepared to begin duties on the date mentioned. This matter should receive your immediate attention, and when you have received a reply from Mr. McDonald, you should inform the Department as to whether he accepts the position or not.

Sir:

I have your letter of the 11th instant, relative to the resignation of Mr. John L. MacDonald, teacher of the Afton Indian Day School, to take effect at the end of the present month, and nominating the services of Miss Christena Kennedy.

The Department wrote you on the 12th instant regarding this matter. I may say that a communication has also been received from Mr. Agent Cameron, in which he recommends the appointment of Miss Kennedy and states the qualifications and experience which she possesses. Mr. Agent Cameron is being notified today, by telegram, of the approval granted for Miss Kennedy's appointment. He is being requested to inform her and to arrange with her to begin duties when the school reopens after the Christmas holidays, on or about January 6th, next. In view of her qualifications, the Department is allowing salary at the rate of \$70 per teaching month.

It is hoped that Miss Kennedy will meet with every success in her work at the Afton Indian Day School. Mr. Cameron is being requested to give her every possible assistance upon her taking up duties. It is noted that the local school inspector reports favourably regarding her capability as a teacher.

Sir:

I have your letter of the 18th instant, informing the Department that on account of an outbreak of scarlet fever it was found necessary to close the Afton Indian Day School. It is also noted that the teacher, Miss Kennedy, is ill with this disease.

The Department regrets the illness at this school and hopes that the disease will run the usual course without any fatalities therefrom on the Reserve. The school may remain closed during the illness of the teacher. You might advise Mr. Agent Cameron accordingly.

IN YOUR REPLY REFER TO No. ALSO TO DATE OF THIS LETTER
--

Sir,— I am enclosing quarterly return for "After Indian Day School" for quarter ending March 31st 1930. You will note the School was closed for some time due to the Teacher taking Scarlet Fever, and an epidemic of Measles among the school children. Miss Kennedy the Teacher made a great effort in getting away from the school when she was teaching, and it was unfortunate that that she took Scarlet Fever after starting teaching. I think she will make a very capable teacher among the Indian children, and that we will be able to keep her. I do not know what the Department does in a case where the Teacher loses some time on account of sickness, but I would recommend if the Department were proper that they pay her for the full quarter, so that she might remain with the school next term. When she was sick, the children nearly all took the Measles and I am doubtful if she would have had any school were she able to teach.

I remain your obedient servant

Sir:

I have your letter of the 3rd instant, enclosing a communication from Miss Christina Kennedy, teacher of the Afton Indian Day School, applying for an increase in her salary for the next school year.

In reply I have to inform you that the Department will approve of an increase of \$5 per teaching month from the 1st of September, next, when the school reopens after the present summer holidays. This will make the salary allowed Miss Kennedy from that date at the rate of \$75 per teaching month. Please advise her accordingly.

Sir:

I have your letter of the 7th instant, informing the Department that, on account of the epidemic of 'flu, you authorized the closing of the Afton Indian Day School until the 16th instant. Your action under the circumstances is approved.

It is hoped that the health conditions on the reserve will have improved by the time the school reopens and that there will be no need of further postponing the classroom work.

When preparing her return for the quarter ending March 31st, next, the teacher should state thereon the dates between which the school was closed for the above mentioned reason.

Ottawa, June 29, 1935.

Sir:

I have your letter of the 21st instant, enclosing the resignation of Miss Christine Kennedy as teacher of the Afton Indian Day School, to take effect the 30th instant. In reply I have to say that the resignation of Miss Kennedy is accepted, from the date mentioned.

It has been decided to appoint Miss Alice McKeough, of Afton Station, to succeed Miss Kennedy and to begin duties when the school re-opens after the summer holidays, on September third, next. The salary allowed Miss McKeough will be at the same rate as was paid Miss Kennedy, viz.: \$75 per teaching month.

I would request that you inform Miss McKeough of her appointment and arrange that she begins duties on the date mentioned. Please give her any assistance you can in her work at this school.

Sir,—

The enclosed letter just to hand indicates that the writer feels aggrieved for reasons therein stated.

I think it was a mistake not to send Mr. Chisholm a copy of the plans and specifications in question, as the Antigonish contractors should be able to build the school house at Bayfield for less money than outsiders; and, if you have no objection, I can send him the copy in my hands. I believe it will be of no further use with me, because intending contractors here have seen the plan and specifications, and have made their estimates with a view to tendering.

FORM 2.

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

His Excellency

Ottawa, June 14, 1913.

The Administrator in Council.

The undersigned begs to report that, it having been decided to establish an Indian school on the Afton Indian Reserve, in the County of Antigonish, in the Province of Nova Scotia, and provision therefor having been made in the Vote for Indian Education (No. 302), tenders were called for, receivable up to noon of the 10th June, 1913, and the following were received:-

Lawrence Hury & Son, West Arichat, for	\$2,298.00
D. G. Kirk Wood Working Co., Antigonish,	2,258.00
John Poirier, Descouse, for	1,800.00

The undersigned would recommend, pursuant to the requirements of subsection 2, of section 56, of the Public Works Act, that the contract for the work be awarded to the lowest tenderer, Mr. John Poirier, for the amount of his tender as above cited. The Architect of the Department of Indian Affairs, states that the tenders mentioned herein are all below the Department's estimate, and that the lowest tender is for the sum of \$1,800.00.

Sir,-

I beg to advise you that Mr. John Poirier, contractor of Descouse, has been awarded the contract for the erection of the new school-house on the Bayfield Indian Reserve. The Department would like you to act as inspector to supervise this work and will pay you \$5.00 a visit and travelling expenses. You should make a weekly visit and submit a report to the Department after each. Payment will be made to the contract as the work progresses up to 80 per cent of the value of material on the ground and work performed on the receipt of progress certificates from you. I am sending you a supply of blank certificates and these should be sent to the Department in duplicate. Copies of the plans and specifications for your use are also enclosed herewith.

Agreement made in duplicate the _____ day of _____
A.D. 1913.

Between His Majesty King George the Fifth, represented by the Superintendent General of Indian Affairs of Canada (hereinafter called the Superintendent General);

And John Poirier, Contractor, of the town of Descouse, in Richmond County, in the province of Nova Scotia.

~~xx~~ (hereinafter called the Contractor).

The Contractor for himself, his heirs, executors, administrators and assigns, agrees to do in the most workmanlike manner all works and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the Contractor, and to complete, furnish and hand over to the Superintendent General or to some person by him appointed for that purpose, the ~~frame~~

building to be used as a school-house on the Indian Reserve at Bayfield, Antigonish County, in the province of Nova Scotia.

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the **fifteenth** day of **October** A.D. **1913**.

AND in consideration of the above agreement on the part of the Contractor, the Superintendent General hereby agrees to pay the said Contractor the sum of **one thousand, eight hundred** ----- dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work, appoint an Architect, Engineer or other officer, in which case the certificate of such Architect, Engineer or other officer, that the work is duly completed and of the amount, if any due, to the Contractor, after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractor under this contract.

AND the Contractor for himself, his executors, administrators and assigns, further covenants and agrees :—

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated, the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractor fails at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractor for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

3. That if the Contractor fails at any time in paying salaries or wages of any person employed by him upon or in respect of the said works, or any of them, and any part of such salary is one month in arrear, or if there be due to any such person one month's wages or salary, the Superintendent General may notify the Contractor to pay such salary or wages, and if two days elapse and the same be not paid in full up to date of payment, or to such other date as may be in accordance with the terms of employment of such person, then the Superintendent General may pay to such person his salary or wages from any date to any date and to any amount which may be payable, and may charge the same to the Contractor, and the Contractor covenants with the Superintendent General to repay at once any and every sum so paid.

4. That pursuant to the Statute in that behalf, this Agreement is made subject to the express condition that no member of the House of Commons of Canada shall be admitted to any share or part of this Agreement or any benefit to arise therefrom.

5. That the Contractor shall not assign, transfer or set over this contract or any interest therein to any person or persons whomsoever, without the consent, in writing, of the Superintendent General of Indian Affairs first had and obtained.

IN WITNESS WHEREOF the said Superintendent General of Indian Affairs, acting as aforesaid, and the said **John Poirier** have hereunto set their hands and seals the day and year first above mentioned.

MEMO.

Dear Sir,-

Kindly hand the enclosed cheque to the person who sold the acre of land for a school site to the Department and get him to sign the enclosed duplicate receipt.

Referring to your letter of recent date, I beg to say that in my opinion it should suffice - for the present, at any rate - to clear ample space for a play ground immediately around the school house, and for a sufficiently broad road leading from the public highway to the school. For these purposes you may proceed to get the wood cut, and the ground cleared, using your own judgement as to the area required in each case. In the meantime I shall communicate with the Department, to ascertain whenter the whole acre should be cleared or not, and shall communicate the result to you in due course.

Your obedient servant,

A. J. Boyd.

Dear Sir:

Dear Sir. I got your letters and plans for the improve school house Saturday and I'll attend to business as soon as the contractor begins.

I know all about the work that is to be done. I was for fourteen years in Boston in charge of work and and was always in charge here I think one visit a week is pretty scarce as in a week they could cover a lot of work but its up to you. if you want it to be done according to the certification it ought to be watched closer than that. for my part it suits me all right so its up to you. what I see I can make them do over again but what's covered covered I can't.

Yr obedient servt.

Sir,-

I beg to return herewith duly executed by the Acting Superintendent General your contract for the erection of the Indian School on the Bayfield Indian Reserve and the work may now be proceeded with.

The Department regrets the delay in returning this contract and additional time will be granted to complete the work in consequence although no change is made in the agreement.

Kindly consult with the agent as to the site of this building and have the work commenced at the earliest date possible.

FORM 2.

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or from any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

Ottawa, August 25, 1913.

Sir,-

I have to acknowledge the receipt of two accounts from you for inspection of the Bayfield School building made out on the certificate forms sent you for applying for advances for the contractor as the work progresses.

I am sending herewith a sample of how your account for services should be made out and also some blank forms.

It is supposed that you will not find it necessary to submit an account after each visit, although a report is called for. The forms which you have been using, as said above, should be kept so that you can make your request for an advance when the contractor wishes one. In this connection I would refer you to official letter of July 12th, last.

Sir,-

I have to acknowledge the receipt of your report on the progress at the Bayfield School building.

In reply I would call your attention to the fact that you are using the contractors progress certificates for this purpose, whereas you should simply have sent a short written report of the progress. These certificates are for the purpose of making advanced payments to the contractor and you will need the supply that you have in your possession. From the instructions given you if you do not understand how to make out these certificates the Department would esteem it a favour if you would consult with somebody who might assist you, as it is absolutely necessary that these certificates should be correct.

MEMORANDUM.

Mr. Paget, -

H.A.V.

Re. certificate Bayfield School.

You will notice that the first certificate is \$900.00. In the Agent's report on the voucher form he states that bills to the extent of \$1102.00 have been settled for. This certificate may, therefore, be paid.

I have placed a certificate on the inspector's expense account for inspection and also had a duplicate made. It may, therefore, also be paid.

I visited the School house at Heatherton
yesterday. It will be completed by 1st November.
The grounds around the building requires
grading & prevent matter from lodging
near school house grounds. There is a lot of
small bushes and brushwood requires clearing.
The whole thing will cost about \$75. I could
get hire the Indians with a foreman (white) to
do the work. I understood the desks are
not included in the Contract - if not I calculated
that 24 desks each for two pupils ought to be
sufficient now. The school house will require
one very large stone or two smaller ones.
These articles are required at once however.
Basil I have consulted with the teacher
W. J. Rogers and he is making out
a list of the other articles required and
when completed I will send on to the
Department.

Yours obedient servant

Sir,-

I have to acknowledge the receipt of your letter of the 7th instant, and in reply I beg to say that the Department considers that it would be advisable to clear and grade the grounds around the new Bayfield School. You may engage Indians to do this work under the supervision of a foreman, the wages to be paid to be reasonable. You will kindly see that the work is carried out in accordance with your instructions and the expenditure should not exceed \$75.00.

You will be given directions in the near future as to where to buy the furnishings for the school-room.

I have to report the following facts. Besides the grading, which I wrote you about last week, there is an out-house (privy) required about 14 x 6. This can be built by the contractors, as they have considerable material left over.

Sir,-

I beg to return herewith the progress certificate sent by you in favour of Mr. John Poirier, the contractor for the new school-house at Bayfield, as the same is not made out correctly and cannot be paid in its present shape.

MS

You were informed on the 8th of September, last, that if you did not understand how to make out these certificates the Department would esteem it a favour if you would consult with somebody who might assist you. Apparently you have not carried out this suggestion and the Department would like you to do so, as it is too bad that the contractor should be kept out of his money owing to your failure to perform your part of the work. Be good enough to have this matter attended to at once, so that there may be no delay in making payment to the contractor. The printed form of certificate is plain and simple and explains itself.

Enclosed find account of Messrs. Somers & Co. I received your letter re the price of the desk ~~but~~ I had ordered it before that. I cannot understand how any suitable desk for that schoolhouse could be bought for ten dollars. As for the rest, I went by the instructions of Mr. Boyd, Indian Superintendant and the letters of the Department, also the telegram. I am happy to state that the ^{School} Indian started the first of December, with an attendance of thirty four the first day, and increasing. The children are clean and well dressed, and appear to take an interest in the school and the manual exercises.

A CONTRAST .. SCHOOL HOUSES

The Fine New Indian School at Bayfield and its Neighbor

A Sydney resident who spent the Christmas holiday in Antigonish county remarked upon the tremendous increase in the number of Indian residents in that part of the province.

At a point in Afton district adjacent to Bayfield Station a very large school has been erected within the last month or two and within easy access of this school a considerable number of Indian dwellings have been built for the accommodation of the largely augmented Indian population.

The school building is a most elaborate and well finished edifice.

Roomy, with high ceilings, and most convenient internal fixtures, it is well calculated to cope with the ever increasing requirements occasioned by the progress in the methods of education.

The building is situated on a slight eminence and is a new landmark for the countryside in the immediate neighborhood. The school has two very elaborate verandahs and the general outline is such as will not allow it to be said that the structure is an eyesore among the beautiful surroundings.

Being entirely for the use of the Indians the building has, of course, been put up by the federal government and is a tribute to the usual thoroughness with which such necessary works are managed.

In direct contrast to this splendid building is the shabby little hovel which serves as a school house for the children of the many farmers around. Small, inconveniently situated, in a state of apparent disrepair and altogether out of keeping with the more recent structure for the provision of education of the Indians, it is a

Enclosed herewith you will find my school report for the month of March.

I have noticed that there is a quantity of brush lying about the school yard and vicinity. Besides being an eyesore it is very dangerous. Very little would set fire to this old brush and if it once caught fire I consider that it would be very difficult to save the school. I would therefore strongly recommend that this debris be carried a safe distance away from the school and then burned. Although I consider that this should be done I do not care to have it done without your authority.

Kindly advise me at your convenience, how you wish me to act in this matter.

Referring to your letter #183163/5 under date of May 16th, I beg to say that I have gone into the matter to which you refer and have come to the conclusion that the cheapest way to get this work done is by contract.

Mr Donald McLellan of Heatherton has been on the ground and in communication with Mr Rogers the teacher and has offered to make the proposed changes in the present "outhouse" and also erect a second one for the sum of \$40.00. This may seem large but I feel sure that if it is done on days work the work will cost as high as \$50.00 as it would be necessary to have a foreman that would look for big wages and besides it is difficult to get labor that would have even a tolerable knowledge of Carpertering work, without paying a large wage. It would seem to me that any work done of this kind could be done cheaper by contract as I have always found it to be the case that where any Government work was going on, the work-men were inclined to make a long job of it.

Kindly let me know how you wish me to act in this matter. In this connection I might say that this work should be undertaken as soon as possible as the people will be at haymaking in about six or seven weeks time and cannot undertake any extra work.

Trusting to hear from you in this matter at your convenience, I remain,

Your obedient servant,

John Cameron,

Sir,—

The enclosed Voucher will, I think, explain itself. A reference to the correspondence in your office on this subject will indicate that the amount involved in the original agreement was \$5.00, but subsequently a misunderstanding arose about a right of way, and in order to avoid trouble and delay, I finally agreed to pay \$10.00 for the water supply and full privileges as specified in the Deed which I forward herewith. But as the preparation and execution of the Deed cost the Department only fifty cents, I think that, after all, the expenditure on this account may be regarded as quite moderate.

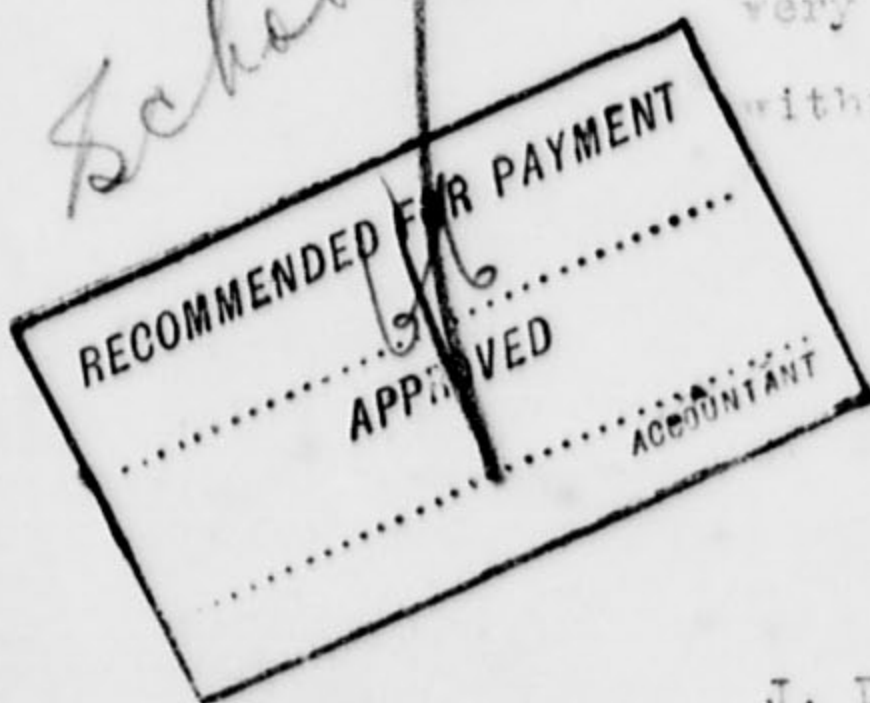

The water supply is copious and of the very best quality, and the only one procurable within reasonable distance of the school.

A. J. Boyd.

Sir,—

I am enclosing Vouchers for Painting the Aften Indian Day School. you will note in asking for prices on Paint & oil. that I only asked for quotations on No 1 fine white lead, and pure raw linseed oil, as I did not know than what would be required for the inside painting and the quantity that would be required, and as Mr Spent prices were the best. I bought from him and as he is handy the School. we got what was actually required. a very good job has been made. of the painting both inside and outside. with the exception of the roof. as the shingles are getting bad. it was no use putting paint or stain on them. next year the roof will have to be shingled all over and then it can be painted or stained. *ganmani*

Replying to your letter of the 26th instant, I beg to say that you may arrange to have the out building at the Afton Indian Day School thoroughly cleaned and placed in a good, sanitary condition. We note that you estimate the cost of this work to be approximately \$5.

You may also purchase and have installed two locks, with keys, for the doors of the same building. These keys should be kept in the possession of the teacher. He should see that the doors are properly fastened after school hours.

Please forward properly certified vouchers, in duplicate, covering the expenditure incurred.

REQUISITION FOR SCHOOL MATERIAL

For Afton Indian Day School on Afton Reserve
 Reserve in Antigonish & Guys Agency.

Date March 13 1928

ARTICLES	NO. ON HAND	DATE OF LAST RECEIPT	NO. REQUIRED	NO. AUTHORIZED	REMARKS
Pencils	15 yds	Jan 5	15 yds	15 yds	This is necessary as children often have colds and are without them and being without them is physically dangerous as well as mentally disgusting.

One news paper — Learning and reading from this would be much more educational for those Indians than ordinary school books. It will teach them English, Geography, History and many allied subjects much easier than studying from text books, but most of all they would learn to continue reading after leaving school and obtain some connection or interest in the outside world rather than always thinking along their own private line which does not cover a very large sphere.

The Evening Mail, Halifax is one of our best and cheapest papers (altho conservative). The Family Herald and Weekly Star is a very instructive weekly paper. However we shall be satisfied with a substitute if you so desire.

Sir:

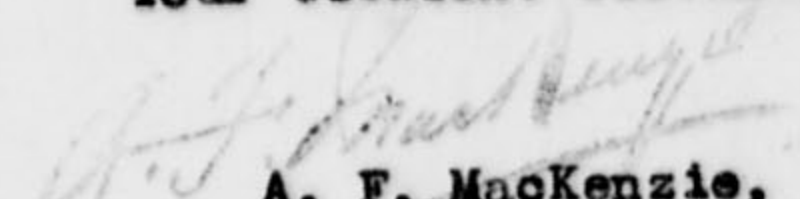

I have your letter of the 15th instant, enclosing a requisition from the teacher of the Afton Indian Day School in which she requests that 15 yards of cotton and a daily paper be supplied for the use of the children at the Afton Indian Day School.

In reply I beg to say that you may arrange for the purchase of 15 yards of cotton to be made up into handkerchiefs for the use of the pupils, and you should forward an account, in duplicate, properly certified, covering the cost.

Relative to the request for a newspaper, I beg to say that the Department does not furnish equipment of this nature to its schools. I, therefore, regret that we will be unable to comply with the teacher's request to supply this school with a daily newspaper.

An order will be sent the Government Stationery Office to forward to the teacher's address the quantity of lead pencils which he asked for.

Sir, - I am enclosing Voucher in favour of "Murdoch Cross" for work done at the Afton Indian Day School. During a heavy wind storm lately some of the shingles came off the roof and I had to get him to patch it up before rain would get in. Last year when we painted the School we did not stain the roof due to the shingles not being good. It will be necessary to shingle the school roof this year as the shingles are getting bad and dropping off. It will take about 17 \$ to shingle it and then it will have to be stained. I was making an estimate of what it would cost and figured about \$200.00. Besides one of the doors broke during a recent wind storm and they are about set pair of glass broken which would be about \$20.00 extra kindly advise if the Department is prepared to have this work done. I remain your

Ottawa, May 10, 1928.

Sir:

I have your letter of the 7th instant, relative to the reshingling of the roof of the Afton Indian Day School, and giving an estimate of the cost.

In reply I beg to say that the Department will approve of having this work carried out when considered timely by you to do so. You should arrange for the purchase of the shingles, obtaining competitive prices, if possible, and you should see that a good grade of shingles is supplied. The work of putting on the shingles should be done by day labour, and Indians should be employed, if possible. You may also arrange to have a new door installed and any broken glass replaced. We note that you estimate the cost of the reshingling of the roof and the replacing of the broken door and glass to be approximately \$220. The Department will expect you to see that a satisfactory job is completed.

After this work has been completed, you should forward vouchers, in duplicate, covering the cost of the material and for the labour employed.

The voucher which you submitted in favour of Murdock Cross will be paid.

Dear Sir;

There was a teacher's
institute at Heatherton
yesterday under the direction
of Mr Dewalt and Miss Baker
from the Normal College, Lewis
They laid stress on all kinds
of work but especially
emphasized outside work
and play ground equipment
and supervision. The latter
they put on a higher level

than inside work, because
it is so often neglected,
and went on to explain
how much easier and
simpler ^{and lasting} it was to teach
physically as well as mentally
and morally than outside
games etc rather than three
books or direct study

They made a special
offer to all teachers present:
that is they will give a
number of library books
free to all schools putting
three pieces of play equipment
on the school grounds. Bung

Scobee I do not wish to
let the free offer pass but
take this opportunity to ask
for same as I believe it
will bring out as fine results
as they mentioned and which
you already know about. The
equipment may consist of three
of the following (1) sand pile
(2) merry-go-round (3) jumping stands
(4) parallel bars (5) valley ball
(6) a substitute. I think three
pieces could be constructed
for a sum not to exceed ten dollars

Sir:

I have your letter of the 23rd instant, relative to the providing of playground equipment for the pupils of the Afton Indian Day School, in conformity with the recommendations of the Teachers' Institute, which you recently attended.

In this connection I beg to say that we will authorize Mr. Indian Agent Cameron to incur an expenditure of approximately \$10 in the providing of equipment such as mentioned by you. He will also be requested to consult you as to what is required and you should discuss this matter with him. We will place an order here for the supplying of volley ball equipment and have same sent you in due course.

Sir:

The teacher of the Afton Indian Day School, as a result of a recommendation made by the Teachers' Institute, which he recently attended at Heatherton, has requested that playground equipment be provided for the use of the pupils. The Department will approve of your incurring an expenditure of approximately \$10 in the providing of the equipment which the teacher considers necessary. You should consult him in this matter and arrange for the installation of the equipment to an amount not exceeding the above mentioned sum. Please forward accounts, in duplicate, properly certified, covering the expenditure incurred.

We are placing an order here for a volley ball equipment for the use of the pupils and will forward same to the teacher.

Dear Sir;

Enclosed find a bill of some of our material, which you asked for in regard to the payment of \$8.00 to help cover the cost of material wasted in starting our reed work. On receipt of this I ask you to allow me the eight dollars promised.

I also ask you to advance me one hundred dollars of my teaching salary, (it is not really salary in advance as I have already taught two months of this term.) This is needed as I find it necessary to keep quite a bit of material as well as finished projects on hand.

Sir:

I have your letter of the 27th ultimo relative to the request of the teacher of the Afton Indian Day school to be supplied with a quantity of reed, etc., in order that he may continue teaching reed and basketry work to the Indian children and adults. In reply I beg to say that the Department will approve of an expenditure, not exceeding approximately \$26.00, in the purchase of the supplies required by the teacher. I am returning herewith the list of the supplies required as prepared by the teacher and you may place the order for same. Please obtain an itemized account, in duplicate, covering the cost of these various supplies and, when the goods are received, you will certify the account in the usual manner and send it to the Department for payment.

Your obedient servant,

A. F. Mac Kenzie.

Sir:

The Department understands that Mr. J. L. McDonald, teacher of the Afton Indian Day School, is conducting classes among the older pupils and Indians on the Reserve in basketry and reed work, and that part of this instruction is being carried on after regular hours. In order to encourage this work among the Indians and to assist the teacher, the Department will provide the expenditure required in supplying the reed, frames and other materials needed by the teacher for this work. He should prepare a list of the materials required, and you may place an order for same. You should obtain an itemized account, in duplicate, covering the cost of the various supplies, and when the goods have been received and checked over by the teacher, you should certify the account in the usual manner and send it to the Department for payment. I shall be pleased if you will give this matter your prompt attention.

EXTRACT from Report of Mr. Inspector A. F. Chaisson, dated May 12th, 1930, on his inspection of the AFTON Indian Day School.

Original on File 46-1-6.

One Building:-

Suggestions Regarding Repairs:

The section of stovepipe leading from the stove nearest the teacher's desk is in poor condition and should be replaced. The lower panels in the front door of school are split and partially torn away and, unless given attention, will not last much longer. The front steps of the school are broken, the bottom step being supported at present by wire and a few light sticks. I should say that it is unsafe. Three boards ought to be replaced in the entrance platform as they have worn and rotted through. One pane of glass needs to be replaced in the front door and another in a small window next the stockroom. The ceiling of the school-room ought to be whitened. At present, it is very dingy and whitening would result in a much more pleasant room, and presumably a valuable psychological effect on the children's work.

School grounds in good condition. Outside of the points mentioned, the plant is in good condition.

General Remarks: Certain suggestions for improvement have been made under the preceding heading. The teacher would like to have a baseball bat and two softballs for the boys. A swing for the girls would also be well worth while and if it is possible to erect one in the school grounds, I think that it would be an asset. The teacher would like to have 25 tin drinking cups for individual use by the students. At present, they must use the same one or drink out of their hand as I observed some doing. I think that the use of such cups, in addition to promoting sanitation, would also have an educational effect.

Ottawa, May 20, 1930.

Sir:

The Public School Inspector, in a report on his recent inspection of the Afton Indian Day School, states that the following repairs are required in order to place the school in good condition:

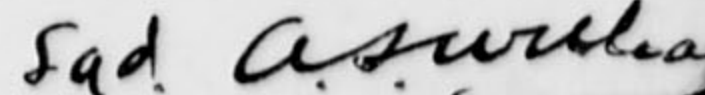

"The section of stovepipe leading from the stove nearest the teacher's desk is in poor condition and should be replaced. The lower panels in the front door of school are split and partially torn away and, unless given attention, will not last much longer. The front steps of the school are broken, the bottom step being supported at present by wire and a few light sticks. I should say that it is unsafe. Three boards ought to be replaced in the entrance platform as they have worn and rotted through. One pane of glass needs to be replaced in the front door and another in a small window next the stockroom. The ceiling of the schoolroom ought to be whitened. At present, it is very dingy and whitening would result in a much more pleasant room, and presumably a valuable psychological effect on the children's work."

I have to request that you will arrange to have the repairs required as mentioned by the Inspector carried out at the earliest possible date. You should arrange for the purchase of any materials required in the carrying out of the repairs and for the labour. It is expected that you will see no unnecessary expenditure is incurred and that all work is satisfactorily completed. After these repairs have been carried out, you should forward accounts, in duplicate, properly certified, covering the cost.

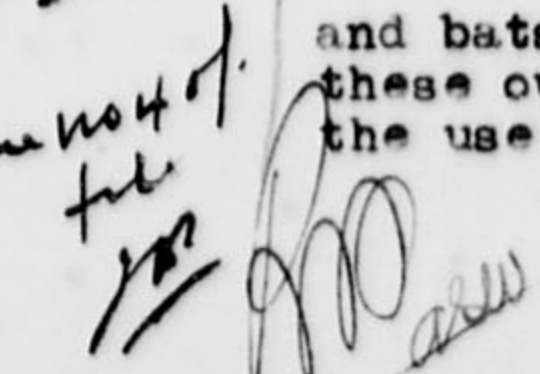

The Inspector also recommends that 24 enamel drinking cups be supplied for the individual use of the pupils. You may arrange for the purchase of this number cups and have them delivered at the school. If hooks are required on which to hang same, you may also make the purchase and have the hooks installed.

The Department is ordering two indoor baseballs and bats, and will forward same to the teacher. One of these outfits is for the use of the boys and the other for the use of the girls.

A. S. Williams,

Sir:-

I beg to report that a great part of the school grounds at the Afton Indian Day School is quite grown up with small trees and bushes. As this school is located on the main highway, it would redound very much to the credit of the Department to have these grounds put in proper condition and also greatly improve the appearance of the premisses. I understand that in the past these grounds have been cleared but during the last few years they have grown up again. However, I would suggest that another effort be made to improve them and that they be ploughed and seeded this fall.

For this purpose I would recommend that an expenditure of approximately \$100.00 be allowed please and in future we shall put a little work on them every year so as to keep them in a proper and attractive condition.

Your obedient servant,

Inspector of Indian Agencies.

REQUISITION FOR SCHOOL MATERIAL

Date *March 28th* 1931

Afton Indian Day School Agency

NOTE:—Teachers should secure from the Department of Education, of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books, only those authorized in this list should be requested.

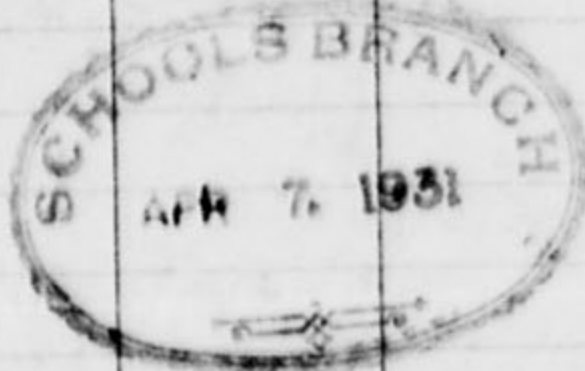

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Ottawa, April 7, 1931.

Sir:

I have to acknowledge receipt of a requisition from the teacher of the Afton Indian Day School for material to be made into garments for the children. It is noted she requests that 40 yards tubfast broadcloth, 40 yards printed broadcloth and 25 yards sateen be supplied. The Department considers that cheaper materials should be used, and I would suggest either gingham or print instead of broadcloth. It is also considered that a cheaper material than sateen could be used for dresses. After discussing the supplies required with the teacher, you may arrange for the purchase of the quantity of either type of material considered necessary. The 25 yards of factory cotton asked for may be supplied.

Please forward an itemized account, in duplicate, properly certified, covering the expenditure incurred in the purchase of the materials supplied.

A. F. MacKenzie,
Secretary.

Ottawa, October 20, 1931.

Sir:

Replying to your letter of the 14th instant, I have to say that the Department will approve of the serving of a hot lunch to the various Indian schools in your inspectorate, the same as was done last year. The schools at which this lunch was supplied to the pupils were as follows:-

Eskasoni,	Indian Cove (Pictou Landing)
Sydney,	Afton .
Whycocomagh,	Salmon River.

The supplies for the lunch should be of the same type and approximately in the same quantities as last year. You may inform the various agents, arrange with them to purchase the articles and have the teachers start the serving of the lunch from the middle of November, next. They may continue serving lunch to the pupils at these schools until the end of April, 1932. All expenses in connection with the purchase of the supplies required should be kept as low as possible. Itemized accounts, in duplicate, properly certified, should be forwarded, covering the expenditure incurred in this connection for each school, separately.

E X T R A C T from Report of School Inspector MacDonald
regarding his inspection of the AFTON INDIAN DAY SCHOOL
on November 20th, 1931.

Original on File 46-1-6.

1 outhouse (toilets) double. This building is in
poor condition and was filthy on the date of visit. I
would suggest that locks would be placed on these doors
and keys left in school room.

I believe, also, if part of the grounds was plowed,
that the school might well organize a garden club, like
many 'white schools'.

Ottawa, December 5, 1931.

Sir:

The Public School Inspector, in a report on his recent inspection of the Afton Indian Day School, draws attention to the condition of the toilets. He states this building is in poor condition and was filthy on the date of his visit. He suggests that locks be placed on the doors and the keys left with the teacher.

I have to request that you will arrange to have the toilets thoroughly cleaned out and placed in a good, sanitary condition. You should also have locks installed on each door and the keys placed in charge of the teacher. The toilets are only to be open during regular school hours.

The Inspector recommends that part of the grounds be plowed in order that the school might organize a garden club next Spring. You might draw this matter to the attention of the Department in the early Spring, giving particulars as to the work to be carried out and the cost of same.

Sir:

Replying to your letter of the 12th instant, I have to say that the Department will approve of an expenditure not exceeding the sum of \$7 in the purchase of supplies for a treat to the pupils of each of the following Indian day schools in your Inspectorate at Christmas: Afton, Malagawatch, Indian Cove and Middle River; a grant not exceeding the sum of \$10 each in the purchase of supplies for the following schools: Eskasoni, Sydney and Salmon River, and a grant not exceeding the sum of \$12 for the Whycocomagh School.

The person making the purchase of the supplies in each case should obtain itemized accounts, in duplicate, covering the expenditure incurred. These accounts should be forwarded to you, to be attached to proper voucher forms, certified in the usual manner and forwarded to the Department for payment. Separate accounts, in duplicate, with supporting vouchers, should be forwarded covering the expenditure incurred for each school separately, and you should quote on the voucher the file number and date of this letter as authority for the purchase.

Sir:

Replying to your letter of the 3rd instant, regarding the supplies required for the pupils' midday lunch at the Afton Indian Day School, I have to say that, as our funds this year have been considerably reduced, it will only be possible to allow the supplying of a hot drink. You may arrange for the purchase of the quantity of cocoa, sugar and milk necessary, from time to time, for the serving of a hot drink during the period from November 1st, next, to approximately April 15th, following.

Please forward itemized accounts, in triplicate, covering the cost of the supplies purchased from time to time.

Dear Sirs;
Last spring the fence enclosing
the grounds of Afton Indian School
was all down and I was told by Mr. McKel
who was then Inspector of Indian Agencies
to do the job. I did it in June and
have not received my pay yet. I
charged in dollars for the work.
I beg you to be kind enough to send it
along as I am in need of it.

Yours truly,

Sir:

In May, last, authority was granted to have certain repairs carried out to the fence surrounding the grounds of the Afton Indian Day School to an expenditure of approximately \$10. This was to include the cost of supplying any new posts required. The work was to be performed by Michael Prosper.

A communication has now been received from Michael Prosper stating that he did the work in June, last, and has not received payment therefor. I would request that you enquire into this matter, and, if you are satisfied that the work has been performed, you should prepare a voucher, in triplicate, in favour of Michael Prosper for the amount due him, certify and forward same for payment. We are informing him that this matter has been referred to you.

New buildings are now needed and I suggest that these be the sanitary type and placed in the school itself. It will cost no more to purchase and install new toilets in the school than to erect new out-buildings.

EXTRACT FROM REPORT OF MR. H. M. MacDONALD
ON HIS INSPECTION OF THE AFTON INDIAN
DAY SCHOOL (Date of Inspection Nov. 23/34).

ORIGINAL ON NO. 46-1-6.

I do not recall any visit to Afton Indian School when I could report that the toilets on the property were satisfactory. In my last report I recommended new outbuildings being erected. I have an idea of late that sanitary toilets placed in the school itself would be the best arrangement. There is ample room for these in the present building.

Sir:

In reference to your letter No 46-1-5 dated Dec 28th 1934 regarding the toilets at the Afton Indian Day School. in which the School Inspector reported on last fall. those toilets are beyond repair and require new ones. I have been getting estimates what it would cost to replace them. and find it will cost \$40.00 for them complete. including looks for doors and painting them which I think is reasonable. so I would ask authority to build new toilets at a cost not to exceed \$40.00 including. lumber. shingles. painting + looks + labour.

E X T R A C T from Report of G. Armstrong, Trust

Antigonish County Agency on August 2nd and 3rd, 1935.

Original on File 77-46.

I visited the Afton School. I found it in very
good shape except that the walls are very dirty and should
be cleaned. The desks have been scrubbed so often that
the varnish has been removed due to the use of soft soap.
Possibly, the desks could be re-varnished and the floors
painted. A number of windows in this school have been
broken and will have to be replaced.

Sir,—

Am a recent visit to the
Afton Indian Day School. I saw where they
were now stone paper & elbows required as
at least some of them were getting bad. I would
as Authority. to have what known paper & elbows
that are required to be supplied. I do not know
exactly what the cost would. but we will keep
it as low as possible. I remain yours

Sir: Miss Forbes Teacher in the Ojibwa Indian Day School told me, some time ago the Local School Inspector spoke to her about giving Manual Instructions to the Pupils. she said he was much in favour of having it. and she had a letter from R. A. Hoy. Supt of Welfare & Training Ottawa, and he also was in favour of having it in the School and asked her to speak to me to bring it up with the Department. she intends to start the girls to learn to knit & sew and I am enclosing a list of material she requires. I think it would be a nice thing for them to learn a part time each day. if the Department approves of it. I would wish if they will supply the material list. or give authority to purchase same. I do not know what it would cost. but think about \$15.00 awaiting your reply & remain yours

Sickness, sending or taking children begging,
going away from Reserve during warm weather, occasionally
will keep pupils at home if corrected in school. If the
Indians could be induced to remain on the Reserve and culti-
vate the land so as to have produce for the winter, I think
they would be far better off than now. If they were put
under some compulsory law in regard to their children attend-
ing school, I think would be a benefit to them. Of course,
the people are very poor, therefore, in the spring, having
no farm implements and no seeds, or fertilizer, or anything
needed for farming, they take their families to the sea-
shore. I think if ^{they} could be supplied with the above for one
or two years, making them understand that from year to year,
to try produce their own seeds for future use, as well as
what they want to use in their homes, more of them would
remain on Reserve, at least, if they would remain until
closing of the school for summer vacation.

Only 15 children on reserve.

Madam,

Referring to your annual report on the Bear River School I beg to say that your remarks with reference to enforcing the compulsory attendance of children have been noted. the Department, however, is not prepared to place the regulations in force on this reserve until all other means have failed.

One of the first essentials is that the teacher should obtain the confidence of the parents. This can only be done by visiting their homes and impressing upon them the necessity of taking advantage of the facilities provided by the Department for the education of their children.

In many of our Indian schools the teachers are giving instruction in sewing and in some cases, where considered advisable, provisions are supplied to give a light mid-day meal. The Department would like to know whether you consider the teaching of sewing would be an incentive to more regular attendance and, if so, whether you would be prepared to take up this work if the necessary materials were provided.

You will be good enough to report fully on the conditions of the homes of these Indians and whether there is any necessity for the provision of a mid-day meal by the Department.

Perhaps I did not make quite plain the cost of lunches for five days, for one pupil.

As I stated,

1 lunch cost about $3\frac{2}{3}$ cents
5 lunches " " $5 \times 3\frac{2}{3} = 18\frac{1}{3}$ cents.

Bear River,

To The Department of Indian Affairs:-
Ottawa:

I am now writing you a few points
in regard to the school on Indian Hill:-

The school reopened Sept. 19th. instead of the 29th. of
Aug. I was ready, and half-way on my road to Bear
River, when I was informed, that the work on the school-
house, was not far enough advanced, for me to begin
teaching.

The first week was very damp and cold: the stove
was not up: I spoke about it, and thought it would be
up by Friday, so did not go up to the school-house on
Thursday, as I had just got over a severe attack of
rheumatic neuralgia in my arm and shoulder: that is
the reason I did not go to school. Monday morning I
was a little late and made up all my time, by
giving no recess, teaching part of my dinner-hour and
after school: I always make up my time I lose, on the
same day: it does not happen very often.

I am making these explanations for this reason: Mr.
Parry, the Agent, made one of his very few calls, on
Monday, and it being the very first time, he did not
find me at my post, he made complaints to two
parties about me and my time. I was afraid, he
did not understand; and as he said, "he had a big
report to send in to Ottawa" I thought better for me to

explain my affairs to the Department.

I trust and hope, that the delay in opening the school will not prevent me getting my salary: Dear Sirs, my circumstances are certainly in a bad condition in regard to finance. I am trying to provide for an income mother, so as not to have to send her away and for a sister to take care of her: then having to pay board and other expenses, you see, how I would be situated.

The pictures of His and Her Majesties, King George V and Queen Mary, the Indians are framing and will hang them in the most prominent part of the school-room.

The school-house is all that can be desired: I am just delighted with all parts of it: no fault can be found.

I pay particular attention to the Calisthenics and note an improvement in pupils' shoulders already.

Am I still to continue to give the pupils the mid-day lunch? they are doing well in sewing.

Am I asking too much, when I ask you, if you could please send my cheque direct to myself.

I try to my utmost ability, to do my work faithfully and correctly in every point.

Trusting all the above, will be satisfactory and hoping to be corrected if in any fault.

I remain Yours Obediently,

1 lb. bacon .22

1 lb. pork .20

5 loaves bread @ 15^{cts} per loaf

1 can milk .12 would last two weeks.

1/2 lb. tea .15. " " " "

Now, in regard to the cooking of the meals, if
there was a small cooking stove put in the school

Sir,

The Department considers it advisable to re-commence the serving of a mid-day meal at the Bear River school during the winter months. Miss Shea, the teacher, has submitted to the Department a list of the supplies that she thinks it well to purchase and she estimates that the cost will not exceed \$1.50 a week. You may, therefore, consult with Miss Shea and purchase for her the articles which she mentioned in her recent communication to the Department.

The teacher has suggested that it would be well to purchase a small cooking stove in order that she might teach the girls cooking. The Department would be pleased to have your views on this matter and you might ascertain the cost of a suitable stove for this purpose.

Supplies that are not perishable should be purchased in sufficient quantities at one time to last for several weeks.

Sir,-

In addition to the general instructions given you in connection with your work as Indian Agent it is desired to add the following respecting schools.

The Department wishes you to pay particular attention to this very important feature. As Indian Agent you are the official who will directly represent the Department and the success of the school in your agency will depend to a large extent upon your cooperation with the teacher. It is noted that where there are capable teachers and enthusiastic agents the Indian schools compare favourably with white schools similarly situated.

You should visit the Bear River school at least monthly. The buildings and surroundings should be kept in good repair. Authority should be obtained before any expenditure is incurred, unless in cases where the sum of money involved is small and delay would cause inconvenience.

All requisitions for school material and supplies and returns of various kinds should be forwarded by the teacher through your office.

You should use your influence with the parents to obtain a regular attendance. A copy of the rules and regulations relating to the education of Indian children is sent you herewith.

At the end of each month you should submit a report

Sir,-

I beg to advise you that Miss Thibodeau, who was recently appointed teacher of the Bear River School, has resigned. It will be necessary to secure a successor and the Department will be glad if you will make inquiries with this object in view. A salary of \$400.00 per annum will be allowed for a competent teacher with proper certificates, but no appointment should be made without the expressed approval of the Department. This is to avoid any misunderstanding as the Agent, Mr. Harris, is also being instructed to endeavour to secure the services of a teacher.

Sir,-

Referring to the subject of your letter of the 26th. ultimo, I enclose herewith an application from Miss Agatha McGinty, Mill Village, Queens Co., N.S., for the Indian school at Bear River, N.S.

I know nothing of her qualifications beyond the fact that she is a duly licensed teacher according to the School Laws and Regulations of Nova Scotia.

In acknowledging the receipt of her application, I stated that I did not think the Department would agree to engage her only for a half year.

Dear Gentlemen:-

I am making my application
for the Bear River School, Indian,
which I have taught for three
years and trust you will favor
me again, with it, for the coming
year.

I have tried to do all I can to
instruct the children and will
continue to do so, if I am given the
school again, for the coming year.

REPORT OF INSPECTOR FOSTER ON THE BEAR RIVER DAY SCHOOL.

TEACHER, - Mary Agatha McGinty.

Miss McGinty seems to be doing fair work. There are a few facts however that I wish to report on. In the first place, Miss McGinty seemed to think it was undue interference, on my part in visiting her school. Her manner was "crusty" and by no means pleasing to me.

Her register is not marked daily. I called Friday and there was no attendance marked for the week. She stated she could trust her memory for that period. Again pupils are marked for an entire day, always. There were no half days in Miss McGinty's register not were the proper marks given for tardiness. I would recommend that Indian teachers certify to the correctness of their register under oath.

School opens at 9.30 and closes at 12 with no recreation period. It opens in the afternoon at 1.30 and closes at 3.30. I would recommend a short recreation period especially in the forenoon session.

Report dated, -November 10th, 1916.

Sir,

The Department is in receipt of a report on your school by Inspector Foster. He is the authorized inspector of the Bear River school and the Department expects you to extend him, every courtesy when he visits the school.

The Inspector states that the register is not correctly marked. If you consult the inside cover of the register supplied by the Department, you will find full explanations as to the manner, in which the register should be kept. The register should be marked, daily.

A copy of the Indian day school regulations is enclosed in this letter and you will notice that the morning session should be from 9 A.M. to 12 noon and the afternoon session from 1 P.M. to 4 P.M. with a recess during each session of not less than 15 and not more than 20 minutes. The Department is informed that you do not allow recess. In future, you will be expected to adhere, strictly, to the regulations.

Sir,-

Inspector Foster recently visited the Bear River Day School. He reports to the Department that the teacher did not receive him very graciously.

Miss McGinty is being informed that Mr. Foster is the authorized inspector of this school and every courtesy should be extended to him.

The inspector further states that the register is not being kept correctly and that no recess is allowed the pupils.

The Department has forwarded the teacher a copy of the Day School Regulations with instructions to carry out these regulations in regard to the school hours and also to mark the register daily.

You will be good enough to see that Miss McGinty carries out the instructions sent her. A copy of the Indian Day School Regulations is enclosed herewith.

I can do as much work with them in the shorter period as with the longer and the children do not find it hard a day.

I am very much interested in them all and like to work with them.

I ask you kindly if you will please allow me to continue with them just as I have been.

Inspector Foster, who visited the Bear River Indian Day School on November 8th, reports that there were only three children present although there are thirteen children of school age on the reserve.

He further states that the poor attendance is due to lack of interest on the part of the parents.

Kindly point out to the Indians the necessity of them sending their children to school regularly. If they do not do so you should enforce the regulations strictly.

I have to acknowledge the receipt of your letter of the 15th instant, in which you state that Miss Agatha McGinty, teacher of the Bear River school, informed you that she will not be able to take the school after this term and that you think it would be well to give Miss Agnes Gorman, an Indian girl, a trial at this school.

In reply I beg to say that Miss McGinty's resignation is accepted.

The Department will approve of the appointment of Miss Gorman as teacher of this school at a salary at the rate of \$400.00 per annum, her duties to commence on the re-opening of the school after the summer holidays.

As you are no doubt aware, the Department paid for this girl's clothing while she was attending the Normal school and it was understood that when she began to teach she should refund the money so expended, which amounted to about \$90.00. The Department has decided, however, to only ask her to refund \$75.00 and, if she takes charge of this school, \$25.00 will be deducted from her salary each quarter for the first three quarters she teaches to make up this amount.

Kindly let the Department know whether Miss Gorman accepts this position or not.

I beg to Report that I am closing the
school until the 28th instant,
as all school and churches in this town
has been closed on account of the
Spanish Influenza, which at the present
time is quite severe in this town,
although at this time there is no case

I have your letter of hand of Oct 19th instant, relating to Miss Gorman, who had been surrounded by the Indians, beg to say that I wrote the Supt on the 19th that I wanted to employ a Towyer but have not heard from the Supt yet. Miss Gorman informs me that she does not want any action taken against the Indians, she was told that it did not amount to much. I also wrote the Supt that I was closing the school from the 15th to be opened on the 28th instant on account of the Spanish Flu.

On the 26th Miss Gorman informed me that the place where she boarded that they were sick and could not sleep her any longer, and that she could not find any boarding place & have tried myself and the same result so she had to go home to stay the 28th until I can find her a place, she could get board on the reserve but she would associate with them and I find the white people would take up Indians to board, I am afraid it will be hard for Miss Gorman to make a success in teaching as she would associate with the Indians that makes them jealous of her & must say that the Indians in this reserve are of a very low class & think more of

that other places. I found that Miss Gorman was of a higher class of Indian that made it hard for her, as the Indians here think they are as good as her. Miss Gorman told me she would of liked to have taught this school until she had paid back the debt what they had spent on her, so it looks that another teacher will have to be got. Any further information the Dept wishes I will be glad to report.

Schools Branch -

Please let me have a report with reference to the Bear River school, giving the salary of the teacher, who is at present employed; since what date; and what sort of reports there are as to her work. I would also like to know whether or not Miss McGinty, the former teacher, gave satisfactory service.

I think it well to give you some further information in regard to these two teachers.

On the 15th of April, last, Mr. Agent Harris notified the Department that Miss Agatha McGinty had informed him that she would not be able to take this school after the end of the June term.

On the 17th of April of this year Mr. Superintendent Boyd wrote the Department stating that he understood that Miss McGinty, Indian teacher at Bear River School, had resigned her position and, if so, he would recommend that Miss Agnes E. Gorman, an Indian girl from Berwick, who had obtained a Grade "D" Diploma from the Normal School at Truro, N.S., and the cost of whose education and maintenance had been borne by the Department, should be appointed to succeed her. Mr. Agent Harris also recommended Miss Gorman's appointment. The Department informed Mr. Harris that Miss McGinty's resignation would be accepted and that it would approve of the appointment of Miss Gorman, her duties to commence on the re-opening of the school after the summer holidays.

He was also told that the Department had paid for this girl's clothing while she had attended the Normal School, on the understanding that when she began to teach she should refund the money so expended, which amounted to about \$90.00. The Department decided, however, to only ask her to refund \$75.00. Mr. Harris was informed that if she took charge of the school the sum of \$25.00 would be deducted from her ~~her~~ ~~his~~ salary each quarter for the first three quarters she teachers to make up this amount.

The great difficulty at this school is to obtain a suitable boarding place for the teacher. Miss McGinty was forced to live in an hotel about a mile and a half from the school. The white family with whom Miss Gorman was living took sick and could not keep her any longer and she was unable to find suitable accommodation, as the white families object to boarding an Indian and she would not live with the Indians on the reserve. The Agent states that the Indians of this reserve are of a very low class and he does not blame Miss Gorman for not wanting to live with them. He also states that Miss Gorman would like to have stayed on until she had paid back what the Department had spent on her, but that it looks as if another teacher will have to be found.

MEMORANDUM.

Mr. Scott.-

In reply to your memorandum of the 12th instant with reference to the Bear River School I beg to say that the salary of the present teacher, Miss Agnes E. Gorman, is at the rate of \$400.00 per annum, which is the amount paid to the previous teacher for the past six years.

Miss Gorman took charge of this school on the 2nd of September, last, and in his report on this school for the month of September, last, Mr. Agent Harris states that the attendance during the month has been the best that it has been for months and he trusts that it will continue. Mr. Foster, the Public School Inspector, in a report on this school dated the 8th ultimo, states as follows.- "Miss Gorman is a young, inexperienced girl. On this, my first visit, I endeavoured to give her as much aid as possible in planning her work and as to method in teaching. With experience she will likely become an efficient teacher".

There are fifteen children of school age on the reserve, fourteen of whom are enrolled, and there was an average attendance of 10.4 for the month of September.

The school was closed on the 16th ultimo on account of the epidemic of influenza and has not been re-opened, so far as I am aware.

With regard to Miss McGinty, the former teacher, I beg to say that she had charge of this school from September 3rd, 1912, until the end of the June quarter, of this year. The average enrolment for the six years that she was in charge was 12.5, with an average attendance of 7.7.

Mr. Morse and Mr. Foster, the Public School Inspectors, who visited this school while Miss McGinty was in charge, gave satisfactory reports on her work.

MEMORANDUM

Mr Mitchell -

With reference to your enquiry regarding the Bear River school, I have to say that at present the teacher is Miss Agnes E. Gorman, who has been employed since the 2nd. September last, and is paid a salary of \$400.00 per annum, this being the amount paid the teacher of the school for the past six years. There are 15 children of school age on the reserve, 14 of whom are enrolled, and the average attendance for the month of September was 10.4. The school was closed on the 16th. October on account of the influenza epidemic, and so far as I am aware is not yet reopened. The Public School Inspector in his report on this school states that Miss Gorman is a "young inexperienced girl, but that she will likely become an efficient teacher." The attendance for the month of September was the best it has been for some time.

With reference to Miss McGinty, the former teacher, I have to say that she had charge of the school from September 1912 until the end of the June quarter 1918. The reports of her work as teacher are satisfactory.

Sir,-

According to the statement of Mr. Agent Harris of Bear River to me, you are already aware that Miss Agnes E. Gorman, the teacher in charge of the Indian school there, had to close her school and go home to Berwick, Kings County, on account of not being able to get a suitable place - in fact any place - to board, simply because she is an Indian - a very insufficient reason, I should say.

I was at Bear River quite recently and looked into the situation. As a result, I can see only one way out of the difficulty, namely, to provide her with a temporary residence on the reserve, if such can be had, so that she may keep house for herself, which I would recommend. There is just one vacant dwelling that would suit the purpose, but whether its owner, who is absent, would be willing to rent it for Miss Gorman's accommodation, I do not know at present. If the Department cannot give this proposed arrangement its approval, I presume Miss Gorman will be obliged to resign as teacher of the Bear River school, which I would regret.

Awaiting your instructions in this case, I am

Sir, -

I have to acknowledge the receipt of your letters of the 16th and 18th instant in regard to Miss Agnes E. Gorman, who has been teaching the Bear River Indian School, and recommending that she be transferred to the Eskasoni School.

In reply I beg to say that the Department is prepared to give Miss Gorman a trial at the Eskasoni School and will pay her at the same rate as at Bear River, viz. - \$400.00 per annum.

In your letter you state that a teacher has applied for the Bear River School. If Miss Gorman accepts the position at Eskasoni you may appoint the teacher to whom you refer to the Bear River School and she will be paid a salary at the rate of \$450.00 per annum for her services.

to inform the Department in his communication in ques-
tion that, acting on my instructions, he had placed
Miss Agnes McGinty in charge of the Bear River school,

MEMO.

Sir,-

I am in receipt of a letter from Miss Mary A. McGinty, - who is in charge of the Indian school at Bear River, N.S., and who has been its teacher for upwards of six years, with the exception of a break covering a part of the present term -, in which she makes a plea for recognition in the matter of bounty allowed by the Department to some Indian teachers for the fiscal year 1918-19, and I have decided to write you in her behalf. I am aware that her claim in that respect is rather defective, according to the terms on which the bounty was granted; but if an exception can possibly be made in any case, I think it should be done in hers for more than one reason.

In my estimation she ranks as one of the most successful, if not the most successful, of our Indian teachers in Nova Scotia, and the fact might well be appreciated in a tangible way. She always gave herself whole-heartedly to her duties, and, as a result, after six years of strenuous and very satisfactory work, her health began to fail. A period of rest was prescribed as necessary in her case, so that it became, one might say, physically impossible for her to retain her position. Therefore, she had to resign her school at the end of the last term, not from choice, but from necessity. After a few months of rest, which restored her to normal health, she applied to be reinstated in her former position whenever the opportunity offered. Under these circumstances, I submit that her plea might be favourably considered by the Department.

I hope the Department will con-

bill, (for the coming year).

In July board is going to be raised to
Eight Dollars a week, (I am paying seven

With the high cost of clothing and traveling
expenses it is rather a hard question to
get along on less than three hundred a year.

I wish the Dept. would consider this for me
so that I can arrange for my boarding house

I would like also for the Dept. to advance

MEMORANDUM.

MR. Scott,-

Miss Mary A. McGinty, teacher of the Bear River Indian Day School, N.S., applies for an increase in her salary. She is at present receiving \$450.00 per annum and bonus at the rate of \$150.00, making a combined salary and bonus of \$600.00. She states that she is at present paying \$7.00 per week for her board, which is to be increased to \$8.00, and that more than half her salary is required to pay for her board.

Miss McGinty began duties at this school on January 20th, 1919, at the above salary. She has a Class "C" Certificate, with normal training, and the Inspector states that she is doing good work. There is an enrolment of 13 children out of a total number of children of school age on the reserve of 15. The average attendance was six during the past year.

The highest salary paid teachers in Nova Scotia is \$500.00 per annum. I beg to recommend that Miss McGinty's salary be increased to that amount.

I have to acknowledge the receipt of your letter of the 17th instant applying for an increase in your salary as teacher of the Bear River Indian Day School.

In reply I beg to say that the Department will allow you an increase of \$50.00 per annum in your present salary from the first of April, last. This will make your salary from that date at the rate of \$500.00 per annum, which, together with the bonus for the present fiscal year at the rate of \$150.00, will give you a combined salary and bonus to the amount of \$650.00. For the qualifications which you possess it is considered that this compares favourably with the salaries paid to teachers of your qualifications in the rural schools in the province.

Mr. Agent Harris is being informed of the increase granted you.

Sir,-

Miss Mary A. McGinty, teacher of the Bear River Indian Day School, has applied for an increase in her salary. She is being informed that the Department will grant her an increase on her present salary of \$50.00 per annum from the first of April, last. This will make her salary at the rate of \$500.00 per annum from that date. She will also be entitled to the bonus at the rate of \$150.00 per annum during the present fiscal year, giving her a combined salary and bonus at the rate of \$650.00. Miss McGinty is being informed of the increase allowed her.

OTTAWA, May 12th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 8th instant, enclosing the resignation, on account of ill-health, of Miss Mary A. McGinty, teacher of the Bear River Indian Day School, to take effect June 1st, next.

In reply I beg to say it is regretted that Miss McGinty finds it necessary to give up duties at this time. Her resignation, however, is accepted, but we would prefer that, if possible, she remain and complete the balance of the school year. If she is not able to complete the present school year, this school will have to remain closed during the month of June, as it will hardly be possible to obtain the services of a teacher for that time.

I also acknowledge the application of Mrs. Rose L. Ford, at present teacher of the New Germany Indian Day School, to be transferred to succeed Miss McGinty at Bear River. This transfer to take effect when the schools reopen after the summer holidays, on or about September 1, next. Mrs. Ford should remain at New Germany and complete the present school year at that point. In making this transfer Mrs. Ford will be allowed salary at the rate of \$450 per annum, plus any bonus provided by law. She receives salary as teacher at New Germany at the rate of \$400 per annum and in making this transfer she will receive an increase of \$50.00. Kindly inform Mrs. Ford of the approval being granted for her transfer to take charge of the Bear River School after the coming summer holidays, on or about September 1, next.

As stated above, if Miss McGinty cannot remain until the end of June, the school will have to remain closed during that month.

Dear Sir, -

I received your letter this morning stating the Dept. would allow me \$50 more, which will almost pay the rent & feel very grateful to the Dept. and also thankful to you.

Mr Harris I am in trouble again. I haven't received my Bonus \$15 per month. Do you think the Dept has withdrawn it? I'm almost afraid they have. If so, I do not see how I shall meet expenses as you know I have two children to care for. I may appear greedy to the Dept. but if they thoroughly understood my circumstances they'd feel otherwise.

Miss McIntyre got \$650 including bonus. She claimed high board & long distance were some of reasons for resigning.

Dear Mr Harris:

I have had Autumn trouble which affected my eye. The Dr. who has been treating it, thought all would be well by Sept. 1, now he feels the eye should rest a little longer.

If agreeable to you and the Dept. I am having Wilson - my son - work in my place for a few weeks. He is a College Grad. & holds 'Superior first-class License' & has had experience.

He will open school Sept 4.

The Dept. has always been very kind any time I have been ill and I feel sure they will not mind Wilson peeppling for me.

The children lose so much time in winter months from colds & want of proper clothing that it would be a great pity for school to be closed during the warm weather.

You know times are very hard and I do not want to lose my position & have no other means of earning my living.

You will please notify the Dept. and I only hope this will be agreeable to you & the Dept.

I am sincerely, Rose L. Ford.

Enclosed please find letter from Mrs. Rose L. Ford teacher of the Indian Day School of this Reserve.

Mrs. Ford has been a good teacher and it would be a pity to lose her services from the school here.

She asks that her son be allowed to substitute for her for a few weeks.

I feel sure that this arrangement would be satisfactory to all concerned as this young man is very capable and has worked his way through college. But owing to scarcity of work in this part of the country has been unable to secure a position.

I would recommend that Mrs. Ford's request be granted and that her son Wilson Ford be allowed to substitute for her until such time as her health will allow her to resume her duties.

INDIAN DAY SCHOOL.

-- DATE OF INSPECTION OCTOBER 11, 1934 --

TEACHER: MRS. ROSE L. FORD.

I find Mr. Wilson H. Ford substituting for his mother, Mrs. Rose Ford. I judge that Mr. Ford is doing his best, but nature had not endowed him with teaching gifts. His arrangement of classes was very poor. Although there were only three pupils in Grade III he had this grade split in two classes. The same was true with Grade V.

I recommend that if Mrs. Ford fails to improve in health and it becomes necessary to name her successor, that this appointment be not given to Mr. Ford. I am not urging, however, any immediate change. I believe Mr. Ford will endeavour to carry out my suggestions. //

Dear Sir -

49-1-1
I beg to acknowledge receipt of letter no 49-1-1
re. Mrs. Ford teacher of Indian Day School.

I do not think Mrs. Ford will be able to teach the
School at the beginning of this New Year.

I called on her and she does not seem to be very
much improved in health.

She admitted herself that she did not think she would
be able to take the school very soon but rather than lose
the position she would have a try at it after the
holidays. But I do not think this would be a good idea.
As I am sure she could not stand the walk to and
from the Reserve.

I do not understand why Mr. Foster should find
fault with Wilson Fords methods as he is only
beginning to teach and to my way of thinking is making
a good show at it. There has been a better attendance
since he has had the school and the children seem to
take more interest in their studies.

Sir:

Following Inspector Foster's visit to the Bear River School last Fall, you were written in official letter of October 20th regarding the unsatisfactory work that is being done by the teacher, Mr. Wilson H. Ford. Your reply was dated November 19th, and the Department again wrote you on November 23rd requesting that you urge Mr. Ford to put forth his very best efforts.

Mr. Foster again visited the Bear River School on the 15th instant, and reports as follows:

"The work in general is very poor. Mr. Ford has no teaching ability. He is hearing some recitations, having pupils read, correcting some arithmetic but is not teaching.

His organization is also poor. A check-up was made on all school work. The progress made in Grade I is very poor."

Apparently Mr. Ford is not a success as a teacher. Is there any likelihood of his mother, Mrs. Rose Ford, being able to resume duties as teacher on September 1st? Please let me have your reply at the earliest possible date, as the Department considers that it would be in the best interests of the pupils attending this school to make arrangements for another teacher next year.

MEMORANDUM:

DR. MCGILL.

Bear River Indian Day School (Digby County).

Teacher: Mrs. Rose L. Ford.

I found this building to be in a fair state of repair.

There were 15 on the roll, and an average attendance of 12.

The teacher has been employed by the Department for 21½ years. She is getting fairly well up in years and finds it very difficult to walk from town to the school, which is quite a distance, and most of the time, unless she gets a ride, she has to hire a taxi. This costs her 35 cents a day. She is under the impression that the Department should help her to bear some of this cost.

She also took up with me the matter of her retirement, as she feels that she cannot continue as teacher very much longer. Some one evidently advised her that she would be entitled to a pension. I, however, informed her that, as far as I am aware, teachers do not come under the Permanent Civil Service. Therefore, she would not be entitled to a pension when she retires. I, however, promised her to take this up, and I would ask that she be written to by the Training Division and also that, if possible, some help be given her to bear the cost of her transportation.

Ottawa, June 11th, 1937.

Dear Sir,-

On the occasion of his recent visit to the Bear River Indian Day School, the teacher requested Mr. M. Christianson, General Superintendent of Indian Agencies, that an allowance be made for her transportation from her home to the school. I regret that present regulations do not permit the Department incurring such an expenditure.

Mrs. Ford also mentioned to Mr. Christianson the question of securing superannuation in the event of her retirement as teacher. Teachers in Indian schools are wholly exempt from the operation of the Civil Service Act and are classed as temporary civil servants. As such, they do not contribute to the Superannuation Fund and, consequently, cannot benefit from this fund.

The only provision made for teachers upon their retirement is to allow a retiring gratuity equal to two (2) months' salary. In the event of Mrs. Ford retiring, she would be entitled to receive this gratuity. Please inform her accordingly.

Mr. S. E. Davies

Dear Sir, -

I received your letter with enclosed reply from the Dept. to my appeals to Mr. Christenson when here.

It surely wasn't very encouraging. I had hoped the Dept. would allow me a few dollars more a month on my salary to help pay cost of trip. They may think I'm too lazy to walk but my arthritic trouble a few years ago left me with rheumatism and for 2 years I've had to have a taxi' bring me up. Surely five cents a trip takes quite a slice off my salary.

The nurse and official who visit the reserve and school always come in a car therefore do not realize what a climb it is.

No doubt the Dept. thinks I'm an old pest so I'll not hector them any more.

I ~~hope~~^{to} continue to teach as long as my health permits and when I have to resign, I feel sure the Dept. will think well and not turn me down in my gray hairs. When you visit the reserve, I notice you arrange to go down about school closing time and give me a ride, which I appreciate very much.

Thanking you for all.

I am, sincerely,

R. L. Ford

Concerning W. R. Cashman, B. Sc.

Mr. Cashman is a brilliant scholar and successful teacher. During the present school year, 1935-36, he has taught a rural school of forty-four pupils in my inspectorate of Inverness. He has his work organized with more than ordinary skill, and succeeds, in a very quiet and smooth fashion, in keeping all grades busy, interested, and progressing well at all times.

During the two years that Mr. Cashman has conducted the Thriceville School at West Bay Road, he has improved considerably the grounds, building and equipment — adding library, play equipment, trees, ornamental fence and so on.

Mr. Cashman is devoted to his profession. He has, moreover, a winning personality, and very reliable judgment and character.

Dear Sirs,-

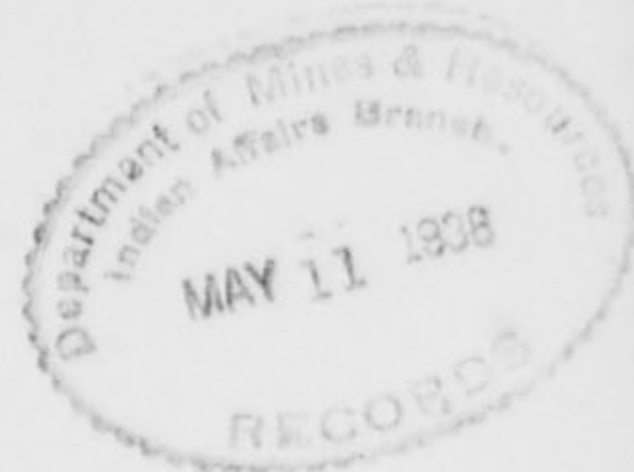

In the event of a vacancy occurring, I wish to make application for the position of teacher in the Indian Day School at the Bear River, Nova Scotia, Indian Reservation for the following school year.

I have a Superior First Class Nova Scotia Teacher's License, have had full normal college training, and hold the college degree of B.Sc. (Magna Cum Laude).

I have had seven years experience teaching in Nova Scotia schools, four years in large rural schools, and three years as principal of small high schools. I have, also, lived for a number of years within a mile of the Bear River Indian Reservation, and have a thorough knowledge of conditions and requirements in this school.

I enclose four recommendations covering scholarship, character, teaching and disciplinary ability.

Dear Sir:

I am in receipt of your letter of the 7th instant applying for appointment as teacher of the Bear River Indian Day School.

As far as we are aware at the present time there will be no vacancy at this school as the present teacher has not intimated her intention of resigning.

Yours truly,

Dear Mrs. Ford:

I was surprised and somewhat disturbed to learn from Inspector Foster's last report on your school that there were only 6 pupils in attendance at the time of his visit.

In view of the war conditions in which we now find ourselves, it will be exceedingly difficult to justify the operation of this school unless the attendance can be substantially increased. It is certainly not the intention of the Department to keep Indian day schools open with an average attendance of 6 pupils. If this attendance cannot be substantially increased in the immediate future, an investigation will have to be made to consider the advisability of having these pupils attend either a residential school or the white schools in the neighborhood.

I am sending forward a copy of this letter to the Indian Agent. It is my hope that you and the Agent may find it convenient to discuss this matter together and afterwards perhaps with the Indian parents if you consider such action advisable. The Inspector suggests that a letter be sent to Mrs. Levi Brooks, instructing her that her son Andrew must attend school regularly. Mrs. Brooks should be interviewed by you or by the Agent or by both of you and informed that the Department will insist upon the attendance of her boy at school.

I should like to hear from you immediately following your interview with the Agent. I should like to learn also what provision, if any, you have made for vocational instruction at the school - knitting, crochet work, elementary dressmaking, etc.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

The Department has just received a letter from Mrs. Rose L. Ford, teacher of the Bear River school, in which she states that accompanied by you she visited the Indian homes on the Reserve with a view to making certain that all children of school age attend school regularly.

The Department trusts that you will continue to co-operate with the teacher in this regard.

You may authorize the teacher to expend an amount not exceeding \$8.00 in the purchase of yarn and sewing material to teach the girls sewing and knitting.

Dear Sir:

I have your letter of the 4th instant enclosing a letter from the teacher of the Bear River School with reference to non payment of her salary for the month of September.

In this regard I enclose copy of circular letter of May 10, 1940, which was forwarded to all Indian Agents in Canada. You will note that during the current academic year Indian day schools are only operating on a nine-month basis. It was for this reason that no salary payment was made to Mrs. Ford for the month of September.

Did Mrs. Ford re-open this school on September 1, 1940? If so, the Department is prepared to consider paying her salary for that month but it would then be necessary for the school to be closed for one month between now and the end of March, 1941.

Re: Bear River Indian Day School
No. 251

I have now been advised that this school was in operation for the month of September, 1940, but will be closed for the month of January, 1941.

The teacher has received payment for the months of October and November and when paying her for the month of December she should also be paid for the month of September.

No payment should be made to her for the month of January, 1941, but a cheque in her favour should be issued at the end of February, March, April, May and June, 1941.

I note that she now desires to close the school during the month of January, 1941. This is approved and a cheque for September will be forwarded to her.

It should be definitely understood by all parties concerned that for the academic year 1941-42 the Bear River School will only be in operation from October 1, 1941, to June 30, 1942.

As you are aware, there is no superannuation provision for teachers of Indian day schools. However, in the case of those who have served for such a long period of time as you have, we can allow a retiring gratuity equal to 2 months' salary. In your case this would be \$140.00. I am not exactly aware of your address and consequently I am sending this letter to Bear River, in the hope that the post master there will forward it to you. Dear Sirs.

Some days ago I received a letter from some gentleman in the Dept. but mislaid it and can't rem. from whom. He wanted my present address so as to send me the "Thank You" which is given Ind. Teachers after teaching a certain time. However, I shall send to the Dept. and can pass to him. He stated I'd get 2 months salary \$140, but forgot I was getting 11% bonus. Rather small when you consider that the most worthless vagabond and always a menace will receive a pension after he is 70.

I, after struggling with Ind. Children for 25 years, will receive the paltry sum of 2 months salary.

Sir

I have to acknowledge receipt of your letter of the 23rd inst No 97296, regarding Inspector Morse, report of the Indian School on this Reserve. There is no fence around the house and no well on the premises, and as the Department are aware, never has been, and in my opinion can very well be dispensed with, but will be pleased to make any improvements or carry out the wishes of the Department for the benefit of the School. There are some repairs that are much needed the workwork of the inside of the School building should be painted as it never has been, and it has rather a gummy appearance, and the Ceiling should be repaired and whitened and the room wants a thorough cleaning, which can be done during recess or vacation which commences the 1st of July the cost of these above may amount to some seven or eight dollars. And the Room should have a new stove and pipe as the old one is not safe it is so cracked and broken we having had to repair it with flat stones &c ever since I have been Agent, and the outside of the house would be better for a good coat of lime white wash in preserving the Shingles, and a more cheerful appearance to the surroundings.

Dear Sir Aug 25th 1893

Sir

I received your letter dated Aug 15th No 97292, last evening which gives it ten days from Ottawa, calling my attention to an Office letter of the 12th July regarding the estimates of repairs on the School house on the Indian Reserve. The reply would say that you gave an answer dated Aug 14th with an estimate of the cost of said repairs which I suppose you have since received. The cause of the small delay, was that I was so busy haying at the time that it was neglected. In my opinion the estimate you wished was not required as I wrote you the repairs needed and the supposed cost which was near enough as the work would have been performed as cheaply as possible, but the Department are anxious to make all the trouble they can.

Dear Sir Oct 9th 1893

Sir

I hereby enclose for your consideration the Bill of expenditure incurred in repairing the School Room on the Indian Reserve at this place. The Cleaning and painting have improved the appearance of the room very much. we had to supply some glass for the windows and mend the puttying which had fallen from the sashes, which was not noticed in the estimate. The room is in want of a stove as the old one is very much broken and is dangerous on account of the fire falling through and we have had to put flat stones under it and wire to keep it in place the last fire or six years. I can get a nice stove suitable for the room for eight dollars and it will require some new pipe which will cost something near one dollar, please give this favourable consideration and oblige

In connection with the enclosed I beg leave to bring to your notice a suggestion offered by the Teacher and others interested as to the desirability of erecting a small house or shed for the purpose of keeping the wood in as it takes up quite a space in the School Room and otherwise is quite an inconvenience. If the Department thinks it advisable the material could be furnished this summer and built by the time it would be needed in the fall.

Dear Sir

In reply to your favor
of 28th inst. (118347-5) I beg leave
to say that I visited the school
and school premises on the reserve
at Bear River and according to
regulations from the Dept ordered
the necessary repairs to be made.
They need a porch on the school - a
shed in which to store wood for the winter,
wood enough to heat school and a
more respectable out house. When
I received my Commission, as Agent
I received certain instructions from the
Dept at Ottawa which I concluded gave
me the power as Agent to authorize certain
expenditures without being obliged to
refer, in every case, which is impracticable
to the Dept. I ordered those necessary
repairs and improvements, but they
have not been carried out, I understand
because my predecessor in office told the
contractors at Bear River that before a
cent could be expended a special order
must come from Ottawa. As far as I
see the authority and obligation of

Agent are very indefinite. I have
tried however to perform the duties of
my office, as I understand them, as
diligently as my other duties allow.

I would like to call the attention of the
Dept. to the fact that I have resigned
the office of Agent for this district, and
I hope to hear of my place being
filled in a very short time. I would
recommend that some body residing in

it is very inconvenient to attend to the
duties of Agent situated as I am
26 miles from the reserve.

I am the honor.

I beg to inform you that the statement which you forwarded for expenditure in connection with the Indian School in your Agency and for relief supplies furnished to destitute Indians cannot be accepted as a voucher. You should render separate accounts for the outlay on the School building and for the relief supplies. The accounts should be rendered in duplicate either on or attached to the forms, a supply of which is enclosed herewith. You should certify to the accounts before transmitting them to the Department.

EXTRACT from Inspector Morse's report on the Bear River school, dated 31st Jan: 1899

The school house is a building about 18 x 24 feet in good condition except the ceiling which is beginning to crack and fall. I would suggest that the room be sheathed in the interior on walls and ceiling with narrow, grooved and tongued, kiln-dried planed lumber. It would be much more durable than plaster.

Rev. Sir,

I have to inform you that Mr School Inspector Morse in his last report on the Bear River school, states in regard to the school building that the ceiling is beginning to crack and fall, and suggests that the room be sheeted on walls and ceiling with tongued and grooved lumber. The Department would like to be advised at your earliest convenience of the probable cost of this work, with particulars as to the dimensions of the area to be covered and the cost of the material and labor required.

Sir,

The Bear River School is taught by John Devaney. He appears to take an interest in his work & has well spoken of by the Agent. The school building is warm & well kept. The building however needs a foundation. The Agent has tried to get the Indians to help him repair the foundation but the slight repairs made have been of very little use.

It would cost about \$50.00 to put a proper foundation under the building. The Indians could handle the material & do the work, but of course they would have to be paid for their labour.

If there is no money available for the purpose, I would recommend that provision be made in the Estimate so that a proper foundation be put under

I beg to inform you that the Department has been advised that it is necessary that a new foundation should be placed under the Bear River Indian School. You may incur an expenditure of \$50.00 in having the necessary work done, but that amount should not be exceeded. The labor should be done by Indians. You should also have the Indians cut down the shrubs and trees which are growing close to the building as in the present condition they are a menace to it in case of fire.

Sir

Yours of the 12th of Octobe. 1901
 No 118347-5. Advising that it was necessary
 that a foundation be placed under the Bear
 River Indian School house
 Would say it was impossible to get it done
 at that time on account of stormy weather and
 the school in session at the same time.
 I thought it would be better to put it off and do it in
 this year so not to interfere with the school
 I have done the work, as per bill rendered. it did
 not cost the \$50⁰⁰ as estimated
 on digging for foundation found one of the sills rotten
 replaced the same by a new one
 made some other repairs and graded the ground
 and cut the shrubs.
 and repaired the water closet
 I hired the men to do the work but found
 they wanted a boss to keep them to work. so I went
 to work myself. I think I saved money for the
 Department by doing so
 I think we have a first class job and
 will stand inspection
 I had to pay the cash for everything

Hoping this will meet your approval

Sir,

I enclose herewith cheque No 609 in your favour for \$31.25 ,in payment of the account which you submitted (and which was rendered at \$38.98) for material supplied and labour performed in connection with repairs to the School house on the Bear River Reserve .

The charge of \$8.00 for your own services has been disallowed , as it is contrary to the Audit Act to make such a payment to a salaried official . The salary which is paid you is supposed to cover ~~xxxxxx~~ your service in connection with the oversight of any work required to be done (as well as to remunerate you for your other duties) and it was not necessary for you to do more than superintend the work on the school house.

The charge in the account for services of O. Rice & Co. ^{should} be , according to the receipt submitted , \$3.75 instead of \$3.50 .

It was not necessary for you to pay the account of Clarke Bros and also the man who did the work .You should have forwarded vouchers in their favour and payment would have been made by the Department.

Ottawa, September 17, 1907.

Sir,-

I have to acknowledge the receipt of your letter of the 9th inst., stating that the school-house and wood-shed at the Bear River school need shingling, and that other repairs are needed, inside and out, the total cost of which is estimated by you at \$40.00.

In reply I beg to say that the Department will require further details regarding this expenditure before authorizing the same. The dimensions of the roof of each building should be given and you should also state the nature of the other repairs needed.

Revised to be revised, N.S., March 10th 1908

Schools

Sir,

I deem it my duty to call your attention to the condition of the school house on the Indian reserve, Bear River, Highby Co., N.S., which is badly in need of repairs. The roof is leaky, especially on one side, and I would advise re-shingling with cedar shingles of good quality. The main door is without a latch, which should be replaced without delay, as in order to keep the door closed it is necessary to lock it, which is not convenient. A storm-door also is required and should be provided. Again, the wood shed, attached to the rear of the school house, is in a rather dilapidated condition and requires a new roof, the original covering being almost completely gone. The door, and window, casings should be painted; also the doors, and the window casings; and the walls outside ought to receive a generous coat of white wash, at least.

I am pleased to say that the teacher of the school is giving good satisfaction, circumstances considered; but she is working at a disadvantage for want of common school requisites, which I was surprised to find had not been furnished by the Department. A supply of copy books; drawing books; slates; lead, and slate pencils; pens; pen holders; and rulers, should, I think, be provided as soon as convenient.

I spoke to the Agent, Mr. Pursey about these matters, namely, the condition of the school buildings, and the absence of text books and sundries absolutely necessary in a school room; and I intended to

hear him state that he had brought them to the notice of the Department, months ago, but that so far nothing had been done to improve the situation.

With regard to repairs and improvements to the building, I beg to observe that I think some of the Indians of the Reserve are craftsmen enough to do the work, under the direction of a foreman.

Sir,-

In reply to that portion of your letter of the 10th inst. which deals with the question of repairs required at the Bear River school I beg to say that in September, of last year, Mr. Agent Purdy drew the Department's attention to this need. He was asked for certain details, which he gave, and on the 30th of that month he was again written to and asked to obtain offers as soon as possible from any parties who might be willing to do the work and submit the same to the Department for consideration.

No reply was received from Mr. Purdy to this letter, but he will be again communicated with on the subject.

Sir,-

Mr. Superintendent Boyd has drawn the Department's attention to needed repairs at the Bear River school. On September 23, of last year, you furnished the Department with the details of the repairs needed and on the 30th of that month you were asked to obtain as soon as possible offers from any parties who might be willing to do this work and submit the same to the Department for consideration.

No reply was received to this letter, and I have to request that you will take the matter up at once, in order that these apparently very necessary repairs may be attended to.

I have estimates from J. J. Dunn for \$54.⁰⁰
one from E. B. Purdy for \$2.⁰⁰ to do the
work as per Statement forwarded to you

The Indians say they will help do
the work E. B. Purdy will take them as
help. J. J. Dunn will not.

I would suggest that the work be
done by the days work. So as help the

MEMO. REPAIRS SCHOOL HOUSE INDIAN RESERVE.

CHIMNEY -- The old chimney being hung from rafters was found to rest on pieces of 3 X 4 Scantling, partly burned through. This was taken down and a new chimney twenty five feet high was built from the ground; foundation of rock and cement; bricks laid in mortar and cement, and is now thoroughly fire proof. While Mason was at work had all holes in underpinning repaired.

WINDOWS --- The four small windows in building were inadequate to give proper light in School Room. These were taken out and six new windows, two lights in each sash, size of glass 14 X 28, were placed in building, three on either side. All the sashes hung with cords and weights so windows would lower from top and raise from bottom, giving good chance to ventilate room. Beside this, where the old chimney was removed, a galvanized Ventilator was placed on roof. (This was advised by Dr. Kendall, who claimed the building would then be perfect as regards ventilation).

ENTRANCE --- A Porch was built, size 8 X 8 ft. -- foundation, sills setting on hackmatack posts; sheathed nicely inside, and clapboarded on outside-- bottom finished with lattice work; good set of steps, making easy access to building for small pupils. Porch lighted with one two-light window, size of glass 14 X 28.

MAIN BUILDING --- The outside was stripped of shingles and clapboards. On front and two sides these were covered with tarred paper and clapboarded; painted with two coats of white paint. The inside sheathing was hard oiled; platform built across one end of School Room six inches high, on which a desk was built containing three drawers in one side and closet on opposite side to store all books, papers and lunches, etc. A new chair furnished for Teacher; Pupils desks reversed and placed in a position so the small pupils could sit in their seats and use the desks without placing themselves in uncomfortable positions; New Blinds furnished the six new windows; Stove Pipe furnished to connect stove with new chimney.

MEMO. REPAIRS SCHOOL HOUSE INDIAN RESERVE.

CHIMNEY — The old chimney being hung from rafters was found to rest on pieces of 3 X 4 Scantling, partly burned through. This was taken down and a new chimney twenty five feet high was built from the ground; foundation of rock and cement; bricks laid in mortar and cement, and is now thoroughly fire proof. While Mason was at work had all holes in underpinning repaired.

WINDOWS — The four small windows in building were inadequate to give proper light in School Room. These were taken out and six new windows, two lights in each sash, size of glass 14 X 28, were placed in building, three on either side. All the sashes hung with cords and weights so windows would lower from top and hoist from bottom, giving good chance to ventilate room. Beside this, where the old chimney was removed, a galvanized Ventilator was placed on roof. (This was advised by Dr. Kendall, who claimed the building would then be perfect as regards ventilation).

ENTRANCE — A Porch was built, size 8 X 8 ft. — foundation, sills setting on hackmatack posts; sheathed nicely inside, and clapboarded on outside— bottom finished with lattice work; good set of steps, making easy access to building for small pupils. Porch lighted with one two-light window, size of glass 14 X 28.

MAIN BUILDING — The outside was stripped of shingles and clapboards. On front and two sides these were covered with tarred paper and clapboarded; painted with two coats of white paint. The inside sheathing was hard oiled; platform built across one end of School Room six inches high, on which a desk was built containing three drawers in one side and closet on opposite side to store all books, papers and lunches, etc. A new chair furnished for Teacher; Pupils desks reversed and placed in a position so the small pupils could sit in their seats and use the desks without placing themselves in uncomfortable positions; New Blinds furnished the six new windows; Stove Pipe furnished to connect stove with new chimney.

Sir,-

Enclosed please find Mr. J. Arthur Rice's account against the Department for repairs and improvements made to the Indian school house, Bear River, N. S.

The expenditure for this service is \$20 above my estimate, but this could not be helped. When inspecting the building to ascertain what repairs were necessary, I did not expect that the walls would ~~be~~ require to be stripped. But when the work of repairing began, it became evident that the outside shell as originally constructed was of the flimsiest and cheapest kind and only stuck together. I then decided it would be best to make the repairs, while about them, as thorough as possible, which was done. The character of the new work is of the best, and, I do not hesitate to say, will stand inspection by any one. I am quite proud of what has been accomplished for the outlay.

Your obedient servant,

A. J. Boyd

Sir,

I have to acknowledge the receipt of your letter of the 8th instant enclosing vouchers for the expenditure on repairs to the Bear River school. It is noted that this expenditure exceeded your estimate by \$20.00, but the Department is pleased to learn that a thorough job was done. A cheque in payment of the amount will be forwarded you.

THE NEW IMPROVED SCHOOL DESK

We take great pleasure in presenting to the public the New Improved Desk, manufactured wholly by us. The material is selected entirely from our Native Wood, and the Workmanship throughout is of the First Quality.

426660

LIST OF SIZES

Double Desk	Length	Height of Seat	Height of top	Width of seat	Width of top	Extreme Width	Age 'n' accout 'n' to adults	Prices	Remarks
B---High School,	42 in.	15 in.	28 3/4 in.	12 1/2 in.	15 in.	32 in.	13 to 16.		
C---4th Class,	42 "	14 "	26 3/4 "	12 "	14 "	30 "	10 " 13		
D---3rd Class,	42 "	13 "	24 3/4 "	10 3/4 "	13 "	28 "	9 " 11		
E---2nd Class	36 "	12 "	21 1/2 "	9 3/4 "	12 "	26 "	8 " 11		

Back or Starting Seat to correspond with either side.

Single Desk—Length, A. B. C., 24 inches; D., 21 inches; E. and F., 18 inches; otherwise same as Double.

We offer this Desk in the fullest confidence that in all desirable points it is WITHOUT EQUAL.

The Desks are so constructed that for ease and comfort to the pupils, and for strength durability and style they are unsurpassed. The Castings are strong, and the wood is so attached to the iron, as to AVOID THE USE OF SCREWS.

The slats are put together upon the castings by a dove-tail on the iron, and a groove on the slat. The slats are firmly bound together by the use of four 3-8 dowels in each slat, making the back and seat (although put together on narrow slats in order to get the right curve) as firm as the solid wood itself.

The seat closes without noise close against the back, giving a wide passage between the desk for exercises, sweeping, etc. The hinge or joint is noiseless, and will not break, wear loose, or get out of order. The form of the seat and back renders it perfectly comfortable, the pupil sitting in an erect and healthy position.

The slats are alternately light and dark, and made of *seasoned hard wood*. The top is provided with a groove, for laying in the pen and pencil; also in the centre is an improved ink well. The top is handsomely stained in Cherry or Walnut. The whole desk being finished in the best of Oil Finish which is more durable than ordinary varnish. Underneath top is a commodious Shelf, with centre partition, for books, etc.

In placing the desk in position, care should be used to have the desk out of wynd, and perfectly level. There is a flange upon each claw containing three holes; making in all twelve screws which hold the desk firmly to the floor.

These Desks are being adopted in all of our schools throughout the Province, and are highly approved of by Inspectors, Teachers and all interested.

Sir
in reply to your letter of the 30th of May
in regards the school desks beg to say
the desks are all here. I am enclosing
my tabular bill for same. I find
the old floor in the school house is very
poor worn quite thin in the aisles and
the floor is somewhat shabby in the centre
wants some under pinning under floor the
size of the room is 18 x 22 would take about
35.00 worth of flooring Costs of laying same
and putting down skat would be about
9.00 dollars there will have to be a new
stone put in before the fall fire commences
the old one is all gone and it is not
safe a new one would cost about
8.00 all of this work can be done
during the holidays.

Sir,

in your letter dated June 17th 1912
 respecting schools. I find that the school
 house needs painting this summer as it
 has been some five years when painted last
 I would estimate the cost about \$3.00
 including labour for two coats of paint
 And also the Church which is very much in
 need of paint which is used by the Indians
 who are not in a position themselves to get
 this done and it seems a shame to let
 this building go down. I would estimate the
 cost of paint and labour at \$5.00 for two
 coats of paint, and respectfully submit the
 same for your consideration

Under your letter dated June 14th 1912
relating to general instructions respecting
schools, I beg to report that some repairs
will have to be done on the chimney of the
school house. I have just noticed that this
chimney has split apart about half way up
caused by the foundation settling at the
bottom, and will have to be taken down and
rebuilt up. This should be done, before there is
any fire built, as the chimney is on the
outside of the school house. This work would not
interfere with the school. I have had a
mason look this over and will cost about
\$18.00

Sir,-

I am in receipt of your letter of the 15th instant, and of the voucher rendered at \$47.87 which you submitted in favor of Mr. Fred Schmidt, of Bear River, for expenditure in connection with out-buildings at the Bear River Schoolhouse; and in reply I beg to draw attention to the fact that \$18.90 of the amount of this voucher covers a payment due Mr. Wm. Lent, as per account attached to the voucher. In view of this fact the Department is sending you a cheque No. 3321 for \$18.90, and cheque No. 3322 for \$28.97 which makes a total payment of \$47.87. If Mr. Schmidt paid Mr. Lent \$18.90, the latter should endorse the cheque for \$18.90 and hand it over to Mr. Schmidt. You should see that the matter is properly adjusted. If you had taken precautions to see that a proper receipt was attached to the voucher in Mr. Schmidt's favor, inconvenience with regard to settlement for the work done would have been avoided.

Ottawa, July 22, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 19th instant submitting an estimate of the cost of painting and repairs, which you recommend should be done at the Bear River Indian Day School.

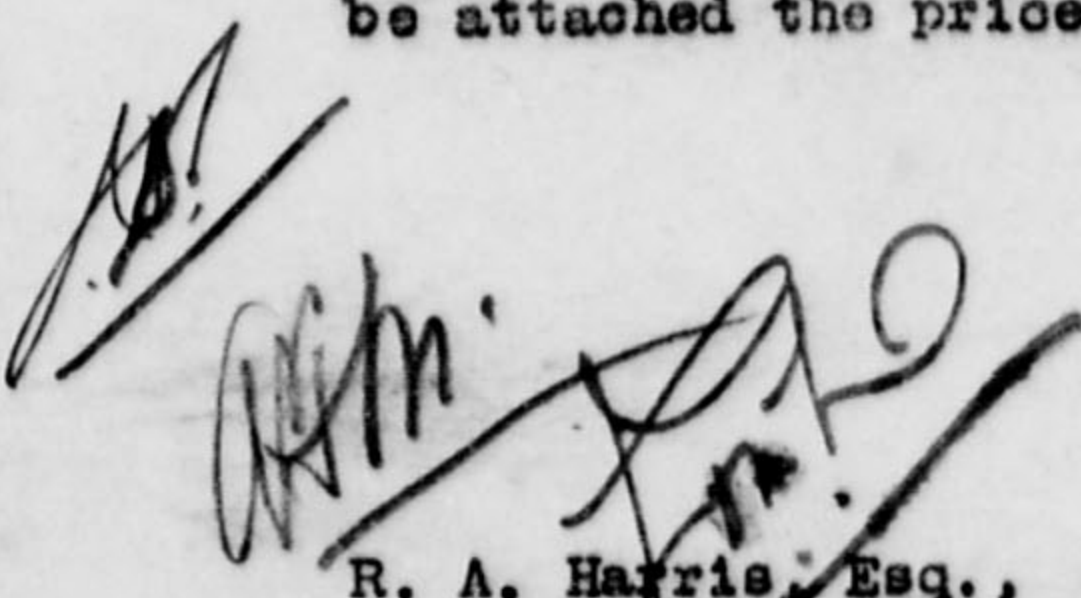

In reply I beg to say that the Department will approve of this work being done. You should obtain competitive prices from a number of persons competent to do the work and give the contract for doing the painting and repairing of the steps to the one quoting the lowest price. In any event the cost of the same should not exceed the estimate furnished by you, namely,- \$60.00 for painting the outside of the school building and \$40.00 for painting the inside of the school building and the seats. You may also expend the sum of \$10.00 in having the steps to the building repaired and the cost of painting them should be included in the prices secured. The total cost of the painting and repairing the steps should not exceed your estimate of \$110.00. You will be good enough to attend to this matter at once and have the work completed during the present summer holidays.

You should furnish properly receipted vouchers, in duplicate, covering the expenditure incurred, to which should be attached the prices obtained by you for doing the work.

Sir,-

I have to acknowledge the receipt of your letter of the 16th instant requesting that the sum of \$6.00 be allowed to provide a treat for the children of the Bear River Indian Day School at Christmas.

In reply I beg to say that you may expend an amount not to exceed \$6.00 in the purchase of books, candies, etc., to provide a treat for the children. You should furnish properly certified vouchers, in duplicate, covering the expenditure incurred.

With reference to your report concerning the case of Richard McEwen, a pupil of the school, who, you state, requires glasses, as he has weak eyes and his parents are unable to stand the expense of obtaining the same, I beg to say that you may have a suitable pair of glasses obtained for this boy and the price should not exceed your estimate of \$7.00. You will be good enough to attend to this matter and have this boy supplied with glasses suitable to his needs as soon as possible. Sir:

The Public School Inspector, Mr. M. C. Foster, in a report on his recent inspection of the Bear River Indian Day School, states that a few shingles have been blown off the roof of the school house and that the roof needs patching.

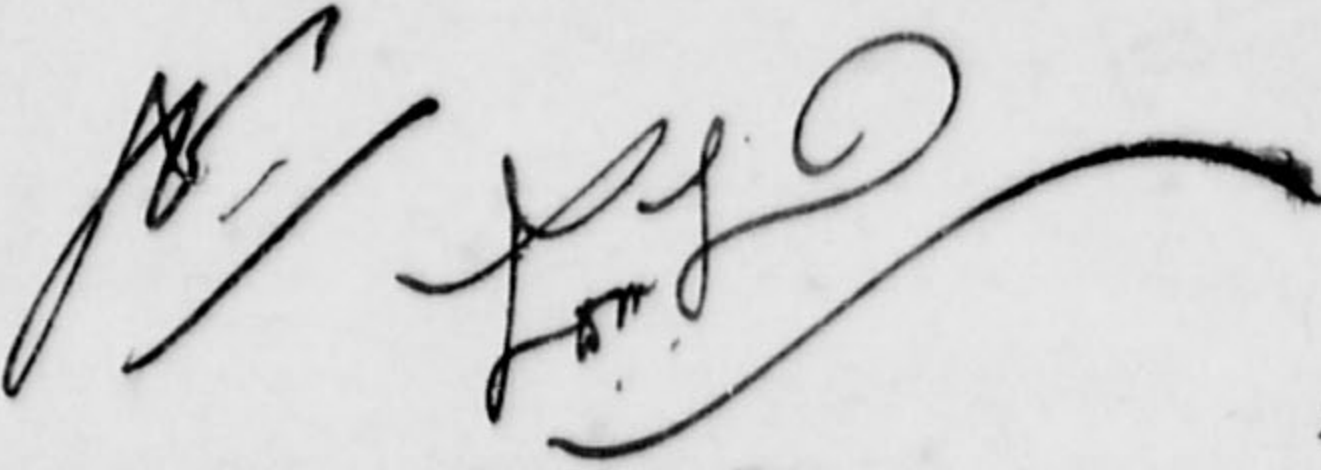

I have, therefore, to request that you will take the necessary action to have the needed repairs made to the shingling of the roof. No unnecessary expense should be incurred. This work should be performed before the extreme cold weather sets in and, when completed, you will be good enough to forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Kindly give these repairs your prompt attention.

Extract from Agent's Report on the BEAR RIVER
Indian Day School for the month of APRIL,
1925.

Mrs. Ford, the teacher, wishes me to ask the
Department if I can get some one to cut bushes
away from around the schoolhouse in order to
make the playgrouns a little larger.

The probable cost would be fifteen or twenty
dollars.

I would recommend that this allowance be made
as it is very much needed.

Sir:

I have your report on the Bear River Indian Day School for the month of April, last, regarding the request of the teacher that the bushes on the playground around the school be cut away, in order to provide larger playgrounds.

In reply I beg to say that you may arrange to have this work done. Any bushes or shrubbery which have been cut should either be hauled away or burnt, and the school grounds raked and thoroughly cleaned up. The total cost should not exceed your estimate of approximately \$20. When this work has been completed, you should furnish properly certified vouchers, in duplicate, covering the expenditure incurred. The work of clearing up the grounds should receive early attention.

Dear Mr. Chalmers, —

We don't have Truant Officers
on the Reserve, we really don't need one.
Wonder if the Dept would allow me
a small amount to offer as prizes
that children might attend more
regularly. They do fairly well, but
sometimes ^{with} a little inducement might
do better.

Thought to offer each 25¢ first half year
& allow 3 days for sickness & 50¢ last half
& 5 days off. Wouldn't be more than \$15.

The Dept may not think it necessary
but not less than Truant Officer's
Salary & I think more effective.

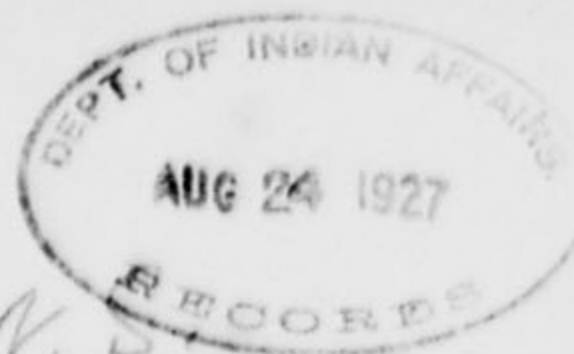

You will please ask the Dept.
& let me know. Sincerely
Rose L. Ford.

I beg to advise the Dept that I am in receipt of a letter from Rose L. Ford the teacher on this Reserve suggesting that an allowance of \$15.00 or \$20.00 be granted by the Dept to award prizes to the children of the different grades of this school as an inducement for more regular attendance & better study. The children of our Academy here are always awarded prizes some as high as five dollars. These amounts are usually donated by business men, some private parties & the diocesan institute. I should recommend an amount of \$20.00 be granted to be awarded as the teacher decided.

Mrs. Ford has also asked that instead of giving as a prize for best attendance at this school books as the Dept., in their letter No. 49-1-5 under date of Aug. 25 stated, as these children do not value books, could she be allowed to present to the girl pupil the only one to win a prize an article of clothing such as a sweater at a cost of \$2.00 or \$2.50. I would think this a good change she is also asking that the Dept. will allow her the usual amount of \$6.00 to provide the Christmas treat to the pupils of this school and I would recommend this allowance be granted.

Sir:

Relative to that portion of your letter of the 2nd instant, informing the Department that you have authorized Mr. Agent Chalmers to carry out repairs to the outbuildings at the Bear River Indian Day School to the amount of \$6.00, I have to say that your action in this matter is approved. A certified account, in duplicate, covering this expenditure should be forwarded after the work has been completed.

In future, I would request that you deal only with one subject in each letter. When you refer to several matters in the one letter it is necessary, in order to comply with our filing system, to have extracts made for the various files.

Dear Sir:-

I beg to refer to your letter No. 49-1-5 of April 10th, and the latter part of same.

On looking over my letter of 2nd inst. I notice that I mixed School matters with relief and realize that I was in error.

In regard to enclosed letter relative to relief for clothing for Kings County Indians, is it satisfactory to include the expenditures for several Indians in the one letter, providing said expenditures are all clothing, or groceries, or Dwelling repair as the case may be.

I shall be pleased to receive your reply and shall endeavor to carry out your instructions.

Your obedient servant,

J. W. Manner

Dear Sir:-

In reply to your letter of the 15th ultimo, in which you ask, "is it satisfactory to include the expenditures for several Indians in one letter, providing said expenditures are all clothing, or groceries, or dwelling repairs, as the case may be", I beg to say that a number of recommendations for relief expenditure may be combined in a letter, that is, if they all pertain to the same agency. The same applies to repairs to Indian dwellings. Of course, you understand that relief issues and repairs to Indian dwellings should be dealt with separately. Clothing, as a general rule, is relief. An exception would be clothing purchased for children to allow them to enter the Shubenacadie Residential School; this would be separate and paid for from school vote. Another case would be clothing required for a patient to enter a sanatorium for treatment on account of tuberculosis. This would be paid for from General Vote.

It is difficult to explain these distinctions in a letter, but it is apparent from your accounts and correspondence that you have a good knowledge of the matter.

Yours truly,

F.H. Paget.

Sir:

The Public School Inspector, in a report on his recent inspection of the Bear River Indian Day School, states that the chimney which goes up through the wood house along the outside of the schoolhouse is broken about eight feet from the foundation, and that this break is a diagonal one, and that the chimney, as it now is, is not safe. He suggests that it be taken down and rebuilt. Please examine this chimney and report to the Department what work you would recommend be carried out to place the chimney in good condition, and also state the approximate cost of any work you would recommend be carried out.

INSPECTOR OF INDIAN AGENCIES
WESTERN NOVA SCOTIA

Windsor , N.S. October 17th , 1930.

Sir:-

Mr. F.A. Chalmers has reported to me that it has been the custom of the Department in past years to offer to the Indian children of Bear River prizes for the best attendance at the School.

Both Mr. Chalmers and the Teacher, Mrs. Ford have requested me to bring this matter to your attention and to ask for authority for prizes this year.

This is new to me as I never knew that this method was practiced.

After considering the matter I believe the best method would be to allow Mrs. Ford to procure small prizes for short periods of time rather than a larger prize for the whole term.

I would recommend that Mrs. Ford be given authority to make an expenditure not to exceed \$3.00 for this purpose. This amount should be sufficient untill the Christmas holidays , by that time we would be in a position to know whether the expenditure was worth while.

I trust you will give this matter your kind consideration.

Sir:

I have your letter of the 17th instant, relative to providing a grant for prizes for the pupils of the Bear River Indian Day School.

In reply I have to say that during the past several years the Department has allowed a grant not exceeding the sum of \$6 to purchase supplies for a treat for the pupils at Christmas, and in December, 1927, an amount of \$2.50 was allowed to purchase a prize for the best attendance. The Department will approve of the teacher incurring an expenditure at the present time not to exceed the sum of \$3 in the purchase of prizes to be awarded for the best attendance. She should obtain itemized accounts, in duplicate, covering the cost of the prizes purchased by her. These accounts she should hand to Mr. Agent Chalmers to be certified and forwarded to the Department in the usual manner, when payment will be made.

Relative to a grant for a treat at Christmas, this matter might be brought to the attention of the Department at a later date and, if funds are available, favourable consideration will be given.

INSPECTOR OF INDIAN AGENCIES
WESTERN NOVA SCOTIA

Windsor, N.S. August 22nd, 1931.

Sir:-

OK
When visiting the Bear River Indian Reserve this week I learned that some small repairs are needed to the school building and as the school will soon be re-opening for the next term I authorized the Indian Agent, Mr. F. C. Harris, to have these repairs attended to immediately. Estimated cost will be new steps \$15.00, repairs to windows \$5.00, shingling part of one end \$5.00, making a total of \$25.00. I trust my action will meet with your approval.

Winds
This school building also needs painting, the estimated cost of painting is \$40.00. This work can wait until next year if necessary. If funds are available this year I would recommend that the painting be done immediately and if not available this year I would recommend that steps be taken to have them available for next year.

OFFICE OF THE INDIAN SUPERINTENDENT,

The Indian teacher at Bear River, N. S., Mrs. Howe, nee Miss
Shea, has applied to me for leave to live in her school room during
the winter months, and I have informed her by letter of the necessa-
rily of submitting the matter to the Department for its decision.

She states what I believe to be a fact, from my knowledge of
the place, that she has often of mornings a hard road to travel be-
tween her boarding house and her school through deep snow nearly
fallen, or drifted, during the night, and yet untrodden by a solitary
foot but her own, which makes the journey one of much fatigue, and
results in her arrival at the scene of her daily labours sometimes
in an exhausted condition, and consequently hardly fit to perform
her duties properly.

Although healthy, Mrs. Howe is not strong, being of delicate
build, and having already experienced considerable hardship for
one of her age.

Her proposition is to provide herself with a small folding
cot which would be made to assume the appearance of an ordinary
settee when not in use, and, therefore, would not be an object that
might cause distraction among the pupils during school hours.

She thinks by living in the school room during cold weather
that it would always be found warm and comfortable for the child-
ren on arrival from their homes, and that she would have an oppor-
tunity to prepare and serve their mid-day lunch with better satis-
faction both to herself and to them.

I have given the matter careful thought, and believe that Mrs. Howe might be allowed with propriety to live in the school-room during the winter months. I agree with her in the view that her doing so would be of some advantage, and no disadvantage, to the pupils attending her school.

Therefore, I recommend her application to the favourable consideration of the Department.

Dear Sir, —

As nearly all the Teachers
on Indian Reserves are provided
with a residence and many supplied
with fuel, would it be too much to
ask the Dept to help me with my rent?

I wouldn't want a house on the Reserve
It would be cruel to ask a teacher to live
there when the Village is so near.

I pay Forty Five Dollars for my wood
and Seventy Eight for House - four rooms.
which takes quite a slice off my
Salary. Seventy Eight is very little to
the Dept but quite an elephant to me.

I am trying to keep my children at
school and you, knowing the cost of
living, can easily see I am up against
a difficulty. To be candid I have gone
over my salary every year since I came
to Bear River.

If you will kindly explain the
matter to the Department - which, I might
add, is composed of men & all have hearts; I
feel sure they will respond favourably.

I beg to advise the Department that I am in receipt of a letter of request dated from the teacher of the Day School at this Reserve Roseford, which I am enclosing. She is asking that a house be provided for her to live in at the Dept. expense as a great many teachers throughout the Province are provided with same. I may add that there is no house on the Reserve at all & it would be less expensive for the Department to pay rent for a home than to build & have the added expense of keeping it in repair. Mrs Ford has two children whom she is having to educate herself & she has a hard time to make both ends meet on her present salary, she is a very fine woman & certainly takes a great interest in her school much more so than a female person would & also has a great ear.

Sir:

I have your letter of the 16th instant, enclosing a communication from Mrs Rose L. Ford, teacher of the Bear River Indian Day School, in which she requests that a grant be provided towards the payment of the rental of a teacher's residence.

In this connection I have to inform you that we will allow Mrs. Ford an increase in salary from the 1st of the current month, which is in lieu of grant for the rental of a residence. This increase will be at the rate of \$5 per month. Mrs. Ford at present receives \$65 per teaching month, and from the 1st of April this will be increased to \$70 per teaching month.

Please inform Mrs. Ford of the increase in salary allowed her and that it is to be in lieu of a grant for the rent of a teacher's residence.

Dear Sir:-

SCHOOLS.

JUL 26 1900

Do me the favour of an early reply to this hurried note. Frederick Mac Millan former teacher at Eskasoni, C. B. has resigned. All the Indians, without any exception as far as I know are in favour of having Charles Bernard (Indian) as their future teacher in succession to Mr. Mac Millan. The only obstacle in the way is that he failed in getting a license, but yet I feel convinced that no other teacher could be hired, no matter what grade or license he held, who would be so suitable as Charles Bernard. His thorough familiarity with the Indian language would make it easy for him to impart to the young children whatever he knows of other branches. As to his knowledge otherwise, I enclose the testimony of his teacher Mr. Creelman, Principal of the North Sydney High School. The School Inspector of the County gave me a similar testimony of him. But young Bernard will not teach unless your Department will consent to give him the usual quarterly salary or annual allowance, even although he holds no grade or license.

The Indian Department Register is not in use in this school. The last returns made were for the quarter ending September 30th last. There could not be certified to by The Agent for he has been absent. The Teacher informed me that he had to get The Chief to certify to this return and I recommend that the Chief's certificate be accepted as it is the best that can be got. The register was examined and found to be well kept. The grading of pupils is not correct and the Teacher needs the guidance of the Department's course of study. Mr School Inspector McNeill told him to get one but he has not yet applied.

This Teacher, unlike those at Middle River, and Whycocomagh receives no grant from The Provincial Government and consequently is much worse off. This appears to be due to the fact that he has not a Provincial license, but if he is sufficiently qualified to teach the school it appears that he should receive a remuneration equal to those who do the same work elsewhere. He informs me that he was promised an increase of pay but has never received it and adds that being a married man he has hard work to make both ends meet with what he receives - namely \$200.⁰⁰/₁₀₀. I think this should be increased at present by \$50.⁰⁰.

The furniture of the school is sufficiently good. The scholars are supplied with 12 benches. Material

The Secretary:-

I see that the Deputy Minister has approved of your recommendation on my memorandum regard the salary of Charles Bernard, teacher of the Indian school at Eskasoni, that his salary should be increased to \$250.00, but on the condition that he holds a certificate to teach and not otherwise. Mr Bernard ^{has} no certificate and neither do many of the other teachers in Nova Scotia who receive from \$200 to \$300. He was recommended by the Principal of the North Sydney Academy who stated that in his opinion he was competent ^{to teach} elementary work successfully up to and including Grade V. He has been in charge of the school two years and has given satisfaction and it seems to me that if we retain his services, he is entitled to the increase asked for, irrespective of his holding a certificate.

Rev. Sir,

A letter has been received from P. Beaton, teacher of the Eskasoni school, asking that his salary be raised to \$300.00 per annum on account of the withdrawal of the Provincial Grant from this school. As the salary provided by the Department is \$250.00, it does not see its way clear to comply with this request as there are no funds at present available for meeting such increase. Mr Beaton has only been in charge of this school since the summer holidays and no returns have as yet been received from him.

The Department would like to be advised of the terms upon which Mr Beaton was engaged.

Ottawa 27/12/903.

For the special reasons mentioned below I hope Your Honour will see the way clear to give the Teacher in the Eskasoni Indian School an Annual Salary of Three Hundred and Sixty dollars.

Firstly: Of late years wages in every calling except ~~that~~ ^{and} teaching have gone up at least fifty per cent. With the rise in wages the cost of living has gone up almost proportionately. The wages of teachers in this Province, as a rule, not having kept pace with the general increase, a great many of the country schools consequently are closed and there is no prospect of their opening. The Department of Indian Affairs, I hope, will not be the last to give in to the force of circumstances by raising the wages of Teachers in their schools if it wants them to be kept open and not be closed like ^{the} other schools. Besides, more inducements must be offered a white man before he can be got to teach in an Indian school for reasons known to every one. The Teacher who was here last term was a full blooded Indian, and was in receipt of Two hundred and Sixty dollars of a Salary from the Department of Indian Affairs, yet he found that at the end of the year he had to skip to get out of the way of his creditors who have thus been left in the lurch. The question is, Can a white man live cheaper than the Indian and have something to spare at the end of the year?

Secondly: Until last year, since time immemorial, the Salary of the Teacher in the Eskasoni Indian school was Two hundred dollars. Last year, however, the Teacher not having a regular license could not draw a Provincial grant, and the Department, to supply the deficiency, added Sixty dollars to the Two hundred already given - giving him in all Two hundred and sixty dollars

for the School Term. The withholding of the Provincial Grant this year again, but for an entirely different reason, should make the way clear to making a permanent increase in the salary of the Teacher here. The Inspector of schools for this district has notified me that though I have a regular license I cannot draw Provincial grant on account of the fact that the Section does not comply with all the conditions imposed by the Provincial Government before a grant can be drawn. The principal condition not complied with, ~~is that~~ ~~is~~ and which will never be complied with, as far as I can see, is that in order to draw a Provincial Grant the School Section must be organized and must be paying taxes out of which the school funds come, but the Indians are not taxed, so their schools cannot participate in the School funds. Now it was formerly that the teachers in Indian schools were paid out of the County and Provincial funds, I find it hard to understand unless some one overlooked certain clauses of the law - or perhaps late legislation did it.

There are many schools vacant in this Province, and I could easily get one paying even better than this Indian school, but I was asked, after failing to procure a teacher at the rate of Two hundred and Sixty dollars a year and Provincial grant besides - thinking the Section would draw Provincial grant ^{to open this school} - by a friend who has the interests of the Indians much at heart, and who wanted to see their school open, knowing that of any class of people the uneducated Indian is the worst off when he goes out into the world. The Chief of the Micmac Indians of the Maritime Provinces lives here and is doing his best for the education of his subjects. By settling the various disputes all over the Maritime Provinces he saves

much trouble to the Department of Indian Affairs. The former white teacher in this school had a house and farm within easy reach of the school house, and so could afford to teach for less. I have to pay my board and that in a place about two miles from the school house for it would be impossible to ~~just~~ live in an Indian house. All which involves extra trouble and work.

The Department will, I hope, see its way clear to grant the reasonable salary of Three hundred and sixty dollars. The Indian Agent here and the Inspector of public schools think it right that an increase should be made.

I am,

Your obedient servant,
Patrick Beaton.

Dear Sir:-

I have taken charge of the Indian School at
Espasoni, as teacher.

I cannot too strongly urge the government, to the
necessity of providing some means, by which a person
should visit the Indian houses, and enforce the
necessity of cleanliness, and more regular habits
among the parents.

I firmly believe, that the liberality of the government,
in providing for the education of these poor wretches,
would in a far greater degree be realized, and
appreciated by the country at large, were some such
provision made.

For the extra sum of one hundred Dollars per year,
much ^{more} could be done, towards their intellectual and
Physical betterment.

The Idea which I wish to convey is:
That the work of the teacher, during school hours,
or rather the success of school in general, is checked
by slovenly impressions ^{received} at home.

The Deputy Superintendent General:-

Mr James Boyle, who states that he has taken charge of the Eskasoni school, says that for the extra sum of \$100.00 a year he would be willing to visit the Indian houses and enforce the necessity of cleanliness and more regular habits among the parents.

The Department has had no official notice of Mr Boyle's being teacher of this school. He has evidently heard of the additional grant allowed to Miss Nelly Connolly for this work at Sydney, C.B. If he wishes to evince an interest in the betterment of the Indians he is at liberty to do so, and his duties as teacher should include such work. Mr Boyle would apparently be the only one to benefit by the increase of salary he demands. He lives at Amaguadus Pond, which is over three miles from the reserve.

In reference to your communication of the 15th Sept. ult. I beg leave to say that I could not find John H. Mac Neil from the address you gave, and consequently could not supply the information wanted. But the man has recently returned home and gave me the following information in regard to the work done by him for the then Indian teacher at Eskasoni whose name is Charles Bernard (Indian), and now teaches school somewhere in New Brunswick. This teacher, after getting married, employed Mac Neil to build a house for him, and promised faithfully to pay by instalments, that is to give a portion of his quarterly salary until the whole would be paid. On this condition Mac Neil built the house, but when the house was finished the teacher left the reserve all of a sudden, and has never returned since. He owes Mac Neil \$53.90.

A letter addressed to you by Grand Chief John Denny of Eskasoni, recommending the appointment of Mr Charles Bernard as teacher of the Indian school on this reserve has reached the Department without any covering letter. As no intimation has been received of the intention of Mr Boyle, the present teacher, to give up this school, the Department is unable to deal with this application. If Mr Boyle decides to resign, the question of appointing his successor will be considered then.

that I had already engaged Mr. Bernard and it would not be proper to disappoint him, after he had decided to work his school at Burnt Church, N. B. and it was too late to change the matter and I told him that I could not avert the agreement and that he must look for school elsewhere.

And another thing which I have against Mr. Boyle is that during school hours he had spent most of his time in learning Micmac language from the pupils than instructing them. And so let it be understood that Mr. Boyle's services as teacher I wrote him, asking him to

Dear Sir:

I enclose the letter of the Chief in re the engagement of Mr. Bernard as teacher for the Eskasoni reserve this year. I had nothing to do with affair; in fact, I told Mr. Bernard when he spoke to me before he was engaged about the school that I would neither recommend his appointment to your Department nor sanction it in any way. My reason was, as I told him, the plight in which he left all his creditors when he left the section before. I had no fault to find with him as teacher.

Perhaps, on account of his knowledge of his mother tongue, he was better able to impart to the very young who were totally ignorant of English, the rudiments of education than a white teacher could be.

The Chief, who is unable to write, and who has a large correspondence to attend to on account of his being Grand Chief of the whole province, found Mr. Bernard very useful as his secretary. Hence, I believe, his anxiety to have him engaged as teacher.

I think it would be well for your Department to plainly tell the Chief the limit of his jurisdiction in matters like this. I have nothing but praise for the Chief. He does all he can for the good of the tribe. His word is law to them. But he should be told that he cannot ignore your Department in a case like this.

MEMORANDUM:For the Deputy Sup't. General.

On the 26th. August last a letter addressed to the Rev. Mr. Cameron by Grand Chief John Denny of Eskasoni, was received in the Department without any covering letter. Chief Denny recommended the appointment of Mr. Chas. Bernard as teacher of the Indian School on that Reserve. As no intimation had been received of the intention of Mr. Bogle, who was in charge of the school, to resign, Mr. Cameron was informed that if Mr. Bogle decided to resign, the question of appointing his successor would be considered then. On the 26th. September last Chief Denny wrote the Department stating that he had appointed Mr. Bernard as teacher of this school, and Mr. Agent Cameron also enclosed a letter addressed to him by the Chief also advising him of his having appointed Mr. Bernard. The Chief had no authority to appoint Bernard or to ask for the resignation of Mr. Bogle, and Mr. Cameron took the proper course when he closed the school to await the Department's instructions with regard to Bernard's appointment.

Mr. Cameron says he had nothing to do with this appointment: and in fact he told Mr. Bernard when he spoke to him about the school that he would neither recommend his appointment to the Department nor sanction it in any way, on account of the unsatisfactory manner he had dealt with his creditors when he was formerly employed at Eskasoni as teacher. Bernard was dismissed from this position of teacher of the Burnt Church School at the end of June quarter last by your direction. The Agent says that Bernard makes himself useful to the Chief, who has great influence over the Indians, but is unable to write and finds Bernard's services as secretary very useful. He also says that he had no fault to find

with Bernard as a teacher: but Bernard proved himself to very inattentive to his duties while at Burnt Church and cost the Department no end of trouble while he was previously at Eskasoni. It would ~~be a question whether it would be~~ ⁱⁿ advisable to re-engage him, and I agree with the Agent that the Chief should be told plainly that he had no right to take upon himself any appointment of this kind. I would suggest that the Rev. Mr. Cameron, our Agent, be instructed to look out for a new teacher.

Dear Sir:

I received your favour of the 28th Inst. and reference thereto I beg leave to say that as soon as your Department notified me that you were not going to engage Mr. Bernard this year for the Eskasoni School I advised the Chief thereof. At the same time I wrote to Dr. Thompson, Rector of St. J. L. College Antigonish, to ascertain if any among the hundred or more students there, who held a licence to teach, would take charge of this school.

The reply was that none wanted to break up his class now, as it would interfere with that year's course. The young man who taught there last year, and who is in College now, would have gladly re-engaged there only that the Chief told him, at end of the last term he taught, that he had arranged with Mr. Bernard to teach there this year. But now that he entered College, he would not leave this year.

I then spoke to the inspector of schools for this County to know if he could direct to find any competent person.

He said that earlier in the year he had a few applicants, but that he did not know of any more. I then drove over to Eskasoni to see the Chief about engaging Rodnick Mac Millan for the balance of the year - he was an old teacher who taught there for about twenty years. The Chief was not home that day, but I told his son my errand, and to tell his father to write me when he would come home from St. Peter's. I have not heard from him since on the subject, and I do not believe there would be any use to hire a teacher without his consent, or against his will. He would only have to raise his finger, and not a child on that reserve would go to school.

Chief John Denis of Eskasoni has been agitating for the appointment of Mr. Bernard as teacher of the School on that Reserve. Bernard was dismissed from the Burnt Church School for the unsatisfactory manner in which he performed his duties, and Mr. Agent Cameron was notified not to engage him for Eskasoni, the Chief was also informed that Bernard's services would not be accepted. Bernard is writing the letters for the Chief and makes a strong plea for reinstatement. Mr. Agent Cameron writes under date of 23rd., ultimo that he does not believe there will be any use in engaging a teacher without the consent of the Chief or against his will, as he would only have to raise his finger and not a child on the Reserve would go to School. They are at present without a teacher in this Reserve, and if no one but Bernard would satisfy the Chief, they might just as well have the School closed. I would suggest that the Agent be instructed to notify the Chief that until he consents to some other person than Bernard being placed in charge of the school it will have to remain closed.

I have to acknowledge the receipt of your letter of the 25th inst. reporting that you have secured a teacher for the Indian school at Eskasoni, and in reply I beg to say that the Department is pleased to learn that Chief John Denis has withdrawn his opposition to this school being placed in charge of anyone but Charles Bernard, and the Department approves of your appointing Mr. John F. Beaton, who is evidently the young man referred to by you, though you omitted to mention his name in your letter, as teacher of this school. His salary is to be at the rate of \$300 per annum.

Considering the fact that the teacher here does not draw any other salary from the Local Government Authorities, I think it is only fair that he should be put on the same footing, for instance, as the teacher in the Indian school at Sydney, who draws in all, over Three hundred dollars.

I have to walk over five miles a day, this is just as much other work, it is just as unpleasant.

I came here more at my friends bidding than induced by salary - but men cannot live on charity.

I heard that the senators and in fact nearly every Government official, as well as other labourers have received an increase in wages since a few years.

I think it is now the time of the Indian teacher to demand living wages. At present this school draws Three hundred - that is Two hundred less than the teacher in the Sydney Indian school gets. Make it Four hundred a year and I'll be satisfied.

Hoping that you will see right to grant me this increase, and kindly add to my salary on first return.

To the Department of Indian Affairs
(Ottawa)

Sir,

Some time ago I was induced by a friend, who had the interest of the Indian school of Eskasoni at heart, to teach here for some time, as the Chief had failed to get a teacher to keep the school open, so as to give a chance to the Indians growing up to acquire elementary knowledge, and especially to prevent them from falling into the bad habit of staying away from school, which they certainly would acquire if the school was closed for any length of time.

This friend of mine and the Chief wrote me asking me if possible to go to teach there for some time - and if the salary was low to make an application for a decent living salary, to the Department of Indian Affairs. This Indian school is quite different from the other Indian schools in Cape Breton and other Counties, in so much as it does not draw any Provincial or County Grant. Why it is so I do not know.

The salary paid by the Dominion Government is three hundred dollars a year, and that is all the income a teacher has who teaches here.

Department of Indian Affairs,
Ottawa, March 30, 1906.

The Deputy Superintendent General:-

Mr. John F. Beaton, teacher of the Eskasoni school, has applied for an increase of salary. He is at present in receipt of \$300 per year, and although he makes out a good case I do not see how the Department can pay him more without making an all-round increase.

Mr. Beaton is mistaken in his statement that the teacher of the Sydney school is in receipt of \$500 per annum. The Department only pays that school \$300 now, although for one year it paid Miss Connolly \$300 as teacher and \$100 as field matron, but after her resignation the field matron salary was dropped.

None of the Indian school teachers receive any of the Nova Scotia provincial grant; this was withdrawn about two years ago, and we have time and again explained to the agents and teachers that this Department has no connection with the provincial school system and that we have no claim on them for any grant. The engagement of the teacher is made with this Department and they know what they are going to receive when they accept the position and have no claim for any more. Of course the present salary is low, and unless, as I said before, a general increase is made, I do not see how an exception can be made in Mr. Beaton's favour.

Sir,-

I have to acknowledge the receipt of your letter of the 21st ult. applying for an increase of salary as teacher of the Eskasoni Indian school, and in reply I beg to say that the Department cannot at present make any increase.

You are mistaken in your statement that the teacher of the Indian school at Sydney, C.B., is in receipt of a salary of \$500 per annum. This Department only pays \$300, which is the highest salary paid to any of the teachers in the Maritime provinces. In fact, it is the usual salary paid to Indian school teachers, and until some readjustment takes place, it will have to be adhered to for the present.

Dear Sirs;

I hope you will not
deem it inexpedient for me to ask
you for some increase in the
salary paid to the teachers of the
Indian government school at
Eskasoni, Cape Breton Co.

If the school were situated where
one could obtain board within
a quarter of a mile, there would
not be such need for complaint;
but when one has to walk a
distance of three and a half miles
every morning and evening to
the nearest Scotch house making
a distance of seven miles to walk
there is sufficient cause.

Again you have to force yourself on
the nearest house, and prevail on

and as a result you must be content to pay a board bill at whatever price is asked.

Again one could get along all right in the summer months but during the fall and winter, you must be up before daylight to reach school at the required hour, and also the school is pretty old and cold to spend the winter hours in.

Besides in this school, the teacher does not get one cent of provincial grant over his salary. This is equal to a second class teacher; if he teaches the full no of days amounts to \$120 in this province. That taken off this school's salary would only leave \$180 a salary which the poorest school section in the province can boast over. If the salary could be raised to \$400; then I should consider that it would satisfaction for the hardships which one has to undergo.

I appeal to you once more to think this matter over and give it some consideration.

Rev. Sir,-

The Department is in receipt of a letter from Mr. Dan J. McDonald, who claims to be the teacher at Eskasoni Indian school, asking that his salary may be increased.

As there is no record of Mr. Beaton's resignation or the appointment of Mr. McDonald, the Department would like to have a report from you as to why these changes took place without its being consulted. If Mr. McDonald was engaged by you, you should state upon what terms, as he claims that he accepted the position on the understanding that he would draw the provincial grant in addition to his salary.

Dear Sir,

I am in receipt of your letter of 12th Inst. I reference thereto I beg leave to say there was no understanding between myself and Mr. Dan J. Mac Donald about any Provincial grant. I was not aware that Mr. Beaton was going to give up the school until he called on me on his way home, and told me that he was not going to teach there any longer. He did not feel well. When this young man spoke to me about ^{the} school I told him ^{the} salary your Department paid the last two teachers that taught there, and also that I felt sure he would be paid the same, as he held a higher grade than either of the others. I did not mention anything about a provincial grant; it never occurred to me. Yet it may be possible that he was under the impression that, besides the the grant from your Department, he would draw a provincial salary according to his grade. Of this I know nothing.

Dear Sir,

Yours of the 11th inst is received. With reference to the resignation of Mr McDonald and the appointment of Mr McKenzie as teacher of the Ekhasag School I may say that about the end of last term Mr McDonald was undecided as to whether he would re-engage or not. At any rate he said nothing to me about it. It was only shortly before Mr McKenzie spoke about the school that I was fully aware that Mr McDonald had resigned. I admit I made a mistake in not notifying the Dept. as to the resignation of Mr McDonald and the appointment of Mr McKenzie as teacher at Ekhasag. The latter asked me what the salary would be. I told him I wasn't sure, but that he (being a qualified teacher) would likely receive the same as his predecessor. On those terms Mr McKenzie accepted the school. I may have something to say regarding him later.

3. As to the application for an increase in the teacher's salary I beg to say that the present teacher, Mr. A. When the Inspector called at this school last term the teacher was absent through illness and he was, therefore, unable to report on his efficiency, but, as the increase asked for, \$25.00 is small and as he has had previous experience I would recommend that it be granted, if the next inspection report is favorable. In fact, I think where the teachers in Nova Scotia are doing good work they should all receive some pecunary recognition of their services.

My husband the late R D McMillan was engaged as Teacher for upwards of twenty two years by Indian department - Ottawa Teaching the Indians of Esthonia Reserve. I think in the year 1900 he gave up the school in favour of one of the brie who was qualifying for the position. I understand there is an allowance or pension allowed to Widows whose husbands have been engaged by the Indian department - as Teacher for upwards of twenty one years. I may say my late husband spent the best part of his life Teaching the Indian School where he retired. I had a hard struggle to support our family. I never received any extra allowance or pension from the department - from the year 1900 until the time of his death, hoping my dear friend you will be pleased to place my claim before the Minister of Indian department - Ottawa & get the allowance or pension as since my poor husband I have had a hard struggle to support my family.

Mr. D.D. McKenzie, M.P. Cape Breton, incloses a letter from Mrs. Roderick McMillan, widow of a former teacher of the Indian school at Eskasoni, applying for a pension.

She is under the impression that the Department makes provision for the widows of teachers of Indian schools after twenty years' service. I may say that there is no such provision made and the most the Department has ever done for teachers who have been a long time in its service has been to grant them a lump sum as a bonus on retirement.

Mr. McMillan taught for twenty-one years continuously with fair success and, had he applied for a bonus at the time of his retirement in 1900, it would most likely have been considered favourably. He did not do so and no grant was made.

It is for the Department to say whether after the lapse of time since his retirement it would be willing to make a grant to his widow in recognition of his services. If it felt disposed to do so, \$150.00 would be about the amount she might be given on the basis of the grants already made to other teachers who have received bonuses on retirement.

The Government has never made any provision for either the superannuation of Indian school teachers or pensions for their widows or children. The estimates of this Department simply provide the necessary funds for the payment of teachers' salaries while in its employ.

Sir,

The new school is a beauty. The woods by which it was surrounded has been cleared away. This will render it safe from destruction by forest fire. Mr. A. J. McKenzie, who is in charge of this school, is a good teacher. He has been engaged in the teaching profession for 30 years, and taught nearly all this time in his native district noted for its good schools. This fact alone speaks volumes as to his work. The attendance is very irregular because of the straitened circumstances of the people this year. The usual answer to the question "what is keeping you from school" is "No bread".

Sir,-

The Department is in receipt of a report from Mr. J. J. McKinnon, Indian Agent, in which he speaks in very high terms of the work being performed by you in the Eskasoni school.

There is, however, one regrettable feature; that is the irregular attendance. The Department is very anxious that these Indians should take advantage of the facilities provided to educate their children and trusts that you will use your influence with the parents. The experience of the Department has shown that very much depends upon the personality of the teacher. If he succeeds in obtaining the confidence of the parents, the greatest obstacle to good attendance is overcome. The Department would be glad, therefore, if you would visit in the homes of the Indians and make an effort to induce them to send their children regularly, pointing out the advantages that will accrue to them and using any other means you may consider advisable.

Trusting that a later report will show a decided improvement,

Referring to that portion of your letter of the 17th ult. in which you deal with school matters on the Eskasoni reserve, I beg to say that the Department ~~is~~ is glad to learn that the new buildings and surroundings are so satisfactory but regrets to learn that the Indians are not apparently appreciating all that has been done for them, as is shown by the irregular attendance.

The Department would like to see them take the fullest advantage of the facilities provided to enable their children to obtain a good education, and would like you to use your influence with them, which, the Department is convinced, would have a beneficial effect.

The Department trusts that the combined efforts of the teacher and yourself will show a decided improvement in respect to attendance and a further report from you at a later date will be gladly received.

Sir

In reply to yours, No 117552/1, of the 11th inst. I beg to say that the Agent, Mr J. J. McKinnon and myself have given a good deal of attention to the question of how to secure larger and more regular attendance at the Indian School of Eskasoni. During the two days that Mr. McKinnon spent this week visiting the Reserve in the interest of the Department, we had a talk over this question with the parents of children in school age, pointing out to them the many benefits that education would confer upon their children; and in addition to this we told the pupils that at the end of every quarter prizes would be given for regular attendance, progress, and good conduct. The plan promises to be productive of good results, for the attendance has risen from 9 to 17 during the week. Now, the question is will this

Department allow about \$2.00 every quarter for the purchase of some useful little articles to be given as prizes; I trust that will.

I have sent the Agent a requisition asking for a cupboard and a settee. I have no place to store books, slates, copies, etc, and the result is that a lost gets spoiled or destroyed. And a settee would come handy on rainy days, ~~to~~ when the pupils need some place to sit upon at the stove while their clothes are wet. These articles would cost only about \$5.00 altogether.

I have not received, as yet, the copies, drawing books, reading books, pens and slates for which I sent a requisition long ago. We need these very much.

I have to acknowledge the receipt of your letter of the 22nd instant, and in reply I beg to say that, with reference to the inducement to be offered for regular attendance at the Eskasoni School, the Department will be prepared to make a grant for prizes to the deserving pupils to the extent of \$2.00 at the end of the current quarter, March 31st, and also on June 30th, next. If at the end of that time experience shows that the giving of these prizes is having the desired effect the Department will be prepared to make a further grant at the end of the December quarter. It is not thought necessary to provide prizes on September 30th, as, in any event, the school will only be opened for about six weeks during that quarter. You will be good enough to report on this matter at the end of the March quarter before incurring any further expenditure.

Mr. Agent McKinnon has been authorized to purchase the cupboard and settee asked for by you at a cost of \$5.00.

Sir,

Your letter, No 117552/1, dated Jan. 29th 1910, came duly to hand and contents noted. It gives me great pleasure to find the Department willing to make a grant of \$2.00 per quarter for prizes to the deserving pupils of Eskasoni School. I feel confident that larger and more regular attendance will be the result of this plan.

In regard to the stationery asked for in November, I have received as yet only 2 maps, 1 dictionary, 6 arithmetics, 1 box slate pencils, 1 dozen lead pencils and a box of ink powder. Agent McKinnon assures me that he has sent you lately the paper I furnished him giving the names of the series of copy and drawing books asked for. He is taking steps to purchase the slates. I received the brown and the stove pipe long ago.

Yours truly

Sir.

At the beginning of the quarter ended the 31st ult, the Agent and myself decided to offer prizes to the pupils making the best attendance at this school. The Department has kindly agreed to grant the sum of \$2.00 for this purpose. The plan has worked well. The average daily attendance rose from 5.4 during the preceding quarter to 13.1 during the quarter just closed. I am offering the same inducement for good attendance during the coming quarter and I trust that result will be equally satisfactory.

Dear Sir,

Rev. Father Pacifique, of Restigouche, N.B. is giving a ten days mission at Eskasoni. All the Indians, old and young, are attending these missions which are given twice a day, at 9. A.M. and 3. P.M. A great many of the Indians of the other Reserves of this Province are also attending. As all the pupils left, I had to close the school until the missions are over.

About three weeks ago I received 15 small books in Micmac language which I thought at first that they were the Catechism, but they are "Sacred History". Kindly send the Catechism in Micmac if you have them in stock.
